## A2. Category system for empirical measurements

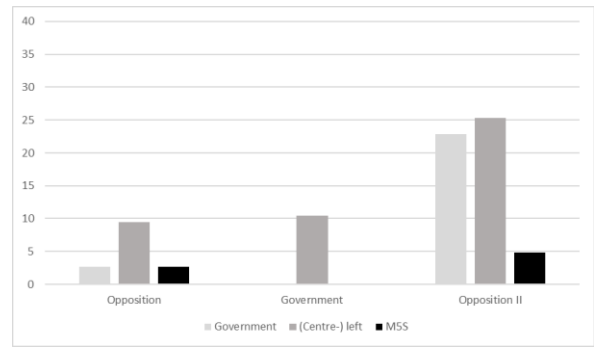

Category	Subcategory	Operationalisation	Example sentences
People-centrism (whole/single)	Positive character	People are morally sublime, intelligent; have good intentions.	Italians have always distinguished themselves [...] for their skills and competence. <sup>i</sup> (M5S 12/11/2016)
	Positive behaviour	People behave in a good manner; is responsible for positive/not responsible for negative developments.	All our respect and support to farmers and day labourers who struggle to dignify work in the fields. <sup>ii</sup> (Podemos 30/1/2020)
	Portrayed as victims/ unfairly treated	People is treated badly, is betrayed or not taken into account.	The real hostages are not the migrants but the Italians. <sup>iii</sup> (Lega 24/8/2018)
	Stating a monolithic people	People share common feelings, desires, opinion.	DI MAIO also wakes up late, the only one who has understood everything about the invasion in progress for years is Matteo Salvini, and the Italians know it. <sup>iv</sup> (Lega 6/8/2017)
	Demonstrating closeness to the people	Speaker trusts the people; acts in its interest, knows its will/desires; belongs to it.	Norbert Hofer at the "Gackern" in Carinthia - simply close to the people :-). <sup>v</sup> (FPÖ 16/8/2016)
	Demands for influence/control/ respecting; helping people's will	More influence on decision-making processes and control over the political elite; demands that improve the quality of life for the people: the people's will should be taken into account by politics.	For Norbert Hofer, direct democracy is an important substantive pillar of a positive future for Austria. It guarantees that the people can protect their interests in the course of a legislative period and can actively participate in substantive decision-making. <sup>vi</sup> (FPÖ 29/8/2016)
Messages against  (1) <i>The political elite</i> (whole/single)  (2) <i>Non-native outgroups</i>  (3) <i>Economic actors</i>	Negative character	Actors are evil, criminal, lazy, undemocratic, stupid, greedy etc.	(1) IT IS NEVER URGENT FOR THE CASTE TO CUT ITS OWN PRIVILEGES! <sup>vii</sup> (M5S 1/8/2017) (2) Vienna in particular spends hundreds of millions of taxpayers' money on immigrants from all over the world who neither want to integrate nor to provide for their own livelihood... <sup>viii</sup> (FPÖ 15/7/2018) (3) We can no longer trust these people [motorway operators]. <sup>ix</sup> (M5S 21/8/2018)
	Negative behaviour	Actors are responsible for negative/not responsible for positive developments/actions.	(1) This new-old government is making its debut with a new attack on democracy, our rights and the environment. <sup>x</sup> (Podemos 30/10/2016) (2) A Tyrolean woman of Turkish origin had repeatedly "borrowed" her mother's e-card for twelve (!) years so that she could receive medical treatment in Austria. <sup>xi</sup> (FPÖ 7/8/2018) (3) No more abuse, violence and harassment by lobbies. <sup>xii</sup> (M5S 3/8/2018)
	Privileged, powerful, preferentially treated	Actors are too rich, too powerful or get everything they want.	(1) Failed politicians are apparently also rewarded for their "non-performance" :(. <sup>xiii</sup> (FPÖ 30/8/2016) (2) The "refugee" who raped the disabled 13-year-old is free. <sup>xiv</sup> (Lega 20/8/2017) (3) The authorization of the signing of the free trade agreement [...], once again puts the interests of the privileged minority above those of the social majority. <sup>xv</sup> (Podemos 30/10/2016)
	Demands for less power/ privileges; more control/better behaviour	Less rights, decision-making powers and privileges; demands for disempowerment, removal/deportations, better behaviour.	(1) We have ideas for this country that go from abolishing the medieval privileges of the political caste to creating jobs. <sup>xvi</sup> (M5S 21/8/2017) (2) A burqa ban would be long overdue in Austria! (FPÖ 28/9/2016) <sup>xvii</sup>

