

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Directorate General of Forests - number of seized poached animals	Algeria	French	National	A	Trends in population and extinction risk of utilized species, including species in trade	Proportion of traded wildlife that was poached or illicitly trafficked (indicator for SDG target 15.7)
Number of environmental information and training centers to raise public awareness	Algeria	French	National	A	Trends in awareness and attitudes to biodiversity	None
Number of Green Clubs established in schools to educate youth between 2009 and 2014	Algeria	French	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Number of visitors to national parks between 2010 and 2014	Algeria	French	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Amount (m) of coastline lost over a 70 year period	Algeria	French	National	B	None	
Directorate General of Forests - number of watersheds studied for erosion and their total surface area	Algeria	French	National	B	None	
Directorate General of Forests - total reforested area (ha) in 2013	Algeria	French	National	B	Trends in extent of forest	Trends in tree cover
Directorate General of Forests - number of watersheds needing erosion treatment and Percentage of the total studied watershed area	Algeria	French	National	B	None	
Directorate General of Forests - number of wetlands in their natural state	Algeria	French	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Directorate General of Forests - Percentage of forest area burned by wildfires each year	Algeria	French	National	B	Trends in degradation of forest and other natural habitats	None
FAO - change in the number of forested hectares of protected land and water between 1990 and 2010	Algeria	French	Global	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
FAO - Percentage of coral harvest catches in Algeria in between 1991 and 2000 that constituted the total Mediterranean catches	Algeria	French	Global	B	Trends in pressures on coral reefs	None
Forested areas used for the conservation of biodiversity, including within protected areas	Algeria	French	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
National Forest Inventory - Percentage of forest types that compose the total forest ecosystem	Algeria	French	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
National reforestation plan - total amount of reforestation (ha) achieved over 20 years	Algeria	French	National	B	Trends in extent of forest	Trends in tree cover
Number of different marine invertebrate phyla that inhabit coral reefs	Algeria	French	National	B	Trends in pressures on coral reefs	None
Number of introduced species	Algeria	French	National	B	Trends in the numbers of invasive alien species introduction and establishment events	None
Number of mapped wetland zones (natural and artificial)	Algeria	French	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Number of terrestrial ecosystem types and their Percentage of Algeria's total surface areas	Algeria	French	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Percentage change of forested areas from 1984 to 2009	Algeria	French	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Percentage of area loss of dense forest	Algeria	French	National	B	Trends in extent of forest	Trends in tree cover
Percentage of forest area gained between 2003 and 2009 of different forest types	Algeria	French	National	B	Trends in extent of forest	Trends in tree cover
Percentage of total grazing livestock that graze forested areas	Algeria	French	National	B	None	
Percentage of total land area of Algeria that is the Sahara desert ecosystem	Algeria	French	National	B	Trends in extent of natural habitats other than forest	None
Ramsar Convention and Directorate General of Forests - number of wetland sites, and their Percentage of total wetland surface area, listed as Ramsar wetlands of international importance	Algeria	French	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
The rate of afforestation (Perc)	Algeria	French	National	B	Trends in extent of forest	Trends in tree cover
WWF - Percentage original forest cover remaining in the Mediterranean	Algeria	French	Global	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Algerian Ministry of Spatial Planning and Environment - number of endemic Bryophyte (mosses) species	Algeria	French	National	C	None	
Algerian Ministry of Spatial Planning and Environment - number of Important Plant Areas in Algeria, including the number of threatened and endemic plant species	Algeria	French	National	C	None	
Algerian Ministry of Spatial Planning and Environment - number of plant associations in differing habitats in the Saharan ecosystem	Algeria	French	National	C	None	
Algerian Ministry of Spatial Planning and Environment - number of species of freshwater fish, including endemic and introduced species	Algeria	French	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Algerian Ministry of Spatial Planning and Environment - total number of green spaces, their category and number of green spaces per category	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Algerian Official Journal - number of marine mammal species that are threatened and protected at the national level	Algeria	French	National	C	Trends in extinction risk and populations of species	None
Algerian Official Journal - number of terrestrial invertebrate species that are endemic, and the number of protected species	Algeria	French	National	C	None	
Algerian protection mandate - number of amphibians species that are endemic or protected at the national level	Algeria	French	National	C	None	
Algerian protection mandate - number of bird species that are protected by law	Algeria	French	National	C	None	
Algerian protection mandate - number of mammal species that are officially protected	Algeria	French	National	C	None	
Algerian protection mandate - number of protected lichen species and number of lichen species that are at risk	Algeria	French	National	C	None	
Algerian protection mandate - number of reptile species that are endemic or protected at the national level	Algeria	French	National	C	None	
Algerian protection mandates - joining the Ramsar Convention (1982), legally protecting coastal areas (2002), protecting the environment via sustainable development (2003), and creating protected areas (2011)	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Algerian protection mandates - list of protected plant and animal species (2012), development and protection of green spaces	Algeria	French	National	C	None	
Directorate General of Forests - total surface area (ha) and Percentage of total area of the country of ecosystems protected by the Directorate General of Forests	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
IUCN - number of IUCN listed mammal species, including the number of endemic species	Algeria	French	Global	C	Trends in extinction risk and populations of species	None
IUCN - number of reptile species that are ranked from Least Concern (LC) to Endangered (EN) on the Redlist	Algeria	French	Global	C	Trends in extinction risk and populations of species	none
IUCN - total number of IUCN Redlisted taxa at the national level in 2008	Algeria	French	Global	C	Trends in extinction risk and populations of species	None
Mediterranean (SPA BD Protocol / Barcelona Convention) - number of marine invertebrates listed in Appendix II and Appendix III of Endangered Species of the SPA BD Protocol	Algeria	French	Regional	C	None	
North African region - number of endemic mammal species	Algeria	French	Regional	C	None	
Number of algal flora, marine Spermaphytes, and marine invertebrates, including endemic species	Algeria	French	National	C	None	
Number of amphibians species	Algeria	French	National	C	None	
Number of confirmed extinct and probably extinct mammal species	Algeria	French	National	C	Trends in number of extinctions	Number of species extinctions
Number of cultural parks and Percentage of their surface area of the total land area	Algeria	French	National	C	None	
Number of fish species	Algeria	French	National	C	None	
Number of fish taxons, including threatened species	Algeria	French	National	C	Trends in extinction risk and populations of species	None
Number of fungi species	Algeria	French	National	C	None	
Number of green spaces that conform to the national law on the management, protection and development of green spaces	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Number of hectares protected in the steppe ecosystem	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Number of invertebrate species (marine and terrestrial)	Algeria	French	National	C	None	
Number of mammal species (terrestrial and marine)	Algeria	French	National	C	None	
Number of microorganism taxa	Algeria	French	National	C	None	
Number of moss species	Algeria	French	National	C	None	
Number of nesting and non-nesting bird species, and number of introduced bird species	Algeria	French	National	C	None	
Number of new spermaphyte (seed plants) species since 2000	Algeria	French	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of phytoplankton species	Algeria	French	National	C	None	
Number of plant species (plant species richness) in the steppe ecosystem	Algeria	French	National	C	None	
Number of plant taxa in the Sahara, including endemic species	Algeria	French	National	C	None	
Number of protected areas and their Percentage of the total national territory from 1990 to 2014	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of protected plant species	Algeria	French	National	C	None	
Number of Pteridophytes (ferns) taxa	Algeria	French	National	C	None	
Number of rare spermaphytes and number of species per rarity category (extremely rare to somewhat rare)	Algeria	French	National	C	None	
Number of reptile species	Algeria	French	National	C	None	
Number of species (marine and terrestrial) inventoried at the national level, including number of species per taxonomic group	Algeria	French	National	C	None	
Number of vertebrate species (terrestrial and marine)	Algeria	French	National	C	None	
Percentage of biodiversity represented in current protected areas	Algeria	French	National	C	None	
Percentage of spermaphyte taxa that are endemic	Algeria	French	National	C	None	
Percentage of the national territory that are protected areas	Algeria	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Rate of the disappearance of key plant species in the steppe ecosystem from 1978 to 2011	Algeria	French	National	C	None	
The total number of protected species in Algeria	Algeria	French	National	C	None	
Total area of green spaces	Algeria	French	National	C	None	
Total number of endemic freshwater species	Algeria	French	National	C	None	
UNESCO MAB Programme - number of national parks that are UNESCO biosphere reserves	Algeria	French	Global	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Number of tons of CO2 emitted and sequestered in 2005	Algeria	French	National	D	Trends in carbon stocks within ecosystems	Trends in forest carbon stocks
Amount of money (euro) that the EU provided to conserve coastal biodiversity in Algeria in 2013	Algeria	French	Regional	E	None	
Length of time (months) and amount of funds (euros) to support the improvement of the National Observatory of the Environment and Sustainable Development	Algeria	French	Regional	E	Trends in the mobilization of financial resources	None
Length of time (years) and amount of funds (USD) to improve the management and governance of protected areas and key biodiversity zones	Algeria	French	National	E	None	
Number and total size of (ha) of watershed studies	Algeria	French	National	E	None	
Number of completed projects and action plans in place to protect biodiversity	Algeria	French	National	E	None	
Number of funders and amount of funding (USD) spent by each agency/organization	Algeria	French	National	E	None	
Number of mandates or decrees that protect biodiversity between 2009 and 2014	Algeria	French	National	E	None	
Number of programs that protect natural resources in rural areas	Algeria	French	National	E	None	
Number of projects carried out or in progress by the National Center for the Development of Biological Resources between 2009 and 2014	Algeria	French	National	E	None	
Number of university laboratories and research institutions that are involved in research on biodiversity at the national level	Algeria	French	National	E	None	
Number of wetlands that have disappeared due to anthropogenic impacts between 2008 and 2013	Andorra	French	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Number of wetlands that have not been impacted between 2008 and 2013	Andorra	French	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Number of wetlands that have suffered serious or very serious impacts between 2008 and 2013	Andorra	French	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Percentage of days that had good to excellent air quality in 2014	Andorra	French	National	B	Trends in pollutants	None
Percentage of the territory covered by forest, bushes and meadows in 2006	Andorra	French	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage of water quality monitoring stations that measure surface water in rivers that measured good to excellent water quality in 2014	Andorra	French	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Ramsar - Percentage of Andorra's territory on the Ramsar list	Andorra	French	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Percentage of biodiversity that has been maintained and/or increased due to lower anthropogenic pressure on the natural environment	Andorra	French	National	C	None	
nature-based activities Percentage by activity type (hiking etc)	Australia	English	National	A	None	
Percentage interNationaltravellers influenced to visit based on their intent to visit a natural area	Australia	English	National	A	None	
Percentage of Australian adults that participated in nature conservation activities at home or on the farm in the last 12 months	Australia	English	National	A	None	
Percentage of people who've planted or cared for Australian native trees or plants	Australia	English	National	A	None	
Percentage of the top 100 Australian companies by revenue now report on corporate responsibility	Australia	English	National	A	None	
Amount of surface water diversion required to protect key ecosystems assets and functions in Murray-Darling Basin	Australia	English	National	B	None	
Annual cost in Australia, in terms of control and production loss estimates, of 11 types of feral animals	Australia	English	National	B	None	
Area of native vegetation in Victoria has been managed and protected through the BushTender program	Australia	English	National	B	None	
Forest expansion area annually	Australia	English	National	B	Trends in extent of forest	None
Money spent by farmers on the management of weed related issues	Australia	English	National	B	None	
Numberof on-ground projects over an area of 400 000 hectares to reduce sediment run-off to the reef	Australia	English	National	B	None	
Numberof species of animals are listed as invasive pests in Australia	Australia	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Numberof wetlands of interNational importance and area cover - RAMSAR wetlands	Australia	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Percentage of Australia fisheries classified as overfished	Australia	English	National	B	Trends in proportion of fish stocks outside safe biological limits	None
Percentage of flora made up by invasive exotic species	Australia	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Percentage spent by farmers on, pest management and land and soil management	Australia	English	National	B	None	
Total area of ocean being managed primarily for biodiversity conservation	Australia	English	National	B	None	
Comparison of Percentage of protected areas between 4th and 5th natioal reports	Australia	English	National	C	None	
Endemism Percentage - Reptiles, mammals, frogs and vascular plants	Australia	English	National	C	None	
Fungi population - macro fungi and truffles population, number of endemic species.	Australia	English	National	C	None	
National Reserve System Intrim Biogeographic Regionalization of Australia (IBRA) protection level and Perc	Australia	English	National	C	None	
National Reserve System- number of protected areas & area Percentage of the country	Australia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of Nationally important wetlands	Australia	English	National	C	None	
Number of new Commonwealth marine reserves established in 2012	Australia	English	National	C	None	
Number of species of fish in Australian waters	Australia	English	National	C	None	
Percentage made up by the Indigenous Protected Areas (IPAs) of the entire NRS system	Australia	English	National	C	None	
Percentage of all 70 bioregions protected by Marine Park Zoning Plan -providing a network of no-take zones	Australia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Percentage of the remaining river red gums thought to be suffering from various degrees of stress	Australia	English	National	C	None	
Percentage of turtle nests lost to predation by feral pigs	Australia	English	National	C	None	
Southern Tanami IPA - largest protected area of Australian land	Australia	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
South-west Western Australian - Number of endemic bird species	Australia	English	National	C	None	
Trans-Australian Eco-link area	Australia	English	National	C	None	
Amount of additional water needed to be recovered to enhance habitat ecosystem services in the Murray-Darling Basin	Australia	English	National	D	Trends in restoration of ecosystems that provide essential services	No specific indicators identified
Economic contribution of the GBR and catchment to Australia	Australia	English	National	D	None	
Enhanced ecosystem services worth in \$\$	Australia	English	National	D	None	
Money spent by domestic and international visitors undertaking at least one nature-based activity	Australia	English	National	D	None	
National economic value and number of jobs generated by 15 of Australia's World Heritage Areas	Australia	English	National	D	None	
Investment by Australian Government in the Commonwealth Environment Research Facilities (CERF) to support environmental research with a strong public good focus	Australia	English	National	E	None	
Number of ecosystem credits have been retired and over AU\$2.4 million have been deposited into the BioBanking Trust Fund	Australia	English	National	E	None	
Number of records obtained by the Atlas of Living Australia (visualization tool)	Australia	English	National	E	None	
Priorities, subpriorities, targets and associated actions, responsibility for implementation and projected outcomes from Australia's Biodiversity Conservation Strategy 2010-2030	Australia	English	National	E	None	
Number of visitors to Al Areen nature Reserve	Bahrain	English	National	A	None	
Percentage of stakeholders involved in biodiversity issues as identified by participants at the first National workshop for the NBSAP project	Bahrain	English	National	A	None	
Sectors and institutions that have included or are in the process of including biodiversity considerations to their policies, programs and projects listed	Bahrain	English	National	A	None	
UNEP-ROWA study- the economic value of ecosystem services provided by najwat and Hayr Bul Thamah, Hyar Shtayyeh and Hayr Bu Am'amah	Bahrain	English	Global	A	Trends in incorporation of measures of stock and flow of natural resources into national accounting	None
Change in landing size for jellyfish	Bahrain	English	National	B	None	
Comparison of the number of palm trees infected by the red palm weevil that were treated or removed between 2011 - 2013	Bahrain	English	National	B	None	
Number of red palm weevil and fruit fly pheromone traps including supplements that have been distributed to farmers and garden owners in 2011-2014	Bahrain	English	National	B	None	
Temporal change in the total fisheries landing and the market value for the period 2000-2012	Bahrain	English	National	B	None	
The status trends and threats of pressures impacting biodiversity in Bahrain for 2011-2014	Bahrain	English	National	B	None	
The status, trends and threats of the main ecosystems in Bahrain for 2011-2014 listed (pressures included)	Bahrain	English	National	B	None	
Three northern oyster bed sites' contribution in billion dollars per year	Bahrain	English	National	B	None	
Total annual landings of fish, crustaceans, molluscs, shrimp and jellyfish caught during the period 2004-2013	Bahrain	English	National	B	None	
Number of species identified in Bahrain as per their taxonomic groups	Bahrain	English	National	C	None	
Percentage increase in protected areas	Bahrain	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
The status trends and threats of major taxonomic groups in Bahrain for period 2011-2014	Bahrain	English	National	C	None	
The status trends and threats of major varieties and breeds of fauna and flora in Bahrain for period 2011-2014	Bahrain	English	National	C	None	
Number of fishermen benefiting from the fisheries sector (expats and citizen count included)	Bahrain	English	National	D	Trends in benefits from ecosystem services	None
Number of individuals benefiting from recreational services of the northern fishing beds.	Bahrain	English	National	D	Trends in benefits from ecosystem services	None
