	episodes	
	Total duration of subsidized employment episodes	
	Number of job seeking episodes	Seeking tot.
	Total duration of job seeking episodes	Seeking tot. dur.

Table A.1: List of predictors

Mean duration of job seeking episodes	
Industry individual worked in for the longest time (14	
dummy variables)	
Days since last employment, categorized (3 dummy vari-	
ables)	
Days since last labor market contact, categorized (4	
dummy variables)	
Days since last labor market contact (full-time), catego-	
rized (4 dummy variables)	
Time since last unemployment spell, categorized (6	
dummy variables)	
Maximum of skill-level required for all employment	
episodes, categorized (4 dummy variables)	
Total duration of employment episodes, scaled by age	Emp. tot. dur. by age
Total duration of employment episodes, scaled by age	Emp. con dan of age
one job, scaled by age	
Total duration of marginal employment, scaled by age	
Total duration of full-time employment episodes, scaled	Full-time tot, dur, by age
by age	i un time tott dur. by age
Total duration of fixed-term employment episodes scaled	Fixed tot dur by age
by age	i mea tott aan. Sy age
Total duration of temporary work episodes scaled by age	
Total duration of ALG II benefits receipt episodes, scaled	LHG tot dur by age
by age	Life tot. dui: 5, age
Total duration of ALG I benefits receipt episodes, scaled	LEH tot. dur. by age
by age	
Total duration of labor market program participation	
episodes, scaled by age	
Total duration of labor market program participation	
(activation) episodes, scaled by age	
Total duration of subsidized employment episodes, scaled	
by age	
Total duration of job seeking episodes, scaled by age	Seeking tot. dur. by age
No information about previous jobs available	0
Duration of last job	
More than one job at last job	
Inflation deflated wage of last job	
Innation-denated wage of last job	Last job wage
Type of last job	Last job wage