			(3) It's time for those who have the most to tighten their belts. <sup>xxviii</sup> (Podemos 12/11/2016)
Anti-immigration messages	Negative evaluation of immigration	Immigration described as a problem; named with negative connoted words (“invasion”, “explosion”).	Immigration overtaxes our social security system. <sup>xxix</sup> (FPÖ 9/8/2016)
	Negative (current/future) consequences	Immigration leads to criminality, financial problems, terrorism, chaos etc.	The asylum chaos costs us around 802 million euros a year. Who will pay for all this? <sup>xxx</sup> (FPÖ 28/8/2016)
	Restricting immigration	Speaker claims that immigration should be restricted by controlling or closing the borders, not accepting immigrants, not providing residence permits etc.	It can only mean: a complete stop to illegal migration to Europe! <sup>xxxi</sup> (FPÖ 1/8/2018)
	Deportation	Speaker is in favor of deportations and sending foreigners out of the country.	We need to be able to bring the migrants back <sup>xxii</sup> (Lega 24/8/2018)
Antagonism: People/nation vs.	The political elite	Elite harms the people, treats them badly, does not act in their interests, has privileges that people do not have, should be controlled by the people	The only thing they [MPs] care about is having another 5 years in Parliament at the expense of the citizens. <sup>xxiii</sup> (M5S 24/10/2017)
	Non-native outgroups	Outgroups harm natives, treat them badly, have privileges that natives do not have, natives should be able to decide about the destiny of non-natives	The "refugee" who raped the disabled 13-year-old is free. <sup>xxiv</sup> (Lega 20/8/2017)

#### A4a. Examples of people-elite antagonisms in government and opposition (FPÖ)

	Opposition	Government
Whole people/ country vs. political elites/government	1/8/2016 SPÖ Chancellor Kern and his Social Minister Stöger are playing the tour guide to the domestic labor market and the domestic social system and <i>continue to invite all the countries of the world to dump their labor market problems on us in Austria.</i> <sup>1</sup>	16/8/2018 The two inform about the <i>red speculator deals with thousands of social housing at the expense of the Viennese.</i> <sup>2</sup>
	10/8/2016 In 2010, Van der Bellen was still a big fan of the Turkish ambassador when <i>he accused the Viennese of xenophobia.</i> <sup>3</sup>	23/8/2018 While <i>Mayor Ludwig is asking the Viennese to pay a hefty increase in electricity and gas prices, the immigrants let into the country by the SPÖ are cashing in.</i> <sup>4</sup>
	1/9/2016 At the end of August 2016, a total of 388,000 people in Austria were without a job :- (The labor market <i>policy of the federal government is negligent, irresponsible and unfair to Austrians.</i> <sup>5</sup>	3/9/2018 Apart from the fact that his [chancellor Kern's] statements are unprofessional and inappropriate, <i>he is damaging Austria's reputation!</i> <sup>6</sup>
	2/9/2016 Between January 2016 and June 2016, a total of 129,882 illegal residents were caught in Austria. <i>The red-black government is therefore not only presenting 'scam numbers' to the population - keyword upper limit - but is acting just as irresponsibly as it did last year under ex-Chancellor Faymann.</i> <sup>7</sup>	6/9/2018 Kern and his comrades are completely out of control. <i>Their deselection by the Austrians apparently hurts so much that they are now only positioning themselves as a party of lies.</i> <sup>8</sup>
Subgroups of the population vs. political elites/government	27/9/2016 While the red-black politicians mostly hide from the upcoming generation,	5/7/2018 Gerhard Böhm (district councilor in Vienna-Brigittenau) is a cook in the board of trustees of the Vienna Retirement Homes and has been a works councilor for twelve years. He

<sup>1</sup> SPÖ-Kanzler Kern und sein Sozialminister Stöger spielen den Fremdenführer in den heimischen Arbeitsmarkt und ins heimische Sozialsystem und laden weiterhin alle Staaten dieser Welt ein, ihre Arbeitsmarktprobleme bei uns in Österreich abzuladen.

<sup>2</sup> Die beiden informieren über die roten Spekulantendeals mit tausenden Sozialwohnungen auf Kosten der Wiener.

<sup>3</sup> 2010 war Van der Bellen noch ein großer Fan des türkischen Botschafters, als dieser den Wienern Ausländerfeindlichkeit unterstellte.

<sup>4</sup> Während Bürgermeister Ludwig die Wiener mit einer saftigen Strom- und Gaspreiserhöhung zur Kasse bittet, kassieren die von der SPÖ ins Land gelassenen Zuwanderer kräftig ab.

<sup>5</sup> Ende August 2016 waren in Österreich insgesamt 388.000 Menschen ohne Job :- (Die Arbeitsmarktpolitik der Bundesregierung ist fahrlässig, unverantwortlich und unfair den Österreichern gegenüber.

<sup>6</sup> Abgesehen davon, dass seine [Kanzler Kern's] Aussagen nivea- und stillos sind, schadet er damit dem Ansehen Österreichs!

<sup>7</sup> Zwischen Jänner 2016 und Juni 2016 wurden insgesamt 129.882 illegal in Österreich aufhältige Personen erwischt. Die rot-schwarze Regierung hält die Bevölkerung also nicht nur am ‚Zahlen-Schmäh‘ – Stichwort Obergrenze –, sondern handelt genauso unverantwortlich wie im letzten Jahr unter Ex-Kanzler Faymann.

<sup>8</sup> Kern und seine Genossen sind völlig außer Rand und Band. Ihre Abwahl durch die Österreicher schmerzt offenbar so sehr, dass man sich jetzt nur noch als Lügenpartei positioniert.

our young politicians celebrate together with Austria's youth.<sup>9</sup>

cannot understand the red scaremongering around working hours and also calls on the red trade unionists to attend to the real concerns of employees.<sup>10</sup>

---

22/8/2018

*Our pensioners, who have worked so hard for Austria, are immensely important to this government [...] The fact is: we have successfully repaired the pension cuts of the SPÖ-led predecessor governments.<sup>11</sup>*

---

23/8/2018

Renate from Lower Austria is one of many pensioners who have been let down by social democracy. She has worked hard all her life, yet everyday life is barely affordable. She is now more than happy with the FPÖ in government.<sup>12</sup>

---

4/9/2018

In SPÖ-led Vienna, an employee with a disability was forced to work up to 15 hours a day for several months in violation of the law.<sup>13</sup>

---

---

<sup>9</sup> Während sich die rot-schwarzen Politiker meist von der heranwachsenden Generation verstecken, feiern unsere Jungpolitiker gemeinsam mit Österreichs Jugend.

<sup>10</sup> Gerhard Böhm (Bezirksrat in Wien-Brigittenau) ist Koch im Kuratorium der Wiener Pensionisten-Wohnhäuser und seit zwölf Jahren Betriebsrat. Er kann die rote Panikmache rund um die Arbeitszeit nicht verstehen und fordert zudem die roten Gewerkschafter dazu auf, sich um die wirklichen Anliegen der Arbeitnehmer zu kümmern.

<sup>11</sup> Unsere Pensionisten, die so viel für Österreich gearbeitet haben, sind dieser Regierung immens wichtig [...] Fakt ist: Wir haben erfolgreich die Pensionskürzungen der SPÖ geführten Vorgängerregierungen repariert.

<sup>12</sup> Renate aus Niederösterreich ist eine von vielen Pensionisten, die von der Sozialdemokratie im Stich gelassen wurden. Sie hat ein Leben lang hart gearbeitet, dennoch ist der Alltag kaum leistbar. Mit der FPÖ in der Regierung ist sie nun mehr als zufrieden.