List of legislations issued between the period 2011-2014 that contribute towards strengthening the integration of biodiversity principals.	Bahrain	English	National	E	None	
List of selected Regional and international conventions and protocols addressing biodiversity which Bahrain has joined and ratified	Bahrain	English	National	E	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Main programs reflecting National priorities to strengthen and promote biodiversity conservation in Bahrain in line with the 2020 aichi targets through linking them to the National strategic goals.	Bahrain	English	National	E	None	
Number of members in the Barbados Wildfowlers Association (BWFA)	Barbados	English	National	A	None	
Annual crop losses due to monkey damage per farmer	Barbados	English	National	B	None	
Land Cover – Forest and other wooded land based on the Global Forest Resources Assessment for Barbados, 2010	Barbados	English	National	B	Trends in extent of forest	None
Chiropteran fauna species listed	Barbados	English	National	C	None	
Hawksbill turtle female nesting population	Barbados	English	National	C	None	
Key bird species at IBAs	Barbados	English	Global	C	None	
Number of remaining Leaf-Toed Gecko ( <i>Phyllodactylus pulcher</i> )	Barbados	English	National	C	None	
Number of terrestrial mammalian species in Barbados	Barbados	English	National	C	None	
Size of the monkey population in the 1980 and 1994	Barbados	English	National	C	None	
Three main species of sea turtles found in Barbados and threat category - WWF	Barbados	English	Global	C	Trends in extinction risk and populations of species	None
Average revenue annually attributable to each individual green turtle	Barbados	English	National	D	None	
Economic value in terms of annual revenues of the non- consumptive use of the 'swim with the turtle' and snorkelling industries	Barbados	English	National	D	None	
List of Fibres of Economic Importance to the Crafts Sector in Barbados	Barbados	English	National	D	None	
Range of gross revenue from consumptive use of marine turtle meat, eggs, shell, leather and bone can range	Barbados	English	National	D	None	
Range of gross revenue generated from non-consumptive use of marine turtles, such as tourism	Barbados	English	National	D	None	
Number of Global biodiversity hotspots & ecoregions, ICIMOD (InterNational Centre for Integrated Mountain Development).	Bhutan	English	Regional	A	None	
Percentage of cultural tourists and Percentage of nature-based tourists	Bhutan	English	National	A	None	
Percentage of the population are aware of values of biodiversity and steps they can take to conserve and use it sustainably	Bhutan	English	National	A	Trends in awareness and attitudes to biodiversity	None
Acres of Govt. Reserved Forest allocated for developmental activities	Bhutan	English	National	B	None	
Amount of commercial timber extracted in the last five years	Bhutan	English	National	B	None	
Amount of timber allotted for commercial and rural purposes	Bhutan	English	National	B	None	
Average National Nitrogen Phosphorus Potassium ratio	Bhutan	English	National	B	Trends in nutrient levels	None
Average rate of glacial retreat in Bhutan from 1963 to 1993	Bhutan	English	National	B	None	
fire incidents annually average over 5 yrs and total area damaged - trend observed for following years	Bhutan	English	National	B	None	
Number of Hight Altitude Wetlands and percent of the country's total land cover -UWICE	Bhutan	English	Global	B	None	
Number of invasive plant species, and of that number of major invasive plant species	Bhutan	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Number of invasive species and of that, number of alien species - Global Invasive Species	Bhutan	English	Global	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Number of wetlands and Ramsar sites - ICIMOD (InterNational Centre for Integrated Mountain Development).	Bhutan	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Observed changes in flowering time of different plant species	Bhutan	English	National	B	None	
percent of the crop damage in the country is attributed to wildlife damages and account for livestock losses	Bhutan	English	National	B	None	
Percentage area shrinkage in 66 selected glaciers in 30 years	Bhutan	English	National	B	None	
Percentage of farmers using inorganic fertilizers	Bhutan	English	National	B	None	
Percentage of farming done on land and on slopes	Bhutan	English	National	B	None	
Percentage of higher plant and animal species likely to be at an increased risk of extinction if Global average temperature increase exceeds 1.5 to 2.5 degree celsius over the present temperature - IPCC	Bhutan	English	Global	B	Trends in species extinction risk and populations or condition of other vulnerable ecosystems impacted by climate change or ocean acidification	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage of land allotted for construction of power transmission lines and road	Bhutan	English	National	B	None	
Percentage of land cover made up by forest	Bhutan	English	National	B	Trends in extent of forest	None
Percentage of mines in Bhutan that are concentrated within the district of Samste	Bhutan	English	National	B	None	
Total weight of <i>Ophicordyceps sinensis</i> auctioned ; revenue earned per kilogram; revenue earned in royalties	Bhutan	English	National	B	None	
Important bird areas found in Bhutan - Bird Life InterNational	Bhutan	English	Global	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
List of globally threatened bird species found in Bhutan - Bird Life InterNational	Bhutan	English	Global	C	Trends in extinction risk and populations of species	None
List of Globally threatened mammal species found in Bhutan.	Bhutan	English	National	C	Trends in extinction risk and populations of species	None
Number of agricultural crop species	Bhutan	English	National	C	None	
Number of amphibians and reptile species	Bhutan	English	National	C	None	
Number of amphibians and reptile species	Bhutan	English	National	C	None	
Number of edible mushroom species	Bhutan	English	National	C	None	
Number of endemic seed plant species	Bhutan	English	National	C	None	
Number of fish species	Bhutan	English	National	C	None	
Number of freshwater native fish species and freshwater insects	Bhutan	English	National	C	None	
Number of fungal species identified and recorded	Bhutan	English	National	C	None	
Number of globally threatened avifauna species	Bhutan	English	National	C	Trends in extinction risk and populations of species	None
Number of IBAs, Important Plant Areas - ICIMOD (InterNationalCentre for Integrated Mountain Development).	Bhutan	English	Global	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
Number of known lichens and lichenicolous fungi	Bhutan	English	National	C	None	
Number of known mammal species and those that are globally threatened	Bhutan	English	National	C	Trends in extinction risk and populations of species	None
Number of Pteridophyte species	Bhutan	English	National	C	None	
Number of species in genera of mosses are recorded	Bhutan	English	National	C	None	
Number of species of Odonata and hymenopterans	Bhutan	English	National	C	None	
Number of species of Swallowtails and brush-footed butterflies/Nymphalidae	Bhutan	English	National	C	None	
Number of traditional rice varieties grown at different agro-ecological zones	Bhutan	English	National	C	None	
Number of vascular plant species	Bhutan	English	National	C	None	
Number freshwater insects belonging to nine orders reported - WCP & WWF	Bhutan	English	Global	C	None	
Observed changes in population of animal species 2013 by eco-floristic zones	Bhutan	English	National	C	None	
Percent of the genetic diversity of agricultural crops lost	Bhutan	English	National	C	Trends in genetic diversity of cultivated plants	None
Percentage of native seed plant species	Bhutan	English	National	C	None	
Percentage of the Global felid species in Royal Manas National Park	Bhutan	English	National	C	None	
Percentage of the total area secured as protected areas and biological corridors	Bhutan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Percentage yield loss and loss of traditional rice varieties	Bhutan	English	National	C	None	
Protected Area System Perc	Bhutan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Total number of seed plant species	Bhutan	English	National	C	None	
Traditional livestock and poultry breeds of Bhutan	Bhutan	English	National	C	None	
Number of plant species for formulation of various kinds of traditional medicines	Bhutan	English	National	D	None	
Percent of ecosystem services provided by Bhutan's environment benefit those outside Bhutan	Bhutan	English	National	D	Trends in benefits from ecosystem services	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage of Bhutan's population living in rural areas and depend on ecosystem services	Bhutan	English	National	D	Trends in the degree to which ecosystem services provides for the needs of women, indigenous and local communities, and the poor and vulnerable	None
Percentage of the energy coming from biomass	Bhutan	English	National	D	None	
Total ecosystem service mean value	Bhutan	English	National	D	None	
Drivers of change, possible future changes and their impacts on biodiversity in the Bhutanese context	Bhutan	English	National	E	None	
Coral condition Percentage by good to fair and live coral cover	Brunei Darussalam	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Coral reef cover	Brunei Darussalam	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Functional Forest Classification - land Perc, gazetted area, total area and proposed area	Brunei Darussalam	English	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Identified Critical Areas of the Belait Peat Swamp forests	Brunei Darussalam	English	National	B	Trends in extent of natural habitats other than forest	None
List of identified Invasive Alien Species	Brunei Darussalam	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
National forest reserve Perc	Brunei Darussalam	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Percentage of Alan forests canopy dominated by Shorea albida	Brunei Darussalam	English	National	B	Trends in extent of forest	Trends in tree cover
Reef Distribution list by categories	Brunei Darussalam	English	National	B	None	
Tropical evergreen rain forest Perc	Brunei Darussalam	English	National	B	Trends in extent of forest	None
Type of Forests and number of Bio-ecotypes	Brunei Darussalam	English	National	B	None	
Faunal diversity by species count	Brunei Darussalam	English	National	C	None	
Fish diversity of Brunei - number of species by taxa	Brunei Darussalam	English	National	C	None	
Floral and faunal survey by species type and threat level - IUCN red list	Brunei Darussalam	English	Global	C	Trends in extinction risk and populations of species	None
Floral Species of Brunei Darussalam (Seed Plants)	Brunei Darussalam	English	National	C	None	
Major coral families Percentage	Brunei Darussalam	English	National	C	None	
NationalHerbarium count for Angiosperm, Gymnosperm families, genera and species	Brunei Darussalam	English	National	C	None	
Number and extent of Marine Protected Areas, and number of MPA included as coral reef dominant habitat	Brunei Darussalam	English	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Number of echinoderms species and endemism Perc	Brunei Darussalam	English	National	C	None	
Number of freshwater fish species, inducing endemic and introduced fish species	Brunei Darussalam	English	National	C	None	
Number of gastropods and bivalves	Brunei Darussalam	English	National	C	None	
Number of mammal species in the country	Brunei Darussalam	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of reef building corals species by number of general and species	Brunei Darussalam	English	National	C	None	
Number of Reptiles and Amphibians	Brunei Darussalam	English	National	C	None	
Number of species of birds including number of Bornean species of larger birds	Brunei Darussalam	English	National	C	None	
Number of species of fish belonging found in the within mangrove areas in the Brunei Estuary	Brunei Darussalam	English	National	C	None	
Number of species of nesting marine turtles	Brunei Darussalam	English	National	C	None	
Number of species of shrimps	Brunei Darussalam	English	National	C	None	
Represented plant families among the endemics Number by taxa	Brunei Darussalam	English	National	C	None	
Conservation Laws & years enacted	Brunei Darussalam	English	National	E	None	
Nation wide number of local people to participate in Community Protected Areas	Cambodia	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Changes in Forest Cover in Cambodia from 1965-2010	Cambodia	English	National	B	Trends in extent of forest	None
Forest Cover (area and Perc) by type (2002-2010)	Cambodia	English	National	B	Trends in extent of forest	None
Number of fish sanctuaries supported by its Fisheries Administration	Cambodia	English	National	B	Trends in certified sustainable fisheries	None
Percentage of forest cover decline (2002-2010)	Cambodia	English	National	B	Trends in extent of forest	None
Production of Inland & Marine Capture & Aquaculture Production	Cambodia	English	National	B	None	
Production of Logs & Processed Forest Products, 2007-2011	Cambodia	English	National	B	None	
Protected Forest areas administered by the Forestry Administration	Cambodia	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
IUCN Red List Species in Cambodia	Cambodia	English	Global	C	Trends in extinction risk and populations of species	None
Major Ecosystems Covered Under Current Protected Area Systems	Cambodia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of known species for mammal, birds, reptile, fish, amphibian, vascular plant, hard coral, soft coral, and seagrass	Cambodia	English	National	C	None	
Number, area and Percentage of designated protected areas in 1993	Cambodia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Percentage of globally threatened species on the IUCN's Red List	Cambodia	English	Global	C	Trends in extinction risk and populations of species	None
Water Bird Species Status in Prek Toal Area (2004-2012)	Cambodia	English	National	C	None	
Percentage of population of the Greater Mekong that depends directly on the goods and services its ecosystems provide - WWF	Cambodia	English	Global	D	None	
Progress on Selected CMDG (Cambodia's Millennium Development Goals) Indicators	Cambodia	English	National	E	None	
Ecological Footprint	Colombia	Spanish	National	A	Trends in use of natural resources and/or related concepts	Ecological footprint
Visitors in the national parks system	Colombia	Spanish	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Area affected by desertification	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Area covered by mining extraction	Colombia	Spanish	National	B	None	
Area dedicated to livestock	Colombia	Spanish	Global	B	None	
Area degraded by salinization and sodization	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Area eroded by water	Colombia	Spanish	National	B	None	
Area sown with corn and cotton OGM	Colombia	Spanish	National	B	None	
Change in forest cover	Colombia	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Cultivated area	Colombia	Spanish	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Deforestation hotspots	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Deforestation rate	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Deforested area	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Deterioration in water quality	Colombia	Spanish	National	B	Trends in ecosystems affected by pollution	None
Evaluation of changes in freshwater fish of the country	Colombia	Spanish	National	B	None	
Expansion of palm-oil plantations	Colombia	Spanish	National	B	None	
Flood area	Colombia	Spanish	National	B	None	
High Andean Wetland Registry	Colombia	Spanish	National	B	None	
Indices of climatic extremes	Colombia	Spanish	National	B	None	
Inland and marine fisheries	Colombia	Spanish	National	B	Trends in fishing practices	Amount (spatial extent, gear type, intensity) of fishing effort within vulnerable habitats
Loss of paramo and high Andean forest cover	Colombia	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Number of invasive species registered for the country	Colombia	Spanish	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Projected changes in average annual temperature	Colombia	Spanish	Global	B	None	
Projected changes in total annual precipitation	Colombia	Spanish	Global	B	None	
Proportion of deforested area by region	Colombia	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Soil loss due to erosion	Colombia	Spanish	National	B	None	
Transformation of ecosystems	Colombia	Spanish	National	B	None	
Transformation of natural tropical savannas	Colombia	Spanish	National	B	None	
Use of herbicides	Colombia	Spanish	National	B	Trends in nutrient levels	None
Change in status of threatened species	Colombia	Spanish	National	C	Trends in extinction risk and populations of species	None
Generes and species of wild relatives of cultivated plants and fodder crops	Colombia	Spanish	National	C	Trends in genetic diversity of cultivated plants	None
Number of endemic species	Colombia	Spanish	National	C	None	
Number of marine species	Colombia	Spanish	Regional	C	None	
Species richness	Colombia	Spanish	National	C	None	
Species richness by taxonomic group	Colombia	Spanish	National	C	None	
Threatened species	Colombia	Spanish	National	C	Trends in extinction risk and populations of species	None
Contribution of national parks to national water supply	Colombia	Spanish	National	D	None	
Contribution of the forestry sector to GDP	Colombia	Spanish	National	D	Trends in benefits from ecosystem services	None
Cost of treating water for human consumption	Colombia	Spanish	National	D	None	
Ecosystem production services	Colombia	Spanish	National	D	Trends in benefits from ecosystem services	None
Estimated cost of environmental degradation	Colombia	Spanish	Global	D	None	
Increase in CO2 capture	Colombia	Spanish	National	D	Trends in carbon stocks within ecosystems	None
Number of families benefiting from irrigation water in national park system	Colombia	Spanish	National	D	Trends in the degree to which ecosystem services provides for the needs of women, indigenous and local communities, and the poor and vulnerable	None
Priority areas for restoration	Colombia	Spanish	National	D	None	
Titles for carbon extraction	Colombia	Spanish	National	D	Trends in carbon stocks within ecosystems	Trends in forest carbon stocks
Cost of environmental degradation	Colombia	Spanish	National	D	None	
Ecosystem provisioning services	Colombia	Spanish	National	D	Trends in benefits from ecosystem services	None
Rural population with connection to natural ecosystems	Colombia	Spanish	National	D	None	
Investment in scientific research	Colombia	Spanish	National	E	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of indigenous peoples by type of ecosystem	Colombia	Spanish	National	E	None	
Scientific publications	Colombia	Spanish	National	E	None	
Territory under indigenous management and governance	Colombia	Spanish	National	E	Trends in which traditional knowledge and practices are respected through their full integration, safeguards and the full and effective participation of indigenous and local communities in the national implementation of the Strategic Plan	Number of local community-based monitoring on traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity
Ecological Footprint	Costa Rica	Spanish	National	A	Trends in use of natural resources and/or related concepts	Ecological footprint
Number of seizures by taxonomic group	Costa Rica	Spanish	National	A	None	
Payments for environmental damage	Costa Rica	Spanish	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	Number of countries with national instruments on biodiversity-relevant taxes, charges and fees
Area affected by forest fires	Costa Rica	Spanish	National	B	None	
Area of recovered natural forest	Costa Rica	Spanish	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Area of recovered natural secondary forest	Costa Rica	Spanish	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Changes in forest type cover	Costa Rica	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Conversion of natural ecosystems to intensive farming systems	Costa Rica	Spanish	National	B	None	
Coverage by forest type	Costa Rica	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Decrease in mangrove forest area	Costa Rica	Spanish	National	B	Trends in degradation of forest and other natural habitats	None
Degree of alteration of the ecosystems of Costa Rica	Costa Rica	Spanish	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Effect of invasive species on native species	Costa Rica	Spanish	National	B	Trends in extinction risk and populations driven by invasive alien species impacts	None
Forest cover in Costa Rica	Costa Rica	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Forest plantation cover	Costa Rica	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Fragmentation of natural vegetation cover by ecoregion	Costa Rica	Spanish	National	B	Trends in fragmentation of forest and other natural habitats	None
Fragmentation status	Costa Rica	Spanish	National	B	Trends in fragmentation of forest and other natural habitats	None
