### Power Over Presence: Women's Representation in Comprehensive Peace Negotiations and Gender Provision Outcomes Elizabeth Good Appendix

## A.1) Qualitative Summary of Provisions

Type of Provision	Examples	Provision Frequency*
Equality on the basis of gender	"All human beings are equal before the law regardless of race, ethnic origin, geographical origin, sex, religion, political affiliation or social status." (Central African Republic, 2013)	29%
Anti- Discrimination on the basis of gender	"The enjoyment of the rights and freedoms provided for in this Article or in the international agreements listed in Annex I to this Constitution shall be secured to all persons in Bosnia and Herzegovina without discrimination on any ground such as sex, race, color, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth or other status." (Bosnia and Herzegovina/Yugoslavia (former), 1995)	43%
Socio- Economic Provisions	"Deliberate promotion of compulsory primary education that ensures gender parity through joint financial support from the State and the communes." (Burundi, 2000) "Under conditions determined by law, suffrage is universal, equal and secret. It can be direct or indirect. Under conditions determined by law, all Comorians of both sexes can vote in enjoyment of their civil and political rights." (Comoros/Anjouan, 2001)	43%
Condemnation of GBV / SBV	"We agree as follows: To end violence and cruel treatment against women" (Central African Republic, 2020)	29%
GBV / SBV Ceasefire Violation	"The Parties agree that this immediate, complete, and irrevocable cessation of hostilities commits them to scrupulously refrain from: (d) Any act of violence against women and girls, or of sexual or gender-based violence." (Central African Republic, 2019)	7%
Citizenship Rights	"Anyone who is born to an Iraqi father or to an Iraqi mother shall be considered an Iraqi. This shall be regulated by law." (Iraq, 2005) "Women, children, as well as men have equal rights to obtain all necessary identity documents and have the right to have such documents issued in their own names." (Sudan/Darfur, 2011)	16%
Consent to Marriage	"A marriage shall not be legal without the free consent of both the man and the woman, or if either party has not reached the age of maturity." (Somalia, 2012)	9%
State Funding for Women- Specific Issues	"Set up appropriate and specific structures which can enable women to gain access to credit, micro-finance and the business world" (Democratic Republic of Congo, 2003) "The State shall provide maternity, child care and medical care for pregnant women, children in need, persons with special needs and the elderly, in line with regional and international instruments ratified by the GoS." (Sudan/Darfur, 2006)	26%
Women's Representation	"The authorities shall guarantee the adequate and effective participation of women in the decision-making ranks of the public administration." (Colombia, 1991) "A publicity campaign to promote the recruitment of new personnel for the National Civil Police shall be designed and implemented as soon as possible. Special consideration shall be given to the recruitment of women. (El Salvador, 1992)	57%
Judicial Reparations for Survivor- Victims	"Compensation and Reparations Protocol Individuals and groups affected by the conflict in Darfur, including male and female survivors of rape, victims of physical, mental, and psychological injuries or those who lost their property or whose basic rights were violated." (Sudan, 2020)	6%

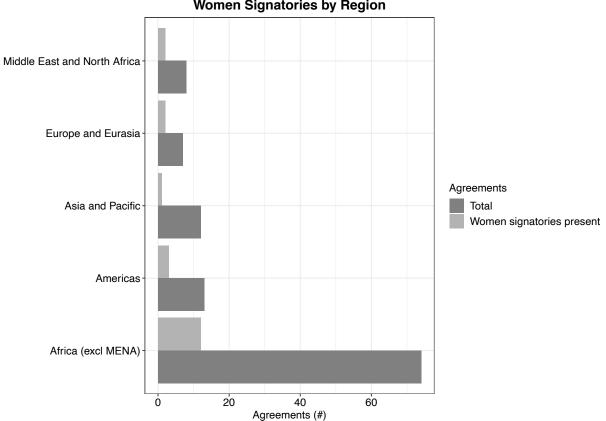

<sup>•</sup> Percentage is determined by dividing the number of agreements containing the specific type of provision by all comprehensive agreements *that contain provisions for women*, not all comprehensive agreements finalized between 1990 and 2021.

A.2a) Regional distribution of 116 comprehensive peace agreements finalized between 1990 and 2021

**Comprehensive Agreements by Region** 

A.2b) Regional distribution of women signatories across 116 comprehensive peace agreements finalized between 1990 and 2021

Women Signatories by Region

A.5) To mitigate confounders, I control for the following variables:

<sup>1</sup>Teen Pregnancy is defined as girls and women between the ages of 15-19 who have had children or are currently pregnant. <sup>2</sup>I use data issued by the US State Department because it reports the highest rates of sexual

violence.

A.14b) Women's involvement and references to socio-economic provisions. GLM Regression:

I find no significant correlation between women's involvement and socio-economic rights, including rights to education, property, work, health, or access to water. A.14b shows complete bivariate models.

Dependent variable:
