

Zig Zag Track (Butler Downs) :units 1 - 5

striated boulder in unit 4

outcrop of Unit A over unit 5

unit 5-clast supported boulder

striated boulder and iron stained cobble

finely laminated silt - unit 2

outcrop of lower units zig zag road

2nd rock outcrop capped by degradation gravel

bedrock outcrop 25 m up track

Zig Zag Track (Butler Downs) :units 6 - 9

unit 8 in foreground and looking down track to units 6 & 7 (see below right)

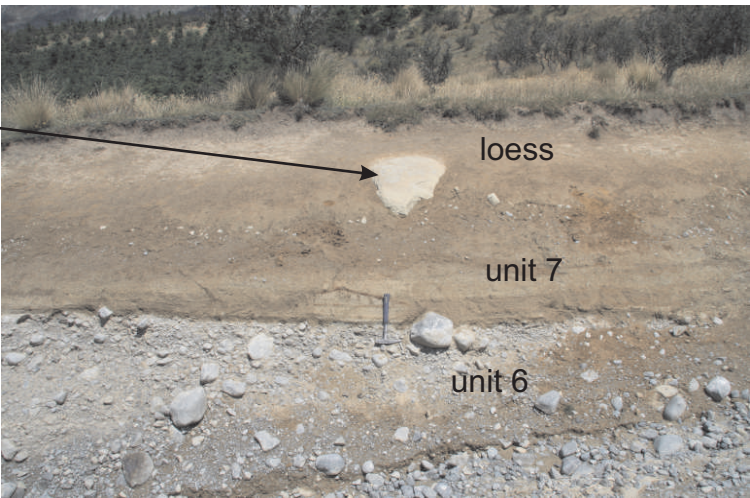

unit 9 gravels on right and looking down track towards unit 8

unit 9 gravels

unit 6

unit 7 overlying unit 6 gravels

close up of laminations in unit 7

Zig Zag Track (Butler Downs) :units 10 - 12

unit 12 - silty beds with small scale brittle deformation

view of shear at diamicton silt contact - unit 12

top outcrop at zig zag - unit 11?

deformed silt bed in Unit 11

diamicton of unit 12, showing ductile flow

unit 10

interbedded sands  
gravels and silts  
in unit 12, showing  
irregular bedding &  
brittle + ductile  
deformation

unit 12 and view down track towards underlying units 11 & 10

unit 12?

unit 11?

unit 10?