Herbicide concentration	Costa Rica	Spanish	National	B	Trends in nutrient levels	None
Loss of coral reef coverage	Costa Rica	Spanish	National	B	Trends in extinction risk and populations of coral and coral-reef dependent species	None
Loss of coral reef coverage from Gandoca-Manzanillo Wildlife Reserve	Costa Rica	Spanish	National	B	Trends in extinction risk and populations of coral and coral-reef dependent species	None
Loss of coral reef coverage in Cahuita National Park	Costa Rica	Spanish	National	B	Trends in extinction risk and populations of coral and coral-reef dependent species	None
Loss of paramo and high Andean forest cover	Costa Rica	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Pharmaceutical and personal-care waste in coastal waters	Costa Rica	Spanish	National	B	Trends in pollutants	None
Production of certified coffee	Costa Rica	Spanish	National	B	Trends in proportion of area of agriculture under sustainable practices	portion of agricultural area under productive and sustainable agriculture (indicator for SDG target 2.4)
RAMSAR sites area	Costa Rica	Spanish	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Reforested area	Costa Rica	Spanish	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Wetland area	Costa Rica	Spanish	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Areas with the highest incidence of fires	Costa Rica	Spanish	National	B	None	
Climate change projections for average annual temperatures	Costa Rica	Spanish	National	B	None	
Complaints for contamination of river waters with hazardous waste	Costa Rica	Spanish	National	B	Trends in pollutants	None
Cultivated area	Costa Rica	Spanish	National	B	None	
Imported, formulated, exported and remnants of pesticides	Costa Rica	Spanish	National	B	Trends in pollutants	None
Imports of pesticides	Costa Rica	Spanish	National	B	None	
Loss of mangroves	Costa Rica	Spanish	National	B	None	
Shrimp Extraction	Costa Rica	Spanish	National	B	None	
Area covered by biodiversity corridors	Costa Rica	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Area of the country under some scheme of conservation and sustainable use	Costa Rica	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Bird species richness	Costa Rica	Spanish	National	C	None	
Changes in the threat category for amphibians according to IUCN criteria	Costa Rica	Spanish	National	C	Trends in extinction risk and populations of species	None
Gaps in biodiversity conservation of inland water systems	Costa Rica	Spanish	National	C	None	
Increase in marine area under protection	Costa Rica	Spanish	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Known species for Costa Rica	Costa Rica	Spanish	National	C	None	
Marine species richness	Costa Rica	Spanish	National	C	None	
New species	Costa Rica	Spanish	National	C	None	
New species for the country	Costa Rica	Spanish	National	C	None	
Number of coral species	Costa Rica	Spanish	National	C	None	
Priority Species (Population Status & Threats)	Costa Rica	Spanish	National	C	Trends in extinction risk and populations of species	None
Red List Index of Threatened Species for Corals, Birds, Mammals and Amphibians	Costa Rica	Spanish	National	C	Trends in extinction risk and populations of species	None
Relative share of global biodiversity	Costa Rica	Spanish	National	C	None	
Species Density	Costa Rica	Spanish	National	C	None	
Species in critical condition from a genetic perspective	Costa Rica	Spanish	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Threatened and endangered species	Costa Rica	Spanish	National	C	Trends in extinction risk and populations of species	None
Threatened birds	Costa Rica	Spanish	National	C	Trends in extinction risk and populations of species	None
Trends in populations of Jaguar, Chancho de Monte, Danta, Saino, and Puma in Corcovado National Park	Costa Rica	Spanish	National	C	None	
Number of marine species associated with Cocos Island	Costa Rica	Spanish	National	C	None	
Economic contributions of National Parks and Biological Reserves by sector	Costa Rica	Spanish	National	D	Trends in benefits from ecosystem services	None
Estimated contribution of national parks to economic development	Costa Rica	Spanish	National	D	Trends in benefits from ecosystem services	None
Estimated Cost of Environmental Damage to Caño Negro National Wildlife Refuge	Costa Rica	Spanish	National	D	None	
Estimated Economic Contribution from Palo Verde National Park	Costa Rica	Spanish	National	D	Trends in benefits from ecosystem services	None
Estimated Economic Contribution of Rincon de la Vieja National Park	Costa Rica	Spanish	National	D	Trends in benefits from ecosystem services	None
National stock of carbon dioxide	Costa Rica	Spanish	National	D	Trends in carbon stocks within ecosystems	None
Number of trees planted	Costa Rica	Spanish	National	D	Trends in ecosystem resilience	None
Ecological Debt	Costa Rica	Spanish	National	D	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Estimated cost of environmental damage in Canal Batan, Barra del Pacuare, Lagunas Madre de Dios and Snta Marta	Costa Rica	Spanish	National	D	None	
Estimated cost of the environmental damage by Project Cooperative of Milk Producers Dos Pinos, Coyol de Ajuela	Costa Rica	Spanish	National	D	None	
Estimated Economic Contribution from Corcovado-Biological Reserve Caño Island National Park	Costa Rica	Spanish	National	D	Trends in benefits from ecosystem services	None
Economic resources allocated to land degradation	Costa Rica	Spanish	National	E	Trends in the mobilization of financial resources	Trends in the mobilization of financial resources
Economic resources allocated to the environment sector	Costa Rica	Spanish	National	E	Trends in the mobilization of financial resources	Trends in the mobilization of financial resources
Number of monitoring initiatives in Costa Rica	Costa Rica	Spanish	National	E	None	
Technical cooperation funds for environment and biodiversity	Costa Rica	Spanish	National	E	Trends in the mobilization of financial resources	Trends in the mobilization of financial resources
Economy's losses by use of pesticides due to pollinators loss	Egypt	English	National	A	None	
Environmental Impact Assessments of Development Projects 2003-2012 and status	Egypt	English	National	A	None	
Area and Fish Landings in the Four Nile Delta Lakes	Egypt	English	National	B	None	
Area of Wetland Protected Areas 1985 onwards	Egypt	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Areas under sustainable management	Egypt	English	National	B	None	
Blacklist - The World Program of Invasive Species	Egypt	English	Global	B	Trends in implementation of policy responses preventing the introduction and establishment of invasive alien species	Proportion of countries adopting relevant national legislation and adequately resourcing the prevention or control of invasive alien species (indicator for SDG target 15.8)
Butterfly Fish - Indicator of ornamental fish trade and overfishing	Egypt	English	National	B	None	
Catch from Lake Bardawil from 1999 to 2009	Egypt	English	National	B	Trends in fishing practices	None
Change in Coral Cover	Egypt	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Change in Coral Cover in Hurghada, 2001-2011	Egypt	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Change in Coral Cover in Southern House Reefs, 2001-2011	Egypt	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Change in Coral Cover in Southern Sites, 2001-2011	Egypt	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Change in Lake Burullus Area (Coastal wetland and RAMSAR site)	Egypt	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Change in Soft and Hard Coral Cover along the Sinai Coast	Egypt	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Changes in Habitat Area due to Land Use Changes in 1988, 2011 and the projected change by 2023	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Changes in Habitat Area due to Land Use Changes in 1988, 2011 and the projected change by 2023	Egypt	English	National	B	None	
Changes in Lake Area 2008	Egypt	English	National	B	None	
Changes in Lake Area for the Four Nile Delta Lakes (prior to 1950 to 2008)	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Changes in Lake Manzala Area	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Changes in Lake Maryout Area	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Changes in Mangrove Area (ha) from 2006 to 2009	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Changes in the Extent of Invasive Species in Egypt from 2004 to 2010	Egypt	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Crown-of-thorns Starfish - Can cause major damage to coral reefs through predation during outbreak (PERSGA)	Egypt	English	Regional	B	None	
Development of Fish Catch in Lake Edku from 1997 to 2010	Egypt	English	National	B	Trends in fishing practices	None
Development of Fish Catch in Lake Maryout from 1920 to 2010	Egypt	English	National	B	Trends in fishing practices	None
Development of Fish Catch in Lake Maryout from 1974 to 2005	Egypt	English	National	B	Trends in fishing practices	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Development of Organic Farming in Egypt	Egypt	English	National	B	Trends in proportion of area of agriculture under sustainable practices	Areas of agricultural land under organic production
Diving Activities on Coral Reefs in Different Diving Areas during 2007	Egypt	English	National	B	Trends in pressures on coral reefs	None
Diving Impacts on Coral Reefs (SOE, 1997)	Egypt	English	National	B	Trends in pressures on coral reefs	None
Effects of Patrolling and Diving on Red Sea Coral Reefs (Hurghada and Southern Areas)	Egypt	English	National	B	Trends in responses to reduce pressures on coral reefs	No specific indicators identified
Fertilizer use trend over time 2001, 2003, 2015	Egypt	English	National	B	Trends in pollutants	None
Fertilizer, pesticides and herbicides consumption	Egypt	English	National	B	Trends in pollutants	Trends in pesticide use
Fish catch and production trends as aquatic biodiversity indicators	Egypt	English	National	B	None	
Fish Catch from Lake Burullus from 1999 to 2009	Egypt	English	National	B	Trends in fishing practices	None
Fish Catch of Major Species from Lake Maryout from 1962 to 2005	Egypt	English	National	B	Trends in fishing practices	None
Fish Catch of Minor Species from Lake Maryout from 1962 to 2005	Egypt	English	National	B	Trends in fishing practices	None
Fish Production and Economy Losses due to Pollution in Lake Edku from 1997 to 2010	Egypt	English	National	B	Trends in proportion of fish stocks outside safe biological limits	None
Fish production by source of waterbody in 1993, 2001, 2009 (tonns and perc)	Egypt	English	National	B	Trends in fishing practices	None
Gain/Loss in Habitat Area under Three Climate Change Scenarios Combined with Different Land Use Scenarios by 2023: a) No land use; b) Current land use; and c) Projected land use. (Gain/loss is expressed as percentage of the potential habitat area for each species under the baseline climate and no land use)	Egypt	English	National	B	Trends in extent and condition of other vulnerable ecosystems impacted by climate change or ocean acidification	No specific indicators identified
Giant Clams - Indicator of overfishing by Direct collection from reefs for food (PERSGA)	Egypt	English	Regional	B	None	
Groupers (larger than 30cm) - Indicators of overfishing by line-fishing and spearfishing close to reef area (PERSGA)	Egypt	English	Regional	B	None	
Hard Coral Cover - Indicators greatly affected by the distribution of hard substratum on a reef as well as by health of coral living there (PERSGA)	Egypt	English	Regional	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Invasive Species Recorded in Egypt by species type (perc)	Egypt	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Key Coral Reef Indicator Species Abundance in 2002 and 2008	Egypt	English	National	B	Trends in extent and condition of coral reefs	None
Lake Edku Pollution (1997-2010) - National Welfare Losses	Egypt	English	National	B	Trends in ecosystems affected by pollution	None
Loss of Open Water (Lakes) from 1973 to 2011	Egypt	English	National	B	Trends in extent of natural habitats other than forest	None
Marine Trophic Index	Egypt	English	Global	B	None	
Money lost (in Egyptian pounds) due to pollinator numbers decline due to the use of pesticides	Egypt	English	National	B	Trends in ecosystems affected by pollution	None
Number of Genera and Species of Reef-building Corals in Egypt's Red Sea	Egypt	English	National	B	None	
Nutrient Indicator Algae (NIA) - Seaweed algae as indicators of hard nutrient input from land-based sources such as fertilizers and sewage pollution of the sea (PERSGA)	Egypt	English	Regional	B	None	
Parrotfish - Indicators of overfishing	Egypt	English	National	B	None	
Percentage endemic species and total number of Red Sea coral reefs	Egypt	English	National	B	Trends in extent and condition of coral reefs	None
Percentage of fish sampled in the four Delta lakes contained DDT	Egypt	English	National	B	Trends in extinction risk and populations driven by pollution	None
Percentage of Key Threats to Protected Areas (SOE, 2010)	Egypt	English	National	B	None	
Phosphorus and Nitrogen deposition trends in fish catch as Eutrophication Indicators	Egypt	English	National	B	Trends in nutrient levels	Trends in nitrogen deposition
Potential distribution of Noaea mucronata under different land use and climate scenarios	Egypt	English	National	B	Trends in species extinction risk and populations or condition of other vulnerable ecosystems impacted by climate change or ocean acidification	None
Reedbed Areas from 1973 to 2011	Egypt	English	National	B	None	
Relative Areas and Fish Production in the Four Delta Lakes	Egypt	English	National	B	None	
Reported Aquaculture Production in Egypt from 1950 to 2010 (FAO Statistics)	Egypt	English	Global	B	None	
Sea Cucumber - Indicator of direct collection as exported food (PERSGA)	Egypt	English	Regional	B	None	
Sea Cucumber - Indicator of direct collection as exported food (PERSGA)	Egypt	English	Regional	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Snapper - Overfishing Indicator (PERSGA)	Egypt	English	Regional	B	None	
Spiny Lobsters - Indicator of overfishing by direct collection from reefs for food (PERSGA)	Egypt	English	Regional	B	None	
Sweetlips - Indicators of overfishing by line-fishing and spearfishing close to reef areas (PERSGA)	Egypt	English	Regional	B	None	
The World Database on Protected Areas (WDPA) through irreplaceability and pressure indicators	Egypt	English	Global	B	None	
Threats to Biodiversity in Protected Areas	Egypt	English	National	B	None	
Total aquaculture production in Egypt from 1950 to 2010 according to FAO statistics	Egypt	English	Global	B	None	
Trends in extent of selected biomes, ecosystems, and habitats	Egypt	English	National	B	None	
Abundance of Indicator Species in 2002 and 2008	Egypt	English	National	C	None	
Animals in Ex-situ Conservation Programmes	Egypt	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Annual Estimates of Green Turtle Nesting Females on Zabargad Island	Egypt	English	National	C	None	
Annual expenditure and revenue from protected area (2001-2012)	Egypt	English	National	C	Trends in effectiveness and/or equitability of management of conserved areas	None
Annual Macrobenthos Density of Lake Bardawil from 1984 to 2007	Egypt	English	National	C	None	
Annual Nesting Success of Female Green Turtles on Zabargad Island	Egypt	English	National	C	Trends in extinctions prevented	Number of extinctions prevented by conservation action
Annual Number of Green Turtle True Nests on Zabargad Island	Egypt	English	National	C	None	
Annual Total Number of Green Turtle Tracks on Zabargad Island	Egypt	English	National	C	None	
Area of Desert Protected Areas Trend data	Egypt	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Bird Species Recorded in Egypt IUCN Red List - threatened bird species	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Change in Cheetah population in the western desert	Egypt	English	National	C	None	
Change in plant species in Wadi Allaqi	Egypt	English	National	C	None	
Coverage of protected areas	Egypt	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Development of Red Data List - status ranking by taxonomic groups	Egypt	English	National	C	None	
Dorcas Gazelle Activity index in South Sinai from 1996 to 2010	Egypt	English	National	C	None	
El Omayed plant species endangered to extinction and threatened	Egypt	English	National	C	Trends in extinction risk and populations of species	None
Fish Diversity and Density trends	Egypt	English	National	C	None	
Geological Protected Areas 1989 to 2013	Egypt	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
IUCN Protected Area Categories Perc	Egypt	English	Global	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
IUCN Red List 2013 - threatened species count and country rank	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Macrobenthos Diversity of Lake Bardawil from 1984 to 2007	Egypt	English	National	C	None	
Migration Distances and Home Range Areas of Post-nesting Green Turtles in the Red Sea	Egypt	English	National	C	None	
Nesting Success (NS%) for Different Green Turtle Populations	Egypt	English	National	C	Trends in extinctions prevented	Number of extinctions prevented by conservation action
Number and Percentage of freshwater species threatened with extinction by taxa (using IUCN Red LIST)	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Number and Percentage of Threatened Species of Various Taxonomic Groups in 2010	Egypt	English	National	C	Trends in extinction risk and populations of species	None
Number and threatened level of species in Bradawil (including Egyptian tortoise) IUCN Red List	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Number and Type of plant species in arid area	Egypt	English	National	C	None	
Number and Type of species in mountainous area by taxa	Egypt	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number and type of species in Nile river ecosystem by taxa	Egypt	English	National	C	None	
Number and type of species in Northern Delta Lakes by taxa	Egypt	English	National	C	None	
Number of Coastal and Marine Species Diversity by type	Egypt	English	National	C	None	
Number of dead turtles found and identified in 2012 Lake Bardawil	Egypt	English	National	C	None	
Number of Important Bird Areas in Egypt	Egypt	English	National	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
Number of Protected Areas from 1993-2012	Egypt	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of species in Red Sea mangrove ecosystems	Egypt	English	National	C	None	
Percentage composition of macrobenthos groups of Lake Bardawil from 1984 to 2007	Egypt	English	National	C	None	
Plant Genetic Resources Count (crop by number of genera and species) - National Gene Bank (2006-2007)	Egypt	English	National	C	Trends in genetic diversity of cultivated plants	Number of plant genetic resource for food and agriculture surveyed/inventoried
Plant Genetic Resources Existing in the National Gene Bank	Egypt	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Progress of Coastal and Marine Protected Areas from 1980 - 2010	Egypt	English	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Protected Areas Ecological Groups Percentage	Egypt	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Red List of Apocynaceae Plant Family, Euphorbiaceae, Amaranthaceae, Primulaceae-number of species, and Percentage by threat level	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Red List of Mammals, butterflies, Odonata number of species, and Percentage by threat level	Egypt	English	Global	C	Trends in extinction risk and populations of species	None
Total count and endemic species of flora in Egypt	Egypt	English	National	C	None	
Total nesting females Green Turtle in Nesting sites	Egypt	English	National	C	None	
Trends in abundance and distribution of selected species	Egypt	English	National	C	None	
Cost of protection of Red Sea coastal areas from erosion by coral reefs and mangroves	Egypt	English	National	D	Trends in benefits from ecosystem services	None
Relative Size of Revenues from Market Based Reef-related Goods and Services	Egypt	English	National	D	Trends in benefits from ecosystem services	None
Number of species registred for protection and documentation of traditional knowledge	Egypt	English	National	E	Trends in which traditional knowledge and practices are respected through their full integration, safeguards and the full and effective participation of indigenous and local communities in the national implementation of the Strategic Plan	Number of local community-based monitoring on traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity
Progress of NBSAP implementation in Policy	Egypt	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Revision and implementation of NBSAP in line with the convention	Egypt	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with developed or revised NBSAPs
Area of land that has been aforested with various tree species	Ethiopia	English	National	B	Trends in extent of forest	None
Change in forest cover - percentage trend (1900-2013)	Ethiopia	English	National	B	Trends in extent of forest	None
