

Domnich, I. and Evenden, M. 2026. The status of agricultural entomology extension in Alberta, Canada: perspectives of extension professionals and development of a map to virtual extension tools. *The Canadian Entomologist*, **158**: e2610008.

Supplementary material, File S2. Providers of entomological outreach information for inclusion in the online entomological outreach map. Providers are divided into different categories: academia (universities and colleges), applied research associations, crop commissions (producer-led organisations), government (Alberta and Canada), news outlets, and private agricultural industry. Tick marks indicate the type of outreach information disseminated by providers.

Extension effort or provider	Category	Chemical control options	Insecticide information	Instructions for insecticide use	Physical and cultural control	Biological control information	Insect ID and biology	Environmental enhancement	Economic thresholds	Monitoring information	Pollinator health and protection	One-on-one help	Events	Current research	General insect news	Public educational	Website URL