<sup>13</sup> Im SPÖ-geführten Wien musste ein Mitarbeiter mit Behinderung rechtswidrig mehrere Monate bis zu 15 Stunden pro Tag arbeiten.

#### A4b. Examples of people-elite antagonisms in government and opposition (Podemos)

	Opposition	Government
Whole people/ country vs. political elites/government	30/10/2016 Governments that are not committed to the energy transition. <i>We pay for their incompetence out of our own pockets.</i> <sup>14</sup>	12/1/2020 No, <i>Spain is not like VOX</i> , and that is why they are going to stay in the opposition. <sup>15</sup>
	15/11/2016 <i>Our people without energy in their homes to spend the winter. Power and heating outages produce dramatic scenes that a responsible government, facing up to electricity, would not allow.</i> <sup>16</sup>	28/1/2020 This is the education that VOX and its allies want to see in Spain. <i>But this country does not tolerate its hatred.</i> <sup>17</sup>
	14/12/2016 <i>We need ministers who take matters more seriously and don't fail the people's intelligence.</i> <sup>18</sup>	11/2/2020 In the face of the <i>unscrupulous speeches of the extreme right and the extreme extreme right, we work so that people continue to conquer rights.</i> <sup>19</sup>
	30/12/2016 This is what <i>happens when party interests and the desire to be in the media are far ahead of what is best for your city</i> [talking about Esperanza Aguirre/PP] . <sup>20</sup>	11/2/2020 In hard times, <i>little men</i> [talking about PP's leadership] <i>invoke the fatherland and sell it; the people do not even name it, but they buy it with their blood and save it</i> ". 🗣️ Antonio Machado <i>Patriots those who work every day, not those who steal with their hands.</i> <sup>21</sup>
	5/1/2017 Shameful statements by Federico Trillo. No respect for the victims or his country. <sup>22</sup>	14/2/2020 <i>The right has always been blocking all the advances in our country. They voted against the right to: ✗ Divorce ✗ Abortion ✗ marriage of people of the same sex.</i> <sup>23</sup>
		16/2/2020 Only a diverse, international, intersectional, unwavering and powerful feminist alliance can <i>dismantle the policies of the extreme</i>

<sup>14</sup> Gobiernos que no se comprometen con la transición energética. Su incompetencia la pagamos de nuestro bolsillo.

<sup>15</sup> No, España no se parece en nada a VOX, y por eso se van a quedar en la oposición.

<sup>16</sup> Nuestra gente sin energía en sus casas para pasar el invierno. Los cortes de luz y calefacción producen escenas dramáticas que un Gobierno responsable, que hiciera frente a las eléctricas, no permitiría.

<sup>17</sup> Esta es la educación que VOX y sus aliados quieren que se imparta en España. Pero este país no tolera su odio.

<sup>18</sup> Necesitamos a ministros que se tomen los asuntos con mayor seriedad y no falten a la inteligencia de la gente.

<sup>19</sup> Frente a los discursos sin escrúpulos de la extrema derecha y la extrema extrema derecha, nosotros y nosotras trabajamos para que la gente siga conquistando derechos.

<sup>20</sup> Es lo que ocurre cuando los intereses de partido y las ganas de salir en medios de comunicación están muy por delante de lo que es mejor para tu ciudad.

<sup>21</sup> En los trances duros, los señoritos invocan la patria y la venden; el pueblo no la nombra siquiera, pero la compra con su sangre y la salva". 🗣️ Antonio Machado Patriotas los que trabajan todos los días, no los que roban a manos llenas.

<sup>22</sup> Vergonzosas declaraciones de Federico Trillo. Ningún respeto por las víctimas ni por su país.

<sup>23</sup> La derecha siempre ha estado taponando todos los avances en nuestro país. Votaron contra el derecho al: ✗ Divorcio ✗ Aborto ✗ Matrimonio entre personas del mismo sexo.