Extent of performances of area closure (natural regeneration) 2009-2013	Ethiopia	English	National	B	None	
Number of seedlings of indigenous and exotic tree species planted 2011-2013	Ethiopia	English	National	B	None	
Observed and simulated precipitation and temperature changes in Ethiopia for 2020-2040	Ethiopia	English	National	B	None	
Changes in ex situ holdings of plants, cattle breeds and microbes over time (2009-2013)	Ethiopia	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of breeds of indigenous farm animals	Ethiopia	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of higher plant species and endemism Perc	Ethiopia	English	National	C	None	
Number of PA by types and total PA Percentage cover of the country	Ethiopia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
number of threatened tree and shrub species; bird, reptile, amphibian, fish and other invertebrate species	Ethiopia	English	National	C	Trends in extinction risk and populations of species	None
Percentage of the poultry breeds are reported to be either pure exotics or hybrids	Ethiopia	English	National	C	None	
Percentage of the total number of medicinal plants that are endemic	Ethiopia	English	National	C	None	
Total number and number of endemic species by taxa	Ethiopia	English	National	C	None	
Percentage of the Ethiopian population are rural and depend on community knowledge and innovations for agricultural production	Ethiopia	English	National	E	Trends in which traditional knowledge and practices are respected through their full integration, safeguards and the full and effective participation of indigenous and local communities in the national implementation of the Strategic Plan	Number of local community-based monitoring on traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity
Number of Sites of Community Importance - Habitats Directive	Greece	English	Regional	A	None	
Number of environmental education projects developed in 2013-2014 (including the number of students and teachers involved)	Greece	English	National	A	None	
Percentage of people that had heard the term and knew the meaning of biodiversity	Greece	English	National	A	None	
Allocation of agricultural land uses	Greece	English	National	B	None	
Area of forest destructed by 2007 fires (including area of nature 2000 sites destructed)	Greece	English	National	B	Trends in degradation of forest and other natural habitats	None
Comparative data on forest and other wooded land extent by forest type - change in area from 1990 to 2005	Greece	English	National	B	Trends in extent of forest	None
Ecosystems and habitats percentage extent by type	Greece	English	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Extent of areas of High nature Value by type and region in Greece, 2009	Greece	English	National	B	None	
Factors changing the wetlands' ecological character	Greece	English	National	B	None	
Forest cover of the country by forest type Percentage breakdown	Greece	English	National	B	Trends in extent of forest	None
Number and percentage of habitat type of European importance listed	Greece	English	Regional	B	None	
Percentage freshwater consumed by the agricultural sector	Greece	English	National	B	None	
Percentage of soil in the sensitive climate zones of Greece has been subjected to various stages of desertification (approx)	Greece	English	National	B	None	
Percentage of surface area of wetlands drained over 40 yr period (1925-1965)	Greece	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Total number of Greek wetlands by each wetland type	Greece	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Assessment of conservation status of habitat types of European interest (EU Habitats Directive), present in Greece	Greece	English	Regional	C	None	
Assessment Percentage of the conversation status of plant species of European interest - EU Habitats Directive	Greece	English	Regional	C	None	
Ex situ and in-situ gene conservation area coverage (1990-2005)	Greece	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Flora and fauna count with endemic and endangered species percentage	Greece	English	National	C	Trends in extinction risk and populations of species	None
Number of globally endangered species that are sighted in Greece - BirdLife InterNational	Greece	English	Global	C	Trends in extinction risk and populations of species	None
Number of seeds or clonal reproductive material maintained in the Greek Gene Bank or plantations	Greece	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of Special Protection Areas species - Birds Directive	Greece	English	Regional	C	None	
Number of taxa for species of Macrophytes, Coastal flora, Marine mammals, Marine reptiles, Fish, Zoobenthos.	Greece	English	National	C	None	
Number of Taxa included in the List of Threatened Macrofungi in Greece	Greece	English	National	C	Trends in extinction risk and populations of species	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of animal species recorded for the marine environment, including freshwater species	Greece	English	National	C	None	
Number of taxa recorded of marine macro-algae	Greece	English	National	C	None	
Number of terrestrial species recorded	Greece	English	National	C	None	
Numbers of animal species of European Importance protected under the EU Habitats Directive	Greece	English	Regional	C	None	
Percentage of endemism and important endemic regions listed.	Greece	English	National	C	None	
Percentage of vertebrate species considered endangered	Greece	English	National	C	Trends in extinction risk and populations of species	None
Protected terrestrial area percentage - European Common Database of Designated Areas	Greece	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Red data book species count according to threat status	Greece	English	Global	C	Trends in extinction risk and populations of species	None
Contribution of forestry sector to GDP	Greece	English	National	D	None	
number of Management Bodies established in protected sites and/or Special Protected Areas and Sites of Community Importance around the country.	Greece	English	National	E	None	
Total Percentage of bilateral aid budget and euros spent on biodiversity-related bilateral aid	Greece	English	National	E	None	
Annual Hard coral percentage cover	Jamaica	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Biodiversity Threats, Drivers and Associated Ecosystems and impacts economic sectors based on Expert Consultations	Jamaica	English	National	B	None	
End of 21st Century Climate Change Projections for Jamaica	Jamaica	English	National	B	None	
Erosion trends for 2013 (change in mean beach width compared to 2012)	Jamaica	English	National	B	None	
Forests cover area and Perc	Jamaica	English	National	B	Trends in extent of forest	None
Jamaica's Coral Reef Health Index (CRHI) for 23 sites	Jamaica	English	National	B	None	
Land Area showing Reforestation and Deforestation during the period 2010-2013	Jamaica	English	National	B	Trends in extent of forest	Trends in tree cover
List of IAS's identified as significant to Jamaica's biodiversity	Jamaica	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
MTIASIC project Iguana recovery - Number IAS of mongooses, cats and pigs captured	Jamaica	English	National	B	None	
Net erosion in meters experienced by Jamaica's beaches	Jamaica	English	National	B	None	
Number of 'Notices to Quit and Notices of Contraventions' issued in 2013	Jamaica	English	National	B	None	
Number of permits and licenses issued for harvesting lumber in Forest Reserves and estates	Jamaica	English	National	B	Trends in proportion of area of forest production under sustainable practices	Progress towards sustainable forest management (indicator for SDG target 15.2)
Percentage of forest protected	Jamaica	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Private ownership of forest Perc	Jamaica	English	National	B	None	
Species identified as most at risk to climate change	Jamaica	English	National	B	Trends in species extinction risk and populations or condition of other vulnerable ecosystems impacted by climate change or ocean acidification	None
BJMNP - number of breeding bird species, including the Black-Billed Parrot (endemic species)	Jamaica	English	National	C	None	
BJMNP - number of insect species, including endemic Giant Swallowtail Butterfly	Jamaica	English	National	C	None	
Blue and John Crow Mountains National Park (BJMNP) - Number of flowering plants and endemism Perc	Jamaica	English	National	C	None	
Cockpit Country's forest - nature Conservancy 'Parks in Peril' Project - number of vascular plant species, of which number of endemic species	Jamaica	English	Global	C	None	
Cockpit Country's forest- Number of Bat species, including obligate cave dwellers	Jamaica	English	National	C	None	
Cockpit Country's forest- number of native fern species, endemic land birds	Jamaica	English	National	C	None	
Hellshire Hills - Number of females Iguanas recorded as nesting in the monitored 1991-2013	Jamaica	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Hellshire Hills, Manatee Bay and Goat islands -growing plant species and new endemic plant species	Jamaica	English	National	C	None	
Iguana recovery project -hatchlings enumerated and sampled for Dna headstarters returned to Hellshire	Jamaica	English	National	C	None	
Nesting birds list in Jamaican Cays	Jamaica	English	National	C	None	
Number of endemic bromeliads and orchids	Jamaica	English	National	C	None	
Number of endemic Cacti species reduction	Jamaica	English	National	C	None	
Number of endemic trees	Jamaica	English	National	C	None	
Number of species of marine plants and animals	Jamaica	English	National	C	None	
Numberof nesting female Sea Turtles	Jamaica	English	National	C	None	
Numberof species of seabirds nest on mainland Jamaica and its offshore cays	Jamaica	English	National	C	None	
Percentage change in endemic species from 2009 of total number of species	Jamaica	English	National	C	None	
Percentage of bird species of which Percentage are nesting birds - Masked Booby (Sula dactylatra), Sooty Tern (Sterna fuscata), Brown Noddy (Anous stolidus) & Brown Booby (Sula leucogaster)	Jamaica	English	National	C	None	
Sea Turtles - Percentage increase in nesting activity in 2013	Jamaica	English	National	C	None	
Status of Endangered Species in Jamaica on the IUCN Red List (2010 & 2013)	Jamaica	English	Global	C	Trends in extinction risk and populations of species	None
Terrestrial Species Diversity in Jamaica by endemic and Indigenous species for 2009,2013	Jamaica	English	National	C	None	
Total number of indigenous butterfly species and their endemism Perc	Jamaica	English	National	C	None	
Biodiversity Projects and Funding Sources - by year and project partners and outputs	Jamaica	English	National	E	None	
Caribbean Wildlife Alliance -Floristic Survey of the Hellshire Hills, Manatee Bay, and Goat Islands, Jamaica: number of plant species, voucher specimens collected, Perc increase in the known floral species of the Hellshire Hills and Goat Islands	Jamaica	English	Global	E	None	
Jamaica Conservation and Development Trust - Programmes and Achievements over 2010-2013	Jamaica	English	National	E	None	
NEPA Enforcement Actions Taken for the Period April 2009 to March 2013	Jamaica	English	National	E	None	
Number of Watershed Management Units sampled for water quality indicators	Jamaica	English	National	E	None	
Amount of public space secured for water and greenery in urban areas (m2/person) 2006-2011	Japan	English	National	A	None	
Ecological Footprint	Japan	English	Global	A	Trends in use of natural resources and/or related concepts	Ecological footprint
Japan Habitat Evaluation and Certification Program (JHEP) certifications acquired within Japan (2009-2012)	Japan	English	National	A	None	
Number of municipalities participating in municipal biodiversity networks (2011-2013)	Japan	English	National	A	None	
Number of organizations participating in the Japan Business and Biodiversity (2010-2013)	Japan	English	National	A	None	
Recognition of the term "biodiversity" (2009,2012)	Japan	English	National	A	Trends in awareness and attitudes to biodiversity	None
The ratio of the formulation of basic plans on conserving green spaces and promoting greening that take securing biodiversity into consideration (Master Plan for Greenery)	Japan	English	National	A	None	
Achievement status for environmental standards for COD in closed water areas	Japan	English	National	B	None	
Achievement status for environmental standards for total nitrogen and phosphorus concentrations in closed water areas	Japan	English	National	B	Trends in nutrient levels	None
Achievement status for environmental standards for water quality in rivers, lakes/marshes, and marine areas	Japan	English	National	B	None	
Achievement status for environmental standards pertaining to the conservation of aquatic life	Japan	English	National	B	None	
Area of Protected Forests and Green Corridors on NationalForest 2002-2013	Japan	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Changes in the scale of coastal ecosystems	Japan	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Cumulative number of new eco farmer certifications (2002-2012)	Japan	English	National	B	None	
Distribution of and expansion forecast for the invasive alien species	Japan	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Forecast for changes in areas suitable as a habitat for Japanese Beech tree species due to Globalwarming	Japan	English	National	B	None	
Forest area footprint associated with the timber trade	Japan	English	National	B	None	
Improvement areas for the conservation of ecological networks (2003-2012)	Japan	English	National	B	None	
Inflow load of nitrogen and phosphorous from terrestrial areas	Japan	English	National	B	Trends in nutrient levels	Trends in nitrogen deposition
Number of Marine Eco-Label Japan, Marine Stewardship Council certifications (2008-2013)	Japan	English	National	B	None	
Number of cases of confirmation or acknowledgement pursuant to the Invasive Alien Species Act (2005-2012)	Japan	English	National	B	Trends in implementation of policy responses preventing the introduction and establishment of invasive alien species	Proportion of countries adopting relevant national legislation and adequately resourcing the prevention or control of invasive alien species (indicator for SDG target 15.8)
Number of mongoose captured for the amount of effort put into capturing them (animal/1000 traps per day) 2002 - 2012	Japan	English	National	B	None	
Number of mongooses captured (2002-2012)	Japan	English	National	B	None	
Number of resource management plans by fishermen and others (2011,2012)	Japan	English	National	B	None	
Number of Sustainable Green Ecosystem & Forest Stewardship Council forest certification area in Ha (2002-2012)	Japan	English	National	B	Trends in proportion of area of forest production under sustainable practices	Area of forest under sustainable management certification
Number of the Invasive Alien Species and invasive alien species threatening biodiversity, human health and or economy development and the number of unestablished species among these	Japan	English	National	B	Trends in impacts of invasive alien species on ecosystems	No specific indicators identified
Percentage of areas needing improvements to their bottom sediment	Japan	English	National	B	None	
Percentage of tidal flats restored	Japan	English	National	B	None	
Projection for changes in coral distribution due to Globalwarming and ocean acidification in the climate change scenario	Japan	English	National	B	None	
Proportion of the population in fishing villages that conduct wastewater treatment in fishing settlements	Japan	English	National	B	None	
Ratio of production on water surfaces subject to Aquaculture Improvement Plans that account for seawater culture production (2003-2012)	Japan	English	National	B	Trends in proportion of production of aquaculture under sustainable practices	No specific indicators identified
Relationship between coral bleaching and temperature in Sekisei lagoon	Japan	English	National	B	None	
Trends in clam species catch	Japan	English	National	B	None	
Distribution and expansion forecast for sika deer	Japan	English	National	C	None	
Inhabitation mesh number - 2002-2012 Amami Rabbit and Okinawa Rail	Japan	English	National	C	None	
Ministry of the Environment's Red List - total number of threatened species by taxa	Japan	English	National	C	Trends in extinction risk and populations of species	None
Number of multilateral treaties on fisheries (2002-2013)	Japan	English	National	C	None	
Number of Programmes for Rehabilitation of natural Habitats and Maintenance of Viable Populations that have been formulated	Japan	English	National	C	None	
Number of threatened species of wild fauna and flora in Japan	Japan	English	National	C	Trends in extinction risk and populations of species	None
Number of wild Japanese crested ibis and Oriental stork	Japan	English	National	C	None	
Percentage of threatened species among the number of species subject to evaluation across the taxonomic groups of vertebrate animals, insects, and vascular plants	Japan	English	National	C	Trends in extinction risk and populations of species	None
Area of initiatives and number of locations for the Law for the Promotion of nature Restoration (2002-2012)	Japan	English	National	D	None	
Greenhouse gas removal through urban greening and similar initiatives	Japan	English	National	D	None	
Percentage of wetlands restored in particularly important water systems (2011,2012)	Japan	English	National	D	Trends in restoration of ecosystems that provide essential services	No specific indicators identified
Achievement status concerning numerical indicators in the Nationalstrategy (partial extract)	Japan	English	National	E	None	
Average amount of (bilateral) support for biodiversity-related assistance from DAC countries from 2010-2011	Japan	English	National	E	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Formulation status of the Regional Biodiversity Strategy - total number, trends and area cover	Japan	English	National	E	None	
Number of countries that have revised their National biodiversity strategies from out of the party countries that have received technical support through the Japan Biodiversity Fund	Japan	English	National	E	None	
Number of Local Biodiversity Strategies formulated	Japan	English	National	E	None	
Status of data registration with the GBIF - number of registration for National Survey on the Natural Environment 2001-2013	Japan	English	Global	E	Number of maintained species inventories being used to implement the Convention	Growth in species occurrence records accessible through GBIF
Number of eco-schools established and those awarded with environmental excellence	Jordan	English	National	A	Trends in awareness and attitudes to biodiversity	None
Number of Important Bird Areas and EBAs	Jordan	English	National	A	None	
Number of camps awarded under the green key in Wadi Rum and Petra areas over 2 yrs - eco-label for tourism	Jordan	English	National	A	None	
Area of wetland determined as Wetland for International Importance - RAMSAR	Jordan	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Area planted with forest trees and number of seedlings distributed in 2013	Jordan	English	National	B	Trends in extent of forest	Trends in tree cover
Key characteristics of the vegetation types along with its size, attributes, a percentage of coverage in established protected areas and their main challenges	Jordan	English	National	B	None	
List of biogeographic regions by representative ecosystems	Jordan	English	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Percentage of the forest cover that has a canopy density of 10% or more	Jordan	English	National	B	Trends in extent of forest	Trends in tree cover
Roadside plantation cover in km	Jordan	English	National	B	None	
Percent of forest land that receives more than 400mm of precipitation annually	Jordan	English	National	B	None	
Percentage of forest land that receives more than 250mm of precipitation annually	Jordan	English	National	B	None	
Gulf of Aqaba - number of species of fish, hard corals and soft corals	Jordan	English	National	C	None	
Mujib Nature Reserve - number of grazing flock and animals	Jordan	English	National	C	None	
National Seed Bank - number of accessions of PGRFA	Jordan	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number and total area of rangeland reserves in different ecosystems developed by MOA	Jordan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Number of animal species of which - mammal, birds and fish	Jordan	English	National	C	None	
Number of bryophytes recorded	Jordan	English	National	C	None	
Number of freshwater fish - number of genera and families	Jordan	English	National	C	None	
Number of globally threatened species of fauna - IUCN Red List 2014	Jordan	English	Global	C	Trends in extinction risk and populations of species	None
Number of nurseries belonging to MOA	Jordan	English	National	C	None	
Number of PGRFA Seeds Conserved at NCARE National Gene Bank 1994-2013	Jordan	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of plant species considered extinct	Jordan	English	National	C	Trends in number of extinctions	Number of species extinctions
Number of rare or very rare plant species	Jordan	English	National	C	None	
