Dear Professor Easter,

I hope you are doing well!

I have written an article called "'No Now, No Then, No Here, No There': The Inner World of Undine Smith Moore", which has been accepted for publication in the Journal of the Society for American Music. The publication is a special issue on the theme of Music, Memory, and Nostalgia, which is planned for volume 19, number 4 [Nov 2025].

I am writing to request permission to include the images from your mother's archive that I have attached to this document here. (I have also attached the article here.)

With best wishes and gratitude,

Samantha

Dear Samantha,

What a marvelous thesis you have researched and written on my mother! Not only do I give my wholehearted permission for publication, I feel honored to recognize her words quoted by you and the events of her artistic life so beautifully contextualized. Bravo!. I'm eager to see it in print. I can't think of anyone who could write this so well and who also could analyze the score minutely as a performing artist! Again, Bravo!

I wish you the artistic and academic success such a work as this points toward.

With gratitude for your excellence,

Mary (Moore) Easter
