Percent					
Adults	45.2%	58.6%	65.9%	47.8%	57.4%

Note: The numbers of individuals in each age category are derived from the table of inhumation burials in Appendix B (Van Gerven and Sheridan 1994). Time period assignments were derived from Table A.1 (Mitchell 1994).

^a Years or general age category as listed in Appendix B.

^b Juveniles = 0–19 years; adults = 20 years or older.