Number of red list species of mammals, birds, fish, reptiles, amphibians, mollusks, other invertebrates, plants and total	Jordan	English	National	C	Trends in extinction risk and populations of species	None
Number of species of forest trees and rangeland shrubs' material stored for seed center	Jordan	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of species of herpeto-fauna and snakes, tortoise, terrapin, lizards, Uromastix aegyptia and Varanus griseus	Jordan	English	National	C	None	
Number of species of mesozooplankton and larval stage of organisms	Jordan	English	National	C	None	
Number of species of vascular plants	Jordan	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percent of endemic fish species	Jordan	English	National	C	None	
Percent of total flora formed by specific plants	Jordan	English	National	C	None	
Percentage of total mammal species considered globally threatened - IUCN Red List 2014	Jordan	English	Global	C	Trends in extinction risk and populations of species	None
Percentage represented by Red Sea fish of total endemic fish species	Jordan	English	National	C	None	
Special Conservation Areas - Site list bit size, location, vegetation type, lead agency and main management intervention	Jordan	English	National	C	Trends in areas of particular importance for biodiversity conserved	None
Total area of protected are, list of Pas by area and date established	Jordan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Total number of birds and globally threatened birds	Jordan	English	National	C	Trends in extinction risk and populations of species	None
Total number of coral in Gulf of Aqaba	Jordan	English	National	C	None	
Total number of land birds, seabirds, migratory birds and water birds	Jordan	English	National	C	None	
Total number of protected areas established and total surface area	Jordan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Total number of species and Number of red list species of reptiles, amphibians, birds, freshwater fish -IUCN Res List 2014	Jordan	English	Global	C	Trends in extinction risk and populations of species	None
Types and percentage distribution of conserved PGR seeds accession at the NCARE gene bank	Jordan	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Amount in USD awarded for the rehabilitation and restoration of the Badia terrestrial ecosystem in 2008	Jordan	English	National	D	Trends in restoration of ecosystems that provide essential services	No specific indicators identified
Mujib Nature Reserve - amount in USD derived to local communities from the forage material	Jordan	English	National	D	Trends in the degree to which ecosystem services provides for the needs of women, indigenous and local communities, and the poor and vulnerable	None
Number of plant species are used by local Bedouins for medicinal purposes	Jordan	English	National	D	None	
Percentage of local crop production affected by losing insect pollination	Jordan	English	National	D	Trends in benefits from ecosystem services	None
Percentage of pastoralists using medicinal plants for treating sick animals	Jordan	English	National	D	None	
Percentage value of ecosystem services provided by insects to selected crops to Jordanian economy of the total value of these crops production	Jordan	English	National	D	Trends in benefits from ecosystem services	None
Community-Based Rangeland Rehabilitation Project - biomass and plant species increase	Jordan	English	National	E	Trends in which traditional knowledge and practices are respected through their full integration, safeguards and the full and effective participation of indigenous and local communities in the national implementation of the Strategic Plan	Number of local community-based monitoring on traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity
Percentage of representativeness of Aichi Targets within the strategic themes of 2003 NBSAP	Jordan	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Number of forestry stations and observation towers	Jordan	English	National	E	None	
Percentage reduction in electricity consumption on South Tarawa by solar energy	Kiribati	English	National	A	None	
The four license category to export coastal marine products by type and revenue	Kiribati	English	National	A	None	
Accretionary & erosional net rate	Kiribati	English	National	B	None	
Average Temperature 1970 – 2006	Kiribati	English	National	B	None	
Average, maxima, minima of annual rainfall in mm for period 1947 – 2004	Kiribati	English	National	B	None	
Fishermen report, 2009 the price for a best grade shark fin	Kiribati	English	National	B	None	
GIS Analysis of shoreline change 1998 – 2013 in naa, Buariki, North Tarawa	Kiribati	English	National	B	None	
Invasive species inventories on outer- island visited	Kiribati	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Land use Percentage for urban Betio	Kiribati	English	National	B	None	
Main fish products for Kiribati Fish Limited listed	Kiribati	English	National	B	None	
Mangroves replanting data in kiribati	Kiribati	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Monthly tuna catch landed at Kiribati Fish Limited by long line fishing fleet and local fishermen	Kiribati	English	National	B	None	
Percentage of the land area of main Gilberts Group (where 93.3Percentage of the population live) is covered with coconuts	Kiribati	English	National	B	None	
Percentage of the shoreline on islands in Kiribati displayed a discernible shift in position	Kiribati	English	National	B	None	
Sea cucumber production (kg) in 1998 – 2012	Kiribati	English	National	B	None	
Species composition of the Catch landed at Kiribati Fish Limited (KFL) by Long Line Fishing Fleet	Kiribati	English	National	B	None	
Tarawa Atoll Sea Level with analysis of trends of different time series	Kiribati	English	National	B	None	
Total tuna catch landed at the factory by the local fishermen and revenue generate to the fishermen	Kiribati	English	National	B	None	
Abundance of mangrove species in kiribati	Kiribati	English	National	C	None	
Distribution of major fish families surveyed in Onotoa Island, 2012	Kiribati	English	National	C	None	
List of Introduced Crop species to selected Islands	Kiribati	English	National	C	None	
List of main traditional food crops species that are decline in numbers of varieties	Kiribati	English	National	C	None	
Methods of species conservation by Agricultural and Fisheries Divisions	Kiribati	English	National	C	None	
Number of vegetable crops grown, staple food crops and tree crops planted	Kiribati	English	National	C	None	
Results of underwater visual census of coastal species on Onotoa Island, 2012	Kiribati	English	National	C	None	
Copra Production for Kiribati 2010-2013	Kiribati	English	National	D	None	
Domestic Marketing of Cake, Cocomut natural Oil(CNO) and Firewood for 2013 & 2012	Kiribati	English	National	D	None	
Fish Consumption Per Island of Kiribati	Kiribati	English	National	D	None	
Local employment for the Factory operation (marine and fisheries), number of local boat owners, long liners employment	Kiribati	English	National	D	None	
Major export commodities of copra	Kiribati	English	National	D	None	
Outer islands - Percentage of households listed copra as their main source of cash income	Kiribati	English	National	D	None	
Percentage of Kiribati population still depend on finfish as their main source of protein 2012	Kiribati	English	National	D	None	
Percentage tapped coconut trees for toddy for drink and food preparation	Kiribati	English	National	D	None	
Sea cucumber production in Kiribati	Kiribati	English	National	D	None	
Consolidated strategies at National, Regionaland interNationallevels	Kiribati	English	National	E	None	
companies and concessions are complying with biodiversity measure	Liberia	English	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	None
Number of secondary schools and universities participated in awareness activities	Liberia	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Number of timber sale contracts, Forest Management contracts and Private Use Permit	Liberia	English	National	A	None	
Percentage curricula and biosafety development for SLM in college of Agriculture/forestry University of Liberia	Liberia	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Progress indicator matrix of MDGs and targets - by baseline, current and target	Liberia	English	National	A	None	
Agriculture Concessions area list	Liberia	English	National	B	None	
Area of deciduous and evergreen forest	Liberia	English	National	B	Trends in extent of forest	None
Area of freshwater swampland and Percentage under cultivation	Liberia	English	National	B	None	
Concessions granted amounted and hectares of forest land under PUP	Liberia	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Deforestation rates for Liberia	Liberia	English	National	B	Trends in extent of forest	Trends in tree cover
Dense forest, open dense forest and agriculture degraded forest cover	Liberia	English	National	B	Trends in degradation of forest and other natural habitats	None
Distribution of forest land under the three categories of forestry	Liberia	English	National	B	Trends in extent of forest	None
Forest Cover and Perc	Liberia	English	National	B	Trends in extent of forest	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Forest Cover reduction in the Upper Guinea Forest Massif	Liberia	English	National	B	Trends in extent of forest	None
Forestry Concessions area list	Liberia	English	National	B	Trends in extent of forest	None
List of National forests by area	Liberia	English	National	B	Trends in extent of forest	None
Loss per year through illegal fishing	Liberia	English	National	B	Trends in proportion of fish stocks outside safe biological limits	None
Mining Concessions area list	Liberia	English	National	B	None	
Number of natural forests under partial protection	Liberia	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Number of sectoral laws and the environmental framework laws for control of alien and invasive species	Liberia	English	National	B	Trends in implementation of policy responses preventing the introduction and establishment of invasive alien species	Proportion of countries adopting relevant national legislation and adequately resourcing the prevention or control of invasive alien species (indicator for SDG target 15.8)
Percentage of plateaus cultivated for agriculture	Liberia	English	National	B	None	
Percentage of the remnant of the Upper Guinea Forest in Liberia	Liberia	English	National	B	Trends in extent of forest	None
Rainforest Perc	Liberia	English	National	B	Trends in extent of forest	None
Wetland area	Liberia	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Nimba slopes - number of genera of trees and bushes	Liberia	English	National	C	None	
Number of Marine Protected Areas identified	Liberia	English	National	C	Trends in area of coastal and marine areas conserved	Coverage of protected areas in relation to marine areas (indicator for SDG target 14.5)
Number of species by taxa	Liberia	English	National	C	None	
Number of species of fauna and flora identified and documented	Liberia	English	National	C	None	
Protected area cover	Liberia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Species, diversity, endemism and threat.	Liberia	English	Global	C	None	
Total area of Nationalparks and reserves	Liberia	English	National	C	None	
Aquatic ecosystems providing protein source to population Perc	Liberia	English	National	D	None	
Percentage of the population living in the rural areas depends on the products and services of agricultural, forestry and other extractive industries for their livelihood	Liberia	English	National	D	None	
Amount of nitrogen (kg) emitted per hectare of useful agricultural area	Luxembourg	French	National	B	Trends in nutrient levels	Trends in nitrogen deposition
Annual rate of land use (ha)	Luxembourg	French	National	B	None	
European Environment Agency - fragmentation coefficient	Luxembourg	French	Regional	B	Trends in fragmentation of forest and other natural habitats	No specific indicators identified
National Plan for the Protection of Nature - number of hectares of agricultural land under biodiversity contracts by 2011	Luxembourg	French	National	B	Trends in proportion of area of agriculture under sustainable practices	Proportion of agricultural area under productive and sustainable agriculture (indicator for SDG target 2.4)
National Plan for the Protection of Nature - Percentage of forested areas that are free-standing forests by 2010	Luxembourg	French	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Number of "Black Lists" of invasive plant and vertebrate species to monitor at the national level	Luxembourg	French	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Number of "natural" surface water bodies with a bad chemical status	Luxembourg	French	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Number of hectares lost of dry grassland landscapes	Luxembourg	French	National	B	Trends in fragmentation of forest and other natural habitats	No specific indicators identified
Number of hectares of undeveloped land (agricultural and forested areas) lost at the national level between 1999 and 2007	Luxembourg	French	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Number of national habitat territories of the great grey shrike lost between 2006 and 2012	Luxembourg	French	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage annual reduction of surface area of meadow grasslands	Luxembourg	French	National	B	Trends in extent of natural habitats other than forest	None
Percentage decrease of linear landscape structures (hedges and rows of trees)	Luxembourg	French	National	B	Trends in extent of forest	Trends in tree cover
Percentage of "heavily modified" water bodies with average to bad ecological and chemical status	Luxembourg	French	National	B	None	
Percentage of "natural" surface water bodies in good ecological status and Percentage of "natural" surface water bodies in average to bad ecological status	Luxembourg	French	National	B	None	
Percentage of degraded ecosystem surface area between 1962 and 2007 for wetlands, semi-open landscapes, and dry grasslands/heaths	Luxembourg	French	National	B	Trends in degradation of forest and other natural habitats	Proportion of land that is degraded over total land area (indicator for SDG target 15.3)
Percentage of groundwater bodies with a bad chemical status	Luxembourg	French	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Percentage of pressures and threats on natural ecosystems as evaluated by the Habitat and Bird Directives	Luxembourg	French	Regional	B	None	
Rate of soil erosion (tons/ha/year)	Luxembourg	French	National	B	None	
Birds Directive - conservation status of birds targeted by the EU Birds Directive, divided into 5 status categories	Luxembourg	French	Regional	C	None	
Birds Directive - Percentage change in population of rare and/or threatened bird species of open habitats between 1995 and 2015	Luxembourg	French	National	C	None	
Butterfly conservation status (Meyer 2000 red list) in 2011	Luxembourg	French	National	C	None	
Change in total area (ha) of nature reserves and total area (ha) of new nature reserves from 1987 to 2013	Luxembourg	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Conservation status and number of animal species grouped by different habitat type	Luxembourg	French	National	C	None	
Coverage of protected areas	Luxembourg	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Habitats Directive - conservation status of habitats in 2013, including the number of different habitat types categorized among 3 status levels	Luxembourg	French	Regional	C	None	
Habitats Directive - conservation status of species in 2013, including the number of different species categorized among 4 status levels	Luxembourg	French	Regional	C	None	
Habitats Directive - Percentage of animal species listed in Appendix II of the directive with an unfavorable conservation status in 2013	Luxembourg	French	Regional	C	None	
Habitats Directive - Percentage of animal species targeted by the directive with an unfavorable conservation status	Luxembourg	French	Regional	C	None	
Habitats Directive - Percentage of habitats with an unfavorable status	Luxembourg	French	Regional	C	None	
National Plan for the Protection of Nature - number of hectares managed under biodiversity contracts	Luxembourg	French	National	C	None	
National Plan for the Protection of Nature - number of nature protection priority measures established and implemented between 2007 and 2011	Luxembourg	French	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
National Plan for the Protection of Nature - number of priority projects to establish an ecological network that connects green spaces	Luxembourg	French	National	C	None	
Natura 2000 - number of new Natura 2000 sites in 2015	Luxembourg	French	Regional	C	None	
Natura 2000 - Percentage of current Habitat and Bird Directives Natura 2000 sites with a management plan	Luxembourg	French	Regional	C	None	
Natura 2000 - Percentage of territory surface area converted to Natura 2000 sites	Luxembourg	French	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of animal species that have a declining conservation status; number of animal species with an improved conservation status from 2007 to 2013	Luxembourg	French	National	C	None	
Number of national natural parks	Luxembourg	French	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Number of vascular plant species at the national level	Luxembourg	French	National	C	None	
Number of zones, and Percentage of the territory's surface area, that are classified as a nature reserve	Luxembourg	French	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Ramsar - number of wetlands of international importance on the Ramsar list	Luxembourg	French	Global	C	Trends in extent of natural habitats other than forest	Wetland extent
Rate (perc) of bee hive mortality and number of bee hives between 2010 and 2013	Luxembourg	French	National	C	None	
Natura 2000 - number of current Habitat and Bird Directives Natura 2000 sites of community interest	Luxembourg	French	Regional	D	None	
Number of municipalities that sustainably manage their communal forests	Luxembourg	French	National	D	None	
Number of water retention projects and/or ecological restoration of rivers projects	Luxembourg	French	National	D	Trends in restoration of ecosystems that provide essential services	No specific indicators identified
National expenditure (euro) on different biodiversity protection measures	Luxembourg	French	National	E	None	
Number of plant and animal monitoring programs, including species of the Habitat Directive	Luxembourg	French	National	E	None	
Number of species and habitat action plans established since 2009	Luxembourg	French	National	E	None	
Percentage cover of the national territory of biological stations; growth in area (ha) of biological stations between 2011 and 2015	Luxembourg	French	National	E	None	
NFP policy implementation - number of seedlings of mangrove trees and other suitable tree species planted in 2005-2013	Malaysia	English	National	A	None	
Percentage of wildlife cases were prosecuted in court, due to the removal of the prerogative to compound offences being repealed (2011-2013)	Malaysia	English	National	A	None	
Area of Permanent Reserved Forests/Permanent Forest Estate	Malaysia	English	National	B	Trends in extent of forest	None
Coral reefs cover	Malaysia	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Mangrove areas change 2009-2012	Malaysia	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Number of permanent stations for sea grass and water quality monitoring in Lawas waters	Malaysia	English	National	B	None	
Number of species of fish that are dependent on coral reefs as a habitat	Malaysia	English	National	B	None	
Percentage and area of Malaysia forested	Malaysia	English	National	B	Trends in extent of forest	None
Total forested area in Malaysia for the year 2010 - 2012	Malaysia	English	National	B	Trends in extent of forest	None
Trends in live coral cover from the year 2007 – 2012	Malaysia	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Areas declared under National Park and nature Reserves Ordinance as MPA total	Malaysia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Distribution of Pygmy Elephant in Sabah, population and action plan for protection	Malaysia	English	National	C	None	
Hawksbill, Leatherbacks, Green Turtles and Olive Ridley turtle decline Perc, annual nesting density	Malaysia	English	National	C	None	
High Priority Areas for Orangutans in Sabah and with population estimates for each areas and Orangutan populations by number of individuals	Malaysia	English	National	C	None	
IUCN Red List GlobalStatus for Hawksbill, Leatherbacks, Green Turtles and Olive Ridley	Malaysia	English	Global	C	None	
IUCN Red List status of Orangutans are found both in Sabah and Sarawak	Malaysia	English	Global	C	None	
Marine protected area Perc	Malaysia	English	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Mount Kinabalu - number of plant species & endemism Perc	Malaysia	English	National	C	None	
Number and list of species of marine turtles found to be nesting on Malaysian beaches	Malaysia	English	National	C	None	
