## Presenting clinical details

1. Did this young person present with one or more motor or sensory symptoms not medically explained by history, physical examination or investigations (excluding primary fatigue/malaise presentations)?

Yes  No

2. Is there evidence that the symptom(s) have been intentionally produced by the child?

Yes  No

3. Has any of the symptoms lasted 7 days or longer?

Yes  No

4. Is this the first episode of Conversion Disorder (i.e. medically unexplained motor/sensory symptoms)?

Yes  No, recurrence  Not Known

If a recurrence, how many previous episodes?:.....

5. Is there a history of any of the following psychiatric conditions diagnosed by a psychiatrist in this child prior to onset of this episode of conversion disorder?

|   |                              |                             |                                    |
|---|------------------------------|-----------------------------|------------------------------------|
| Depressive disorder                                     | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any anxiety disorder                                    | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| School phobia   | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Conduct or oppositional defiant disorder                | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Bipolar Affective Disorder                              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any Psychotic illness                                   | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Post-traumatic stress disorder                          | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Attention deficit hyperactivity (hyperkinetic) disorder | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Autistic Spectrum Disorder                              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any other mental disorder (please state):               | .....                        |                             |                                    |

6. Is there another current psychiatric condition diagnosed by a psychiatrist in this child?

|   |                              |                             |                                    |
|---|------------------------------|-----------------------------|------------------------------------|
| Depressive disorder                                     | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any anxiety disorder                                    | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| School phobia   | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Conduct or oppositional defiant disorder                | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Bipolar Affective Disorder                              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any Psychotic illness                                   | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Post-traumatic stress disorder                          | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Attention deficit hyperactivity (hyperkinetic) disorder | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Autistic Spectrum Disorder                              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any other mental disorder (please state):               | .....                        |                             |                                    |

7. Is there a history of a medical condition requiring paediatric inpatient and or outpatient consultation in this child in the one year to onset of Conversion disorder?

Please state what medical condition and indicate if still active at time of diagnosis of Conversion Disorder?

| Medical condition | Indicate if still active     |                             |                                    |
|-------------------|------------------------------|-----------------------------|------------------------------------|
| _____             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| _____             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| _____             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| _____             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

## Family History Details

**8. Is there a history of psychiatric disorder in a biological or step-parent or biological or step-sibling of this child currently or within a year to the onset of this episode of conversion disorder?**

|                                |                              |                            |                             |                                    |
|--------------------------------|------------------------------|----------------------------|-----------------------------|------------------------------------|
| Depressive disorder            | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any anxiety disorder           | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Bipolar Affective Disorder     | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Any Psychotic illness          | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Alcohol and or drug dependence | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Posttraumatic stress disorder  | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Conversion disorder            | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

Any other mental disorder (please state condition and which relative(s) are affected):

.....

**9. Is there a history of medical disorder requiring outpatient and or inpatient treatment in a biological or step parent or biological or step sibling currently or within a year to the onset of Conversion disorder in this child?**

|                              |                              |                            |                             |                                    |
|------------------------------|------------------------------|----------------------------|-----------------------------|------------------------------------|
| Asthma                       | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Diabetes Mellitus            | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Arthritis                    | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Epilepsy                     | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Neurological except epilepsy | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Cancer of any type           | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Heart Disease of any kind.   | Yes <input type="checkbox"/> | Relationship to child----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

Any other physical disorder (please state condition and which relative(s) are affected):

.....

## Clinical details

**10. How long was the period between the first appearance of a typical symptom or sign of conversion disorder to confirmation of the diagnosis?**

<1 week     ≥1week to <1 month     ≥1 month to <6 months     ≥12 months

**11. Has the child experienced any of the following life stresses within a year to the onset of this episode of conversion disorder?**

|   |                              |                             |                                    |
|---|------------------------------|-----------------------------|------------------------------------|
| Parental separation                       | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Death of a relative or friend             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Bullying requiring school action          | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Abuse requiring Social Services referral  | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Hospital admission of a parent or sibling | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| School examination e.g. 11 plus, GCSE     | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Break-up with a best friend               | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

Any other stress you consider significant (please state):

.....

