

Supplementary file 2: Microphotographs of collected monogenean species

Fig. S1 *Dactylogyrus anoigeus* n. sp. ex *Acanthobrama marmid*. Microphotograph of (a) the haptoral structures and (b) the male copulatory organ and vagina.

Fig. S2 *Dactylogyrus medicus* n. sp. ex *Garra rufa*. Microphotograph of (a) the haptoral structures and (b) the male copulatory organ.

Fig. S3 *Dactylogyrus regius* n. sp. ex *Chondrostoma regium*. Microphotograph of (a) the haptoral structures and (b) the male copulatory organ and vagina.

Fig. S4 *Dactylogyrus rivalis* n. sp. ex *Squalius lepidus*. Microphotograph of (a) the haptoral structures and (b) the male copulatory organ and vagina.

Fig. S5 Microphotographs of the newly-described *Gyrodactylus* spp.

- (A) photo illustrating haptor of *G. azeezsaeedi* n. sp. ex *Squalius berak*;
- (B) photo illustrating haptor of *G. blazeki* n. sp. ex *Alburnus* sp.;
- (C) photo illustrating haptor of *G. iraqemembranatus* n. sp. ex *Paracapoeta trutta*;
- (D) photo illustrating haptor of *G. jurajdai* n. sp. ex *Chondrostoma regium*;
- (E) photo illustrating haptor of *G. mhaiseni* n. sp. ex *Alburnus sellal*;
- (F) photo illustrating haptor of *G. sandai* n. sp. ex *Capoeta umbla*;
- (G) photo illustrating haptor of *G. satanicus* n. sp. ex *Garra rufa*;
- (H) photo illustrating haptor of *G. vukicae* n. sp. ex *Garra rufa*

Fig. S6 Microphotographs of the collected Dogielius spp.

- (A) photo illustrating haptor+MCO+Vagina of *Dogielius molnari* ex. *Cyprinion macrostomum*;
- (B) photo illustrating the haptor of *D. mokhayeri* ex. *Paracapoeta trutta*;
- (C) photo illustrating MCO+Vagina of *D. mokhayeri* ex. *Paracapoeta trutta*;
- (D) photo illustrating the haptor of *Dogielius cf. persicus* ex. *Carasobarbus luteus*;
- (E) photo illustrating MCO+Vagina of *Dogielius cf. persicus* ex. *Carasobarbus luteus*