Number of HCVF established for the in-situ conservation of various unique biodiversity criteria	Malaysia	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of preserved specimens as insect genetic resource	Malaysia	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of RAMSAR sites designated	Malaysia	English	Global	C	None	
Number of species and families of tree flora	Malaysia	English	National	C	None	
Number of species listed and thereby protected under the Wildlife Conservation Act	Malaysia	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of species of corals, and Percentage representation of world's coral species found.	Malaysia	English	National	C	None	
Number of species of invertebrates	Malaysia	English	National	C	None	
Number of species of shorebirds in Bako Buntal Bay area in Sarawak	Malaysia	English	National	C	None	
Number of species of shorebirds in Bako Buntal Bay area in Sarawak	Malaysia	English	National	C	None	
Number of species of true mangroves	Malaysia	English	National	C	None	
Number of species of vertebrate taxa	Malaysia	English	National	C	None	
Percentage of endemic tree species in Peninsular Malaysia, Percentage of area forested	Malaysia	English	National	C	None	
Percentage of population of Orangutans live outside of protected areas	Malaysia	English	National	C	None	
Population of Proboscis monkey	Malaysia	English	National	C	None	
Population size and density estimates in 5 major elephant ranges in Sabah	Malaysia	English	National	C	None	
Population, habitat size, and action plan for recovery of Malayan tiger (1950s, 2004, 2020)	Malaysia	English	National	C	None	
Red List of Mammals (222 species)- IUCN 2009	Malaysia	English	Global	C	Trends in extinction risk and populations of species	None
Rice germplasms collection conserved in seed gene banks - Total rice accessions is found in MARDI, Sabah and Sarawak	Malaysia	English	National	C	Trends in genetic diversity of cultivated plants	Number of plant genetic resource for food and agriculture surveyed/inventoried
Sabah - Wildlife sanctuaries, Wildlife Conservation Areas, Gazette Terrestrial parks	Malaysia	English	National	C	None	
Statistics of Total Leatherback Turtle Nesting in Peninsular Malaysia from 2001-2010	Malaysia	English	National	C	None	
Summary of Malaysia's overall biodiversity richness - including Fungi and Mosses	Malaysia	English	National	C	None	
Total number of marine parks in Peninsular Malaysia and The Federal Territory of Labuan	Malaysia	English	National	C	None	
Total Protected Areas statistics (2012), Number of Protected Areas in Sarawak	Malaysia	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of people with direct employment in Peninsular Malaysia's forestry sector	Malaysia	English	National	D	None	
Total Economic Value (TEV) of the Pulau Payar Marine Park in Kedah & Labuan Marine Park	Malaysia	English	National	D	None	
Total export earnings from timber and timber products in 2012	Malaysia	English	National	D	None	
Value of coral reefs per hectare per year	Malaysia	English	National	D	None	
Years when National and interNational biodiversity policies were ratified	Malaysia	English	National	E	None	
Legal instruments for biodiversity management & conservation	Mexico	Spanish	National	A	Trends in integration of biodiversity and ecosystem service values into sectoral and development policies	None
Management programs elaborated	Mexico	Spanish	National	A	None	
Number of families using energy-saving stoves	Mexico	Spanish	National	A	Trends in incorporation of measures of stock and flow of natural resources into national accounting	Number of countries implementing natural resource accounts, excluding energy, within the System of Environmental-Economic Accounting (SEEA)
Published images on biodiversity (species)	Mexico	Spanish	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
Reproductions CONABIO's youtube content	Mexico	Spanish	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
Strategies that address biodiversity directly	Mexico	Spanish	National	A	None	
Visits to Mexican websites with biodiversity content	Mexico	Spanish	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
Number of Exotic Species Introduced by taxonomic group	Mexico	Spanish	National	B	Trends in the numbers of invasive alien species introduction and establishment events	Trends in the numbers of invasive alien species introduction events
Accidental releases of GMOs	Mexico	Spanish	National	B	None	
Allowed cultivated area for GMOs	Mexico	Spanish	National	B	None	
Annual rate of mangrove area loss	Mexico	Spanish	National	B	Trends in fragmentation of forest and other natural habitats	No specific indicators identified
Anthropogenic impact composite index	Mexico	Spanish	National	B	None	
Average Annual Temperature Increase at Country Level	Mexico	Spanish	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Cultivated area by species	Mexico	Spanish	National	B	None	
Daily Generation of Solid Waste	Mexico	Spanish	National	B	Trends in pollutants	None
Greenhouse gas emissions by category	Mexico	Spanish	National	B	Trends in pollutants	None
Loss of natural ecosystems	Mexico	Spanish	National	B	Trends in fragmentation of forest and other natural habitats	No specific indicators identified
Loss of primary vegetation	Mexico	Spanish	National	B	None	
National Wetland Inventory	Mexico	Spanish	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Number of emergencies due to soil contamination by oil	Mexico	Spanish	National	B	Trends in pollutants	None
Number of fires	Mexico	Spanish	National	B	None	
Number of Introduced Exotic Species	Mexico	Spanish	National	B	Trends in the numbers of invasive alien species introduction and establishment events	Trends in the numbers of invasive alien species introduction events
Percentage of fires per vegetation stratum	Mexico	Spanish	National	B	None	
Production by main marine species	Mexico	Spanish	National	B	None	
RAMSAR Sites	Mexico	Spanish	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Timber vs. non-timber forest production	Mexico	Spanish	National	B	None	
Trends in landuse per year	Mexico	Spanish	National	B	None	
Water bodies with some degree of contamination	Mexico	Spanish	National	B	Trends in ecosystems affected by pollution	None
Water quality monitoring network	Mexico	Spanish	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Big cats & their prey in numbers	Mexico	Spanish	National	C	None	
Endangered Species	Mexico	Spanish	National	C	Trends in extinction risk and populations of species	None
List of priority species for conservation	Mexico	Spanish	National	C	None	
Mangrove Extension	Mexico	Spanish	National	C	None	
Mushroom diversity	Mexico	Spanish	National	C	None	
National Coastal Vegetation	Mexico	Spanish	National	C	None	
Number & Distribution of corn breeds	Mexico	Spanish	National	C	Trends in genetic diversity of cultivated plants	None
People involved in collecting ceremonial plants	Mexico	Spanish	National	C	Trends in genetic diversity of socio-economically as well as culturally valuable species	No specific indicators identified
Plant species whose center of origin, domestication or diversification is Mexico, or Mesoamerica	Mexico	Spanish	National	C	None	
Priority sites for conservation	Mexico	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Protected area	Mexico	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Published research on genetic diversity by taxa	Mexico	Spanish	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Rate of change in landuse and landcover within protected areas	Mexico	Spanish	National	C	None	
Requests to use GMOs	Mexico	Spanish	National	C	Trends in genetic diversity of cultivated plants	None
Soil and Vegetation Use Chart	Mexico	Spanish	National	C	None	
Species of plants & animals listed in CITES appendices	Mexico	Spanish	National	C	None	
Wildlife Management and Conservation Units	Mexico	Spanish	National	C	None	
Environmental Degradation and Depletion Costs	Mexico	Spanish	National	D	None	
Payment for Environmental Services	Mexico	Spanish	National	D	Trends in benefits from ecosystem services	None
Water Reserves	Mexico	Spanish	National	D	Trends in benefits from ecosystem services	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Capital of the Payments for Environmental Services fund	Mexico	Spanish	National	E	Trends in the mobilization of financial resources	None
Estimated percentage of species described by taxonomic group	Mexico	Spanish	National	E	None	
Financial gap for protected area management	Mexico	Spanish	National	E	None	
Investment in water funds	Mexico	Spanish	National	E	Trends in the mobilization of financial resources	None
Agricultural biodiversity by number of species of crops grown	Nepal	English	National	B	None	
Changes in status of pro-poor leasehold forestry in between 2008 and 2013	Nepal	English	National	B	None	
Distribution of Parthenium hysterophorus across different physiographic regions of Nepal	Nepal	English	National	B	None	
Land use percentage	Nepal	English	National	B	None	
Number of indigenous and endemic fish species supported by wetlands	Nepal	English	National	B	None	
Number of plants and animals supported by wetlands	Nepal	English	National	B	None	
Number of RAMSAR wetland sites in Nepal	Nepal	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Protected forests established after 2009 listed with conservation significance	Nepal	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Threatened tree species found in the mountains of Nepal and IUCN threat category	Nepal	English	Global	B	Trends in extinction risk and populations of habitat specialist species in each major habitat type	None
Ex-situ conservation efforts by number of species in various taxa, agro-genetic conservation efforts made via genebank	Nepal	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
IUCN Red List - Changes in number of threatened bird species; Number of selected group of species in the Red List	Nepal	English	Global	C	Trends in extinction risk and populations of species	None
Nepal's (Perc) share of Globaldiversity of flora and fauna	Nepal	English	National	C	None	
Number and type of ecosystem by physiographic zones	Nepal	English	National	C	None	
Number of flora and fauna species found in the mountain ecoregions	Nepal	English	National	C	None	
Number of Globalpriority ecoregions found in mountains of Nepal	Nepal	English	National	C	None	
Number of Gyps vultures in 2012 in Vulture Conservation and Breeding Centers	Nepal	English	National	C	None	
Number of plants and animal species endemic to Nepal	Nepal	English	National	C	None	
Percentage and area cover of Rangeland ecosystems	Nepal	English	National	C	None	
Percentage of species by taxa declared as protected species by Govt of Neapl	Nepal	English	National	C	None	
Protected Area Cover Expansion (Area and Perc)	Nepal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Tiger Population trends	Nepal	English	National	C	None	
Annual revenue from tourism in protected areas 2003-2012	Nepal	English	National	D	None	
Changes in status of community forestry	Nepal	English	National	D	None	
Numberof species of herbal medicinal plants are used by the rural people	Nepal	English	National	D	None	
Number of individuals consulted at different levels for NBSAP formation	Nepal	English	National	E	None	
Numberof cross-sectoral and sector-specific policies, strategies or legislations related to biodiversity have been formulated and implemented since 2009	Nepal	English	National	E	None	
Percentage of individuals in the consultations from different type of agencies for NBSAP formation	Nepal	English	National	E	None	
Status of implementation of Nepal Biodiversity Strategy (2002) by sector	Nepal	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Trend of climate change related funding in Nepal	Nepal	English	National	E	None	
Trend of funding to naRC Divisions related to agro-biodiversity	Nepal	English	National	E	None	
Trends and sources of funding for management of forestry programs	Nepal	English	National	E	None	
Biodiversity awareness question - trend in concern about environmental issues 2001, 2011	Norway	English	National	A	Trends in awareness and attitudes to biodiversity	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Biodiversity awareness question responses 1985-2011	Norway	English	National	A	Trends in awareness and attitudes to biodiversity	None
Funding trend for environmental groups and outdoor recreation organizations 2005 ad 2014	Norway	English	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	None
Number of authorized nature information centers, national park centers, centers on predators and wetland centers.	Norway	English	National	A	Trends in awareness and attitudes to biodiversity	None
Number of national bodies established for management responsibility for protected area	Norway	English	National	A	None	
Number of visitors to the Norwegian Nature Inspectorate 2010-2013	Norway	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Number of web users taking a course on Nature Diversity Act	Norway	English	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
Percentage of the population in favor of giving priority to biodiversity protection	Norway	English	National	A	Trends in awareness and attitudes to biodiversity	None
Ecological status of Norway's surface water bodies (rivers and lakes)	Norway	English	National	B	None	
Incremental increase percent of total forest area per year for 2005-2010	Norway	English	National	B	Trends in extent of forest	None
Norway's major ecosystems - area in km square and percentage of total land area	Norway	English	National	B	None	
Norway's major ecosystems - Nature Index value in 2010 and trend from 1990 to 2010	Norway	English	National	B	None	
Number of alien species assigned to severe impact and high impact category in 1880	Norway	English	National	B	Trends in extinction risk and populations driven by invasive alien species impacts	None
Number of forest species that are threatened or near-threatened - Norwegian Red List	Norway	English	Global	B	Trends in extinction risk and populations of habitat specialist species in each major habitat type	None
Number of livestock of that classifies as native considered to be critically endangered	Norway	English	National	B	Trends in extinction risk and populations of agro-ecosystem associated species	None
Number of mountain habitats threatened - Norwegian Red List for nature types	Norway	English	Global	B	None	
Number of nature reserves established in Norwegian forests from 2005-2014	Norway	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Number of threatened and near threatened species affected by land-use change, forestry activated and agricultural activities	Norway	English	National	B	None	
Percent and total area of productive forest protected from logging in key biotopes	Norway	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
percentage of and total number of threatened and near threatened species by the effects of anthropogenic activities	Norway	English	National	B	None	
Percentage of cultivated land that is farmed ecologically	Norway	English	National	B	Trends in proportion of area of agriculture under sustainable practices	Proportion of agricultural area under productive and sustainable agriculture (indicator for SDG target 2.4)
Percentage of land-use change by pollution, climate change, harvesting (over-exploitation) and alien species are the five major global pressures on biological diversity	Norway	English	National	B	None	
Percentage of mainland Norway covered by forest	Norway	English	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Total alien species and of those, number that have had risk assessments performed	Norway	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Total area of commercially exploitable forest and of that % of which has environmental inventories carried out	Norway	English	National	B	None	
Total area of forest and area of productive forest	Norway	English	National	B	Trends in extent of forest	None
Total area so productive forest and percentage of it protected under the Nature Diversity Act	Norway	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Total grant towards project that prevents nutrient runoff from agricultural area	Norway	English	National	B	Trends in nutrient levels	None
Total spawning stock biomass of key Norwegian demersal fish stocks, 1985–2012	Norway	English	National	B	None	
Total spawning stock biomass of key Norwegian pelagic fish stocks, 1985–2012	Norway	English	National	B	None	
Area of fisheries protection zone around Svalbard and fisheries zone around Jan Mayen	Norway	English	National	B	Trends in fishing practices	Number of countries with legislation allowing for actions for the protection of vulnerable habitats (including VMEs), and addressing threats to ecosystem structure and function

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Norway's major ecosystems - Number of threatened and near threatened species and habitat types	Norway	English	National	C	Trends in extinction risk and populations of species	None
Norwegian brown bear population and number of litters for year 2012	Norway	English	National	C	None	
Number and area covered of marine protected Areas to the Convention for the Protection of them Marine Environment in the North-East Atlantic (OSPAR)	Norway	English	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Number and area of nature reserve established in Norwegian forest 2005-2014	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Number and Percentage of sea birds species that are threatened or near threatened	Norway	English	National	C	Trends in extinction risk and populations of species	None
Number of cultural landscapes of importance established	Norway	English	National	C	None	
Number of European species of Sphagnum moss found in Norway	Norway	English	National	C	None	
Number of institutions that has deposited seed samples - 2013	Norway	English	National	C	Trends in genetic diversity of cultivated plants	Number of plant genetic resource for food and agriculture surveyed/inventoried
Number of lynx litters in 2013	Norway	English	National	C	None	
Number of management areas with conservation status for wild reindeer population in southern Norway	Norway	English	National	C	None	
Number of marine mammals, birds, moss species, lichen, fungi, vascular plants and invertebrates - Svalbard archipelago	Norway	English	National	C	None	
Number of mountain species on the Norwegian Red List	Norway	English	Global	C	None	
Number of multicellular organisms recorded in the country	Norway	English	National	C	None	
Number of red-list species and threatened species in Svalbard	Norway	English	National	C	Trends in extinction risk and populations of species	None
Number of regularly breeding bird species - Jan Mayen island	Norway	English	National	C	None	
Number of species in coastal waters and the littoral zone have been red-listed as threatened or near-threatened	Norway	English	National	C	Trends in extinction risk and populations of species	None
Number of species of threatened or near threatened species in Norway's sea area of which, number that is naturally rare	Norway	English	National	C	Trends in extinction risk and populations of habitat specialist species in each major habitat type	None
Number of species recorded in the Northeast Atlantic of with percentage of fish	Norway	English	National	C	None	
Number of wetland species in Norwegian Red List	Norway	English	Global	C	Trends in extinction risk and populations of species	None
Number of wolverine (Gulo gulo) 2012/12 and number of litters 2012	Norway	English	National	C	None	
Percent of land area and territorial waters protected on the Svalbard archipelago	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Percent of mosses and vascular plants in the mountain habitat	Norway	English	National	C	None	
Percent of species associated with the cultural landscape threatened	Norway	English	National	C	None	
Percentage and number of all species of Norway found in the forest	Norway	English	National	C	None	
Percentage area of wetland protected under the Nature Diversity Act and of those that are on the Ramsar List of Wetlands	Norway	English	Global	C	Trends in areas of particular importance for biodiversity conserved	None
Percentage area of wetland protected under the Nature Diversity Act and of those that are on the Ramsar List of Wetlands	Norway	English	Global	C	Trends in areas of particular importance for biodiversity conserved	None
Percentage increase in the long term safety deposit of seeds in the Svalbard Global Seed Vault in 2013	Norway	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Percentage of Svalbard's land area and territorial waters protected under the Svalbard's Environmental Protection Act (2002-2008)	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Percentage of mainland land protected under the Nature Diversity Act for year 2013	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Percentage of territorial water of Svalbard protected as nature reserves or national parks 2002-2008	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Percentage of the world's bumble bees species recorded in Norway	Norway	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Population of the Arctic fox 2009	Norway	English	National	C	None	