## Main symptoms at presentation and after diagnosis

**12. Please indicate which of the following feature(s) had been present for up to 7 days from when the child first presented until the time the diagnosis of this episode of conversion disorder was confirmed?** (tick as many features as apply and include features that may have resolved after 7 days)

|                            |   |                             |                                    |
|----------------------------|---|-----------------------------|------------------------------------|
| Pseudo seizure             | Yes <input type="checkbox"/>                            | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Motor weakness             | Yes <input type="checkbox"/> Please describe site-----  | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Paralysis                  | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Abnormal movements         | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Hearing disturbance        | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Visual disturbance.        | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Abnormal or loss of speech | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Diminished consciousness.  | Yes <input type="checkbox"/>                            | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

### OTHER ASSOCIATED FEATURES

|  |   |                                   |  |
|--|---|-----------------------------------|--|
| Pain   | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Fatigue  | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Anaesthesia / Paraesthesia   | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Dysphagia (including lump in throat).  | Yes <input type="checkbox"/> Please describe -----      | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Vomiting   | Yes <input type="checkbox"/>                            | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| La belle indifference (e.g. marked lack of concern in the child about severity of symptoms / signs). | Yes <input type="checkbox"/>                            | Possibly <input type="checkbox"/> | No <input type="checkbox"/> Not Known <input type="checkbox"/> |

Any other feature not mentioned.  
.....

**13. Please indicate which of the following features subsequently appeared after the diagnosis of this episode of conversion disorder had been confirmed?** (include any features that appeared for the first time after the diagnosis had been confirmed and until the time of completion of this questionnaire)

|                            |   |                             |                                    |
|----------------------------|---|-----------------------------|------------------------------------|
| Pseudo seizure             | Yes <input type="checkbox"/>                            | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Motor weakness             | Yes <input type="checkbox"/> Please describe site-----  | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Paralysis                  | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Abnormal movements         | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Hearing disturbance        | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Visual disturbance.        | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Abnormal or loss of speech | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Diminished consciousness.  | Yes <input type="checkbox"/>                            | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

### OTHER ASSOCIATED FEATURES

|--|---|-----------------------------------|--|
| Pain   | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Fatigue  | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Anaesthesia / Paraesthesia   | Yes <input type="checkbox"/> Please describe site ----- | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Dysphagia (including lump in throat).  | Yes <input type="checkbox"/> Please describe -----      | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| Vomiting   | Yes <input type="checkbox"/>                            | No <input type="checkbox"/>       | Not Known <input type="checkbox"/>                             |
| La belle indifference (e.g. marked lack of concern in the child about severity of symptoms / signs). | Yes <input type="checkbox"/>                            | Possibly <input type="checkbox"/> | No <input type="checkbox"/> Not Known <input type="checkbox"/> |

Any other feature not mentioned.  
.....

## Investigations

**14. Please indicate if any of the following investigations were performed**

(if yes, please indicate site assessed where possible)

|                  |                              |                             |                                    |  | <b>If yes, site assessed</b> |
|------------------|------------------------------|-----------------------------|------------------------------------|--|------------------------------|
| EEG              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  |                              |
| Nerve conduction | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  | .....                        |
| MRI              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  | .....                        |
| CT scan          | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  | .....                        |
| X-Rays           | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  | .....                        |
| EMG              | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  | .....                        |
| Video telemetry  | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |  |                              |

Any other investigations not yet mentioned (excluding routine blood and Urine tests):

.....

## Management

**15. Did the child require admission to hospital for this episode of conversion disorder?**

Yes  No  Not Known

If the child has already been discharged, what was the total duration of hospital admission? ..... (days)

If the child has not been discharged, what is the total duration of admission to date? .....(days)

**16. Were psychotropic medications prescribed for another co-existing psychiatric disorder?**

Yes  No  Not Known

If "yes", please specify the medication(s) .....and the disorder(s).....

**17. Please indicate which of the following health professionals, services, or agencies have been providing care for this child during this episode of conversion disorder?**

|                           |                              |                             |                                    |
|---------------------------|------------------------------|-----------------------------|------------------------------------|
| General paediatrician     | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Paediatric Neurologist    | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Child Psychiatrist        | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Physiotherapist           | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Occupational therapists   | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Clinical psychologist     | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Educational Psychologist  | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Social worker             | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |
| Education (e.g. Teachers) | Yes <input type="checkbox"/> | No <input type="checkbox"/> | Not Known <input type="checkbox"/> |

Any other professional or agency not yet mentioned:

.....

## Thank you

**Thank you for completing this questionnaire. The investigations and treatment may be complete for this child, or there may be further tests or more information expected. If you believe this to be the case would you please indicate in the relevant boxes below.**

Information likely to be complete

Further information likely to become available

If further information is likely, when would be a suitable time for us to contact you again

3 months

6 months

12 months

Please give a means of contact (tel, fax, email, or address) and we suggest you retain a record of the child's identity so you can trace the notes when we contact you again