		<i>right by making the public weal great.</i> <sup>24</sup>
		18/2/2020 Masterly lesson from Rafa Mayoral to VOX about what it means to be a patriot and to be a traitor like them. <sup>25</sup>
		5/3/2020 <i>The citizens of our country have the right to know if the King Emeritus has carried out illegal corruption activities. Defending democracy is to defend that the law is equal for all.</i> <sup>26</sup>
Subgroups of the population vs. political elites/government	17/11/2016 <i>We need a government that enforces the law in favor of those who suffer most in our country and not only in favor of the great privileged of our society.</i> <sup>27</sup>	30/1/2020 <i>What the extreme right is doing is declaring war on women, on the rule of law, on the Constitution and on the very feelings of people, who have the right to feel and love as they wish.</i> <sup>28</sup>
	12/11/2016 <i>The PP makes the majority pay for the economic crisis.</i> <sup>29</sup>	5/2/2020 <i>When PP, Cs and VOX lie about the SMI they only want to cover up their real intention: to precarize the rural area. This farmer dismantles them and makes it very clear.</i> <sup>30</sup>
	21/12/2016 <i>The Minister of Foreign Affairs says that the exile of the youth "enriches" them, but the only ones who get rich at this moment are the big companies thanks to the harmful economic management of the PP.</i> <sup>31</sup>	5/2/2020 <i>Abascal only goes to the villages on his BMW motorcycles... that's why he doesn't know anything about the countryside and goes to the farmers' demonstrations when no one has called him.</i> <sup>32</sup>
	20/12/2016 The People's Party justifies rescuing highways from large bankrupt companies, but bankrupt families are not rescued. <sup>33</sup>	

<sup>24</sup> Solo una alianza feminista diversa, internacional, interseccional, inquebrantable y poderosa puede desmontar las políticas de la extrema derecha haciendo grande lo común...

<sup>25</sup> Lección magistral de Rafa Mayoral a VOX sobre qué significa ser patriota y ser un vendepatrias como ellos

<sup>26</sup> La ciudadanía de nuestro país tiene derecho a saber si el rey emérito realizó actividades ilícitas de corrupción. Defender la democracia es defender que la ley sea igual para todos y todas.

<sup>27</sup> Hace falta un Gobierno que haga cumplir la ley en favor de los que más sufren en nuestro país y no únicamente a favor de los grandes privilegiados de nuestra sociedad.

<sup>28</sup> Lo que hace la extrema extrema derecha es declararle la guerra a las mujeres, al Estado de derecho, la Constitución y a los mismos sentimientos de las personas, que tienen derecho a sentir y amar como quieran.

<sup>29</sup> El PP hace pagar a la mayoría la crisis económica.

<sup>30</sup> Cuando PP, Cs y VOX mienten sobre el SMI solo quieren tapar su verdadera intención: precarizar el campo. Este agricultor les desmonta y lo deja bien claro.

<sup>31</sup> El Ministro de Exteriores dice que el exilio de la juventud les ""enriquece"", pero los únicos que se enriquecen en este momento son las grandes empresas gracias a la nefasta gestión económica del PP.

<sup>32</sup> Abascal solo va a los pueblos de paseo en sus motos BMW... por eso no sabe nada del campo y va a las manifestaciones de agricultores cuando nadie le ha llamado.

<sup>33</sup> El Partido Popular justifica rescatar autopistas de grandes empresas en quiebra pero a las familias que están en quiebra no se las rescata.

<sup>i</sup> Gli italiani [...] si sono sempre distinti per abilità e competenza.

<sup>ii</sup> Todo nuestro respeto y apoyo a agricultores y jornaleros que luchan por dignificar el trabajo en el campo.

<sup>iv</sup> Anche DI MAIO si sveglia tardi, l'unico che da anni ha capito tutto sull'invasione in corso è Matteo Salvini, e gli italiani lo sanno.

<sup>v</sup> Norbert Hofer beim "Gackern" in Kärnten - einfach bürgernahe :-).

<sup>vi</sup> Die direkte Demokratie ist für Norbert Hofer ein wichtiger inhaltlicher Pfeiler einer positiven Zukunft für Österreich.