Svalbard Global Seed Vault - number of seeds and number of institutes depositing - 2013	Norway	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Total area given statutory protection - number of national park and natural reserves	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Total area given statutory protection, number of new national parks and national reserves	Norway	English	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Allocation in million USD for Norwegian Government's International Climate Forest Initiative 2008	Norway	English	National	E	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	None
Amount of allocations in million NOK for forest conservation of 2014	Norway	English	National	E	Trends in the mobilization of financial resources	None
International expenditures on Official Development Aid related to biodiversity from Norway in the period 2006-2012.	Norway	English	National	E	Trends in the mobilization of financial resources	None
Knowledge building project - number of new species recorded in Norway	Norway	English	National	E	Number of maintained species inventories being used to implement the Convention	None
Number of action plans dealing with red-listed species and habitat types 2005 - Norwegian environmental agency	Norway	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	None
Percentage of mainland Norway managed under the Planning and Building Act 1996 nationwide environmental spelling competition - number of children, schools, cities participating	Norway	English	National	E	None	
Number and area extent of Community Conservation Area	Pakistan	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Area of forest lost between 2000-2010 GlobalForest Watch WRI	Pakistan	English	Global	B	Trends in extent of forest	None
Forest cover - Percentage by province and district name	Pakistan	English	National	B	Trends in extent of forest	None
Land area Percentage by type	Pakistan	English	National	B	None	
Landings of sharks, guitar fishes, and rays between 1999 – 2007	Pakistan	English	National	B	None	
Major threats to different forest types (Reproduced from RFP REDD+	Pakistan	English	Global	B	None	
Mangrove Biomes - area cover	Pakistan	English	National	B	None	
Money loss due to rangeland degradation and deforestation - 2007 World Bank	Pakistan	English	Global	B	None	
Number and list of Global200 priority ecosystems found in Pakistan	Pakistan	English	Global	B	None	
Number of introduced fish species	Pakistan	English	National	B	None	
Pakistan Sustainable Cotton Initiatives (PSCI) - 2005	Pakistan	English	National	B	Trends in proportion of area of agriculture under sustainable practices	Proportion of agricultural area under productive and sustainable agriculture (indicator for SDG target 2.4)
Percentage breakdown of forestry product use	Pakistan	English	National	B	None	
Status of vegetation cover and annual change - from REDD+	Pakistan	English	Global	B	None	
Washuk district - 1999 and 2005- Numbercamels died during the drought	Pakistan	English	National	B	None	
Chir Pheasant, Western Horned Tragopan, Musk Deer, Woolly Flying Squirrel reintroduction efforts & recorded population	Pakistan	English	National	C	None	
Green Turtle Population recorded at Sandspit and Hawkesbay Beaches (2001-2010)	Pakistan	English	National	C	None	
Himalayan ibex, Marco polo sheep, brown bears sightings and population	Pakistan	English	National	C	None	
Indus flyway bird species Perc	Pakistan	English	National	C	None	
Juniper Man & Biosphere Reserve extent	Pakistan	English	National	C	None	
Number of fish species of freshwater and marine.	Pakistan	English	National	C	None	
Number of Species in different Fauna Groups by taxa	Pakistan	English	National	C	None	
Number of species of invertebrates by taxa	Pakistan	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of taxa published in flora of Pakistan	Pakistan	English	National	C	None	
Percentage of mammalian species endemic of total mamal population	Pakistan	English	National	C	None	
Pteridophytes, Bryophytes and Algae number of species listed.	Pakistan	English	National	C	None	
Total number of PA and new PA established	Pakistan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
list of laws and policies formulated in line with NBSAP	Pakistan	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Northern Region- number of municipalities that have submitted their MMPs (Municipal Master Plan)	Portugal	English	National	A	None	
Number of companies whose products get the EU Ecolabel (REUE) certification	Portugal	English	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	Number of countries with national instruments on biodiversity relevant tradable permit schemes
Number of events and website developed to increase biodiversity awareness	Portugal	English	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
Number of organization with the Community Eco-Management and Audit Scheme registration	Portugal	English	National	A	Trends in extent to which biodiversity and ecosystem values are incorporated into organizational accounting and reporting	No specific indicator identified
number of organizations certified by ISO 14001:2004 change from 2003 to 2013	Portugal	English	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	Number of countries with national instruments on biodiversity relevant tradable permit schemes
Number of products and services created as part of biodiversity awareness building efforts	Portugal	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Number of websites to promote biodiversity resources maintained by Biodiversity Group of the University of the Azores	Portugal	English	National	A	Trends in awareness and attitudes to biodiversity	Online interest in biodiversity (Google Trends)
The use of forest biomass in the ARA, for domestic or industrial use in the 2011-2013 in cubic meters	Portugal	English	National	A	Trends in use of natural resources and/or related concepts	None
Value of taxes in million euros with environmental relevance in 2013 and percentage decrease compared to 2012	Portugal	English	National	A	None	
Weight of taxes with environmental relevance in Gross Domestic Product - 2006 and 2016 Percentage Change	Portugal	English	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	Number of countries with national instruments on biodiversity-relevant taxes, charges and fees
Azorean biodiversity Kit - number of schools, students and teaches distributed to.	Portugal	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Autonomous Region of the Azores - number of habitats (terrestrial and marine)	Portugal	English	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Biomass in tones of hake stock in 2012	Portugal	English	National	B	Trends in proportion of fish stocks outside safe biological limits	None
Ecological status of natural surface-waters in the different Hydrographic Regions - quality percentage 2010	Portugal	English	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Forest Ecosystem percentage of mainland Portugal	Portugal	English	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Habitat Directive Report - Comparison of the assessments for the periods 2007-2012 and 2001-2006 by habitat group	Portugal	English	Regional	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Habitat Directive Report - Percentage of habitat assessments reported to be affected by one or more "high" importance pressure or threat.	Portugal	English	Regional	B	None	
Laurel forest - percentage and area cover of the Madeira island	Portugal	English	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Laurel forest - protection mandates - Habitats Directive and World Heritage site	Portugal	English	Regional	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Number and percentage of bathing waters (coastal or transitional waters and inland waters) monitored in 2013 for quality	Portugal	English	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Organic agriculture production increase in percentage from 1994 to 2012 of the total utilized agricultural land	Portugal	English	National	B	Trends in proportion of area of agriculture under sustainable practices	Areas of agricultural land under organic production

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Overall aquaculture production in tons and increase percentage from 2011 to 2012	Portugal	English	National	B	Trends in proportion of production of aquaculture under sustainable practices	No specific indicators identified
Percent of pasture area covered by predominant type of organic production mode agricultural crops	Portugal	English	National	B	Trends in proportion of area of agriculture under sustainable practices	Areas of agricultural land under organic production
Percentage of national bodies of water have good or superior quality	Portugal	English	National	B	Trends in nutrient levels	Proportion of bodies of water with good ambient water quality (indicator for SDG target 6.3)
Percentage of sheep and cattle that resulted from organic production mode	Portugal	English	National	B	Trends in extinction risk and populations of agro-ecosystem associated species	None
production of fish and bivalve mollusks in brackish and marine waters - total production percentage	Portugal	English	National	B	None	
The natural or semi-natural area in hectares, with percentage representation of the land territory of the ARA.	Portugal	English	National	B	None	
Annual evolution of the population indexes of the <i>Rhinolophus ferrumequinum</i> for the hibernation station calculated by the TRIM software (1988-2012 data)	Portugal	English	National	C	None	
Annual evolution of the population indexes of the <i>Rhinolophus ferrumequinum</i> for the maternity station calculated by the TRIM software (1988-2012 data)	Portugal	English	National	C	None	
Area in km square of Gorringe Bank contributed substantially to the extension of the N2000 to the marine environment	Portugal	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Autonomous Region of Madeira - number of species of algae	Portugal	English	National	C	None	
Autonomous Region of Madeira - Percentage of land biodiversity in animal phylum and in plants and fungi	Portugal	English	National	C	None	
Autonomous Region of Madeira - total invertebrates, decapod crustaceans and Cirripedia catalogues	Portugal	English	National	C	None	
Autonomous Region of Madeira - Total taxa (breakdown by species) and total percentage endemism	Portugal	English	National	C	None	
Autonomous Region of the Azores - Arthropods species, subspecies and endemic species	Portugal	English	National	C	None	
Autonomous Region of the Azores - number of nesting and non-nesting birds	Portugal	English	National	C	None	
Autonomous Region of the Azores - total number of species and subspecies	Portugal	English	National	C	None	
Autonomous Region of the Azores - number of terrestrial taxa and endemic taxa	Portugal	English	National	C	None	
Autonomous Region of the Azores- number of biosphere reserves	Portugal	English	Global	C	None	
Azores - Number of species of elasmobranchs and sharks	Portugal	English	National	C	None	
Birds Directive Report - Trends of bird populations range in the Madeira archipelago	Portugal	English	Regional	C	None	
Birds Directive Report - Percentage of assessments of nesting bird species reported to be affected by one or more 'high' pressures or threats in the Azores archipelago.	Portugal	English	Regional	C	None	
Birds Directive Report - Percentage of evaluations of nesting and wintering bird species reported to be affected by one or more "high" pressures or threats in mainland Portugal.	Portugal	English	Regional	C	None	
Birds Directive Report - Percentages of nesting bird species reported to be affected by one or more 'high' pressures or threats in the Madeira archipelago.	Portugal	English	Regional	C	None	
Birds Directive Report - Trends of bird populations in mainland Portugal	Portugal	English	Regional	C	None	
Birds Directive Report - Trends of bird populations in the Azores archipelago	Portugal	English	Regional	C	None	
Classified Areas in the ARA (% of the terrestrial surface) area in 2010 and 2014	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Evolution of the breeding population since 2003, year in which the imperial eagle re-nested in Portugal, showing a slow recovery of the species.	Portugal	English	National	C	None	
Habitat Directive Report - Percentage of species assessments (except Birds) reported to be affected by one or more "high" importance pressure or threat.	Portugal	English	Regional	C	None	
Habitat Directive Report - comparison of the assessments for the periods 2007-2012 and 2001-2006 by species group	Portugal	English	Regional	C	None	
Habitat Directive Report - Conservation status of species (except birds) and habitats in biogeographic regions for the period 2007-2012	Portugal	English	Regional	C	Trends in extinction risk and populations of species	None
Madeira and Selvages archipelagos - number of bryophytes and number of Macronesian endemics	Portugal	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Network of Protected Areas of the Azores by terrestrial area, marine area and total area in Ha	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of Island National Parks in Autonomous Region of the Azores	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Trends in the appropriate recognition of other effective area-based conservation measures areas and appropriate support provided to them
Number of projects implemented that significantly cover the priority habitats of the archipelago	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Number of registered species of coastal fish in Madeira Sea	Portugal	English	National	C	None	
Number of Sites of the Natura 2000 network in mainland Portugal, Madeira and the Azores by total area, terrestrial area percent and number of marine sights - Bird Directive	Portugal	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of Sites of the Natura 2000 network in mainland Portugal, Madeira and the Azores by total area, terrestrial area percent and number of marine sights - Habitat Directive	Portugal	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of taxa from the archipelagos selected as priorities for management in the European Macaronesia	Portugal	English	National	C	None	
Percentage of protected area and/or classified area occupied by agriculture and forestry ecosystem total	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	None
Percentage of seeds of the plant taxa legally protected under the Habitats Directive conserved in the long term, in a germplasm bank, with Percentage of these species also being included in a DNA bank.	Portugal	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Portugal participates in the PCECLI - Ex Situ Conservation Programmed - number of lynx specimens created in Portugal, of which number released in Spain Portugal	Portugal	English	National	C	Trends in genetic diversity of socio-economically as well as culturally valuable species	No specific indicators identified
SACs - Special Areas of Conservation in the ARM by area	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Seed Bank of the Azores - number of new species and number of samples	Portugal	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Sites of the Natura 2000 network in mainland Portugal by total area, terrestrial area percent and number of marine sights - Bird Directive and Habitat Directive	Portugal	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
SPAs - Special Protection Areas in the ARM by area	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
State of conservation of the species by taxonomic group at national level	Portugal	English	National	C	None	
Taxa of bryophytes (including species, subspecies and several taxonomically relevant varieties) Percentage of European species and Percentage of all Iberian bryophytes.	Portugal	English	National	C	None	
Terrestrial area of the ARA occupied by the Natura 2000 network - 2010 and 2014 land area percentage and area in Ha	Portugal	English	Regional	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Terrestrial area of the ARA occupied by the Network of Protected Areas in 2010 and 2014 - Percentage terrestrial area, and protected area in Ha	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
The Germplasm Bank of the Botanic Gardens of the University of Trás-os-Montes and Alto Douro - number of species of vascular fauna and Percentage of Portuguese specimens	Portugal	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Total area an percentage of National Network of Protected Areas	Portugal	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Breakdown of bilateral ODA by Environment and Biodiversity Markers 2010-2013 in euro and percentage	Portugal	English	National	E	Trends in the mobilization of financial resources	Official development assistance and public expenditure on conservation and sustainable use of biodiversity and ecosystems (indicator for SDG target 15.a and 15.b)

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Contributions to the Global Environment Facility (GEF) 2007-2013	Portugal	English	National	E	Trends in the mobilization of financial resources	Official development assistance and public expenditure on conservation and sustainable use of biodiversity and ecosystems (indicator for SDG target 15.a and 15.b)
Habitat Directive Report -Percentage of biogeographic assessments for the 2007-2012 and 2001-2006 periods for habitat and species groups (except for Birds).	Portugal	English	Regional	E	None	
Portuguese Official Development Assistance (ODA) registered a percentage change 2010-2011	Portugal	English	National	E	Trends in the mobilization of financial resources	Official development assistance and public expenditure on conservation and sustainable use of biodiversity and ecosystems (indicator for SDG target 15.a and 15.b)
The Portuguese Bilateral ODA represents percentage	Portugal	English	National	E	None	
The trend of the geographical concentration of Portuguese ODA 2011-2012	Portugal	English	National	E	None	
Launch of Korea Business and Biodiversity Initiative - number of participants and CEOs	Republic of Korea	English	National	A	None	
Major areas related to biodiversity and the government agencies in charge listed	Republic of Korea	English	National	A	None	
Number of forming and operating Biodiversity Partnership - 2014-2018	Republic of Korea	English	National	A	None	
Number of poaching cases persecuted in 2005 and 2011	Republic of Korea	English	National	A	None	
Number of species by taxa in legal management for recreational & trade related activity (game, breeding and capture, transport, export, hunting etc.)	Republic of Korea	English	National	A	Trends in population and extinction risk of utilized species, including species in trade	None
Organisation for Economic Co-operation and Development (OECD) Green Growth Indicator	Republic of Korea	English	Global	A	None	
Public awareness of biodiversity in Korea Percentage and number of establishment for promoting local biodiversity strategy	Republic of Korea	English	National	A	None	
Rate of recycling resources domestically and interNationally, 2010-2012 by Samsung Electronics	Republic of Korea	English	National	A	None	
Visitors to Nationalparks 2002-2013	Republic of Korea	English	National	A	None	
Area and number of regestered RAMSAR wetland sites	Republic of Korea	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Climate change prediction Percentage of temp and rainfall increase	Republic of Korea	English	National	B	None	
Farmland ecosystem area and Percentage - change In area 1990-2011, number of species by taxa in ecosystem	Republic of Korea	English	National	B	None	
Fishery resources restriction - Total Allowable Catch amount & no catch days by fish species	Republic of Korea	English	National	B	None	
Forest Degradation cause, Percentage and area extent in 1945	Republic of Korea	English	National	B	Trends in degradation of forest and other natural habitats	None
Forest Ecosystem area - highlighted regions, number of species in each by taxa. Change in forest area - 1978-2010	Republic of Korea	English	National	B	Trends in extent of forest	None
Machilus thunbergii as climate change indicator species	Republic of Korea	English	National	B	None	
National Reforestation Program of Korea 1962- 1987 success factor by volume Percentage of deforested land reduced	Republic of Korea	English	National	B	Trends in extent of forest	None
Number of maritime IAS and agricultural alien pests identified	Republic of Korea	English	National	B	None	
pH change from 1980s to 2006 - soil acidification	Republic of Korea	English	National	B	None	
Total number of alien species introduced into the country naturally or artifically - off that, number of alien invasive species	Republic of Korea	English	National	B	Trends in the numbers of invasive alien species introduction and establishment events	Trends in the numbers of invasive alien species introduction events

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Wetland area trend - 1984 to 2008	Republic of Korea	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
2014 EPI Korea rank and score in 'biodiversity and habitat category', and 'for the changes made to the biodiversity and habitat in the last decades'.	Republic of Korea	English	Global	C	None	
Biodiversity Classification - count by species and total	Republic of Korea	English	National	C	None	
Construction of ecology network and expansion of biodiversity conservation infrastructure outlined by area and type	Republic of Korea	English	National	C	None	
Crested Ibis Restoration Project, population of Crested Ibis increases from 2 individuals.	Republic of Korea	English	National	C	None	
Designation of plants and animals included in legal management (unit: species)	Republic of Korea	English	National	C	None	
DMZ Zone - total number of species and endangered species	Republic of Korea	English	National	C	Trends in extinction risk and populations of species	None
Endangered wild plants and animals notified by ME - count by species and total	Republic of Korea	English	National	C	Trends in extinction risk and populations of species	None
Island, Coastal and Marine ecosystem areas - highlighted regions, number of species in each by taxa	Republic of Korea	English	National	C	None	
Migratory birds- Percentage of migratory birds of total birds and number of birds sited from each country	Republic of Korea	English	National	C	None	
No. of registration of genetic resource for National management	Republic of Korea	English	National	C	None	
Number of Wild Animals Rescue Centers	Republic of Korea	English	National	C	None	
Number of legislation established for Zoo and botanical gardens.	Republic of Korea	English	National	C	None	
Number of measures established to prevent incident capture of marine animals	Republic of Korea	English	National	C	None	
Number of wild animal rescue and management centers, 'National Wild Animal Health Research Institute' established (2014-2018)	Republic of Korea	English	National	C	None	
Population of vulnerable species - Asiatic black bear. Asiatic Black Bear Restoration Project - 2009-2013 population increase.	Republic of Korea	English	National	C	None	
Protected Area classification and area extent information - including eg. marine ecosystem protected area, Wetland PA, forest Genetic Resource Protected Area	Republic of Korea	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Bilateral agreements on the protection of migratory birds with Russia, Australia and China signed in 1994, 2006, and 2007, respectively.	Republic of Korea	English	National	E	None	
Climate sensitive species research by National Institute of Biological Resources (NIBR) under Ministry of Environment (ME)	Republic of Korea	English	National	E	None	
Current status of establishment of biodiversity research institutes	Republic of Korea	English	National	E	None	
Enactment of National Acts as legislation listed with enactment date	Republic of Korea	English	National	E	None	
Strategies of Korea's 2nd NBSAP (2009-2013) formulated and listed. NBSAP achievement 1997, 2009, 2014.	Republic of Korea	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with developed or revised NBSAPs
International Protected areas - World Heritage, RAMSAR, UNESCO MAB	Republic of Palau	English	Global	A	None	
Climate Change Effects, Implications, and Possible Impact on Biodiversity listed	Republic of Palau	English	National	B	Trends in pressures on other vulnerable ecosystems impacted by climate change or ocean acidification	No specific indicators identified
Number of species of coral by coral type	Republic of Palau	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Palau Megapode - Percentage of nesting ground habitat in low-lying coastal strand forests	Republic of Palau	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage of the megapode nesting grounds washed away by 'king' tide.	Republic of Palau	English	National	B	None	
Total coral reef habitat cover - by reef type	Republic of Palau	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Area of natural reserves under some form of conservation	Republic of Palau	English	National	C	None	
Echinoderms: Sea Stars, Urchins, and Sea Cucumbers number of species	Republic of Palau	English	National	C	None	
Endemic Plant Species of Concern listed by threat level	Republic of Palau	English	National	C	Trends in extinction risk and populations of species	None
Major Groups of Terrestrial Arthropods of Palau listed by taxa	Republic of Palau	English	National	C	None	
National protected area by IUCN category - area and number of sites	Republic of Palau	English	Global	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
native and Introduced Species of Mammals	Republic of Palau	English	National	C	None	
Number of bird species, including categorization of bird type and endemism.	Republic of Palau	English	National	C	None	
Number of freshwater mollusc species	Republic of Palau	English	National	C	None	
Number of Important Bird Areas	Republic of Palau	English	Global	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
Number of protected area network	Republic of Palau	English	National	C	Trends in connectivity and integration of conserved areas	None
Number of species of insects and arthropods, and endemism Perc	Republic of Palau	English	National	C	None	
Number of species of Order Schizomida or Short-tailed Whipscorpions	Republic of Palau	English	National	C	None	
Number of species of reef fish	Republic of Palau	English	National	C	None	
Number of species of reptiles, amphibians, herpetofauna, sea turtles, snakes, lizards (including endemism), crocodile	Republic of Palau	English	National	C	None	
Number of species of sea snakes, saltwater croc and cetaceans	Republic of Palau	English	National	C	None	
Number of species of sea turtles	Republic of Palau	English	National	C	None	
Percentage of land snails species endemic to Palau	Republic of Palau	English	National	C	None	
Percentage of Micronesian fish species are found in Palau	Republic of Palau	English	National	C	None	
species of marine fish are known endemics to the Palau/Yap region	Republic of Palau	English	National	C	None	
Percentage of population depending on Ngerikiil Watershed for primary source of drinking water	Republic of Palau	English	National	D	None	
Policies and laws reviewed in the report listed by year and sector	Republic of South Sudan	English	National	A	None	
Forest plantations cover area	Republic of South Sudan	English	National	B	Trends in extent of forest	None
Forest reserves cover area	Republic of South Sudan	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Green belt & Arid Zone precipitation range	Republic of South Sudan	English	National	B	None	
Number of RAMSAR sites and Wetland of International Importance	Republic of South Sudan	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Oil industry activities with Potential Risks to the Environment and Biodiversity	Republic of South Sudan	English	National	B	None	
Overlap of elephant habitat and oil/gas concessions in South Sudan	Republic of South Sudan	English	National	B	None	
Percentage of forests lost to deforestation every year	Republic of South Sudan	English	National	B	Trends in extent of forest	Trends in tree cover
Sustainable yield from wild fisheries tonnes/year and \$	Republic of South Sudan	English	National	B	Trends in fishing practices	Number and coverage of stocks with adaptive management systems / plans
A list of completely protected wildlife species in South Sudan (Draft Wildlife Conservation & Protected Areas Bill 2015)	Republic of South Sudan	English	National	C	None	
Comparison of population estimates of larger ungulates in the years 1980 and 2001 in Boma National Park	Republic of South Sudan	English	National	C	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Game reserves cover area	Republic of South Sudan	English	National	C	None	
Imatong Forest - vascular plant and bird species population	Republic of South Sudan	English	National	C	None	
Nationalparks cover area	Republic of South Sudan	English	National	C	None	
Percentage of recorded plant species of South Sudan found in Montane forests	Republic of South Sudan	English	National	C	None	
Protected area estate covers and land area Perc	Republic of South Sudan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Protected areas under the Ministry of wildlife Conservation and Tourism	Republic of South Sudan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
South Sudan protected areas and proposed extensions (WCS, 2015) South Sudan country office	Republic of South Sudan	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Percentage of South Sudan's total sheanut production exported	Republic of South Sudan	English	National	D	None	
Percentage of the population relying on fisheries as a primary source of livelihood	Republic of South Sudan	English	National	D	None	
Percentage of the population that has access to improved sources of drinking water	Republic of South Sudan	English	National	D	Trends in the degree to which ecosystem services provides for the needs of women, indigenous and local communities, and the poor and vulnerable	Percentage of population using safely managed drinking water services (indicator for SDG target 6.1)
Percentage of the population that use firewood or charcoal	Republic of South Sudan	English	National	D	None	
Number of agreements for protected areas management signed	Romania	English	National	A	None	
Area affected by binder and asbestos cement manufacturing plants	Romania	English	National	B	None	
Area affected by heavy metal content and sulphur dioxide emissions	Romania	English	National	B	None	
Area affected by pollution with waste and inorganic residues - including severely affected(areas by ha)	Romania	English	National	B	Trends in ecosystems affected by pollution	None
Area affected by radioactive matter pollution	Romania	English	National	B	None	
Aridity index - UNCDD	Romania	English	Global	B	None	
Chemical status Percentage of the surface water	Romania	English	National	B	Trends in ecosystems affected by pollution	None
Ecological status/ecological potential Percentage of water body	Romania	English	National	B	None	
Increase of temp in C - INMH	Romania	English	Global	B	None	
Nitrate Vulnerable Zones change Perc	Romania	English	National	B	None	
Number of areas vulnerable to nitrite pollution from agricultural sources have been identified	Romania	English	National	B	Trends in ecosystems affected by pollution	None
Number of habitat types and species/subspecies in each Annex of the Habitats Directive by biogeographical and marine regions	Romania	English	Regional	B	Trends in extent of natural habitats other than forest	None
Number of invasive species in different taxonomic groups - Pan- European Inventory of Alien Species – DAISE	Romania	English	Regional	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Number of significant sources of water pollution	Romania	English	National	B	None	
Percentage contribution of significant pollution sources to the total point form discharges inventoried	Romania	English	National	B	None	
Percentage of the country territory is allocated to housing developments	Romania	English	National	B	None	
Percentage of the Romanian forests and total area	Romania	English	National	B	Trends in extent of forest	None
Polluted lands, area affected by animal waste	Romania	English	National	B	None	
Sum of annual atmospheric precipitations	Romania	English	National	B	None	
Wetlands of interNational importance - Ramsar Convention	Romania	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Administration/custody of protected natural areas (2012)	Romania	English	National	C	None	
Area of High nature Value (HNV) grassland - and area of it protected	Romania	English	National	C	None	
Area of National interest, designated based on the IUCN criteria	Romania	English	Global	C	None	
Biosphere reserves - AB/ UNESCO Committee	Romania	English	Global	C	None	
Categories of protected areas in Romania - number, surface area and Perc	Romania	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Characteristic grassland species Perc	Romania	English	National	C	None	
Conservation status of species and habitats of EU interest	Romania	English	Global	C	None	
Number of bryophytes	Romania	English	National	C	None	
Number of natura 2000 sites	Romania	English	Global	C	None	
Number of Red List of vascular plant	Romania	English	Global	C	None	
Number of species and subspecies of vascular plants, number declared natural monuments, extinct, critically endangered & vulnerable.	Romania	English	National	C	Trends in extinction risk and populations of species	None
Percentage of the total protected natural areas in Romania were taken in a form of management, administration or custody	Romania	English	National	C	None	
Red List categorization, including algae, lichens, invertebrates and vertebrates (fish, amphibians, birds & mammals)	Romania	English	Global	C	Trends in extinction risk and populations of species	None
Special bird protection areas number and coverage	Romania	English	National	C	None	
Sites of community importance number and coverage	Romania	English	National	E	None	
Sites of the natural and cultural world heritage - Paris Convention	Romania	English	Global	E	None	
Trend of poaching (snares) over 11 years (2003-2013 in Nyungwe NationalPark	Rwanda	English	National	A	Trends in population and extinction risk of utilized species, including species in trade	Proportion of traded wildlife that was poached or illicitly trafficked (indicator for SDG target 15.7)
Akagera sub-basin fish species count	Rwanda	English	National	B	None	
Alien invasive species - listed with description	Rwanda	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Encounter rates of illegal activities in Nyungwe NationalPark, Period 2003 - 2013/NNP	Rwanda	English	National	B	None	
Rugezi wetland complex - Status and trends of species diversity	Rwanda	English	National	B	None	
Rweru - Mugesera wetland complex -Status and trends of species diversity	Rwanda	English	National	B	None	
Akagera NationalPark ecological zones percentage	Rwanda	English	National	C	None	
Akagera wetland complex - Trends of species diversity	Rwanda	English	National	C	None	
Gishwati NationalForest reserve - Trends of species diversity	Rwanda	English	National	C	None	
IUCN Red List species status for species in- Akagera wetland complex, Gishwati National Forest reserve, Mukura National Forest Reserve, Rugezi wetland complex	Rwanda	English	Global	C	Trends in extinction risk and populations of species	None
Lake Kivu Islands Biodiversity - Status and trends of species diversity	Rwanda	English	National	C	None	
Mukura NationalForest Reserve - Trends of species diversity	Rwanda	English	National	C	None	
Nyungwe NationalPark - Trends of species diversity	Rwanda	English	National	C	None	
Other 9 remnant natural forests -Status and trends of species diversity	Rwanda	English	National	C	None	
Primates' troops trends in ANP - Blue monkey, Vervet monkey and Olive baboons	Rwanda	English	National	C	None	
Status of other fauna species of Volcanoes NationalPark in 2011	Rwanda	English	National	C	None	
The Volcanoes NationalPark (VNP) - Virunga massif Gorilla population census from 1971-2010	Rwanda	English	National	C	None	
The Volcanoes NationalPark (VNP)- CITES Convention, number of orchids species under preservation	Rwanda	English	Global	C	None	
Trends of wildlife census results for Akagera NationalPark	Rwanda	English	National	C	None	
Ungulates' population trends for ANP - Buffalo, Zebra, Waterbuck, Eland.	Rwanda	English	National	C	None	
Wildlife population estimates, trends and threats posed	Rwanda	English	National	C	None	
Akagera Nationalpark (ANP) and Nyungwe NationalPark (NNP) tourism trend.	Rwanda	English	National	D	None	
Area damaged by wildfires	Saint Lucia	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Decline Percentage in agricultural landholdings between 1996 and 2007	Saint Lucia	English	National	B	None	
Distribution percentage of fish landings for 2012	Saint Lucia	English	National	B	None	
Number of alien invasive species	Saint Lucia	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Number of persons employed by fisheries sector	Saint Lucia	English	National	B	None	
Percentage of fish species increasing or decreasing based on fish-landing analysis	Saint Lucia	English	National	B	None	
Percentage of forest damaged in 2010 Hurricane Tomas	Saint Lucia	English	National	B	None	
The forests in Saint Lucia cover- including area of network of government Forest Reserves	Saint Lucia	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Management area for White Breasted Thrasher	Saint Lucia	English	National	C	None	
Number of and sightings of Saint Lucia Racer	Saint Lucia	English	National	C	None	
Number of marine reserves - including number of RAMSAR sites	Saint Lucia	English	Global	C	Trends in area of coastal and marine areas conserved	Coverage of protected areas in relation to marine areas (indicator for SDG target 14.5)
Number of native species already disappearing	Saint Lucia	English	National	C	Trends in number of extinctions	Number of species extinctions
Number of Seabirds nesting in IBAs	Saint Lucia	English	Global	C	None	
Percent of the endemic birds and reptiles	Saint Lucia	English	National	C	None	
Species Distribution for Saint Lucia Flora	Saint Lucia	English	National	C	None	
White Breasted Thrasher Percentage found in the country	Saint Lucia	English	National	C	None	
Percentage of Saint Lucia's coastline is classified as protected by coral reefs	Saint Lucia	English	National	D	Trends in benefits from ecosystem services	None
Singapore Index on City Biodiversity - City Biodiversity Index	Singapore	English	National	A	Trends in biodiversity of cities	Number of cities applying and reporting on the Cities Biodiversity Index
Area and percentage of Singapore's land requirements by land use types	Singapore	English	National	B	None	
List of invasive/exotic species	Singapore	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Distribution of improved nature areas	Singapore	English	National	C	None	
native plants propagated since 2010	Singapore	English	National	C	None	
Number and description of possible extirpated species	Singapore	English	National	C	None	
Number of marine invertebrate species by taxa	Singapore	English	National	C	None	
Population of vulnerable species, banded leaf monkey	Singapore	English	National	C	None	
Species diversity: number of species extant (native and non-native) for various taxa and change from the 4th Nationalreport	Singapore	English	National	C	None	
Number of species newly discovered, new records, and rediscoveries since Comprehensive Marine Biodiversity Survey in 2010	Singapore	English	National	E	None	
Coral reefs shoreline protection cost - per km2 reef per year	Solomon Island	English	National	B	None	
Log Export by province	Solomon Island	English	National	B	None	
Number of freshwater insects and fish species (with insect endemism)	Solomon Island	English	National	B	None	
Number of species, families and genera of fish	Solomon Island	English	National	B	None	
Percentage change of merchantable forest 2010- 2011	Solomon Island	English	National	B	None	
Percentage of people are smallholder farmers	Solomon Island	English	National	B	None	
Percentage of Solomon Islands are considered suitable for commercial exploitation	Solomon Island	English	National	B	None	
Percentage of the informal sector trade of Betel nut	Solomon Island	English	National	B	None	
Rate of deforestation change Perc	Solomon Island	English	National	B	Trends in extent of forest	Trends in tree cover
Remaining Merchantable Forest Area by province	Solomon Island	English	National	B	None	
Round log exports - million cubic meters (2008-2011)	Solomon Island	English	National	B	None	
Seaweed production and Percentage traded	Solomon Island	English	National	B	None	
Summary status of ecosystems	Solomon Island	English	National	B	None	
Value of catch of tuna over time in USD	Solomon Island	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
MPA in EEZ Perc	Solomon Island	English	National	C	None	
Number of bird and insect species (by taxa)	Solomon Island	English	National	C	None	
Number of endemic mammal species	Solomon Island	English	National	C	None	
Number of extinct bird species	Solomon Island	English	National	C	Trends in number of extinctions	Number of species extinctions
Number of known species under threat by taxa	Solomon Island	English	National	C	Trends in extinction risk and populations of species	None
Number of species of Dolphins	Solomon Island	English	National	C	None	
Protected area coverage	Solomon Island	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Reefs in MPA,; Mangroves in MPA, coastal area	Solomon Island	English	National	C	None	
Summary status of taxonomic groups and the key threats - by biomes and biodiversity	Solomon Island	English	National	C	None	
Terrestrial protected areas Perc	Solomon Island	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Annual subsistence estimated of mangroves per household	Solomon Island	English	National	D	None	
Megapodius freycinet egg cost in urban area	Solomon Island	English	National	D	None	
Percentage of proteins are obtained from the coastal biome particularly fish	Solomon Island	English	National	D	None	
Percentage of the Solomon islanders associated with the coastal environment	Solomon Island	English	National	D	None	
Percentage of the total direct value of goods from betel nut coral lime trade	Solomon Island	English	National	D	None	
Percentage of the village houses are built from forest materials and mangroves	Solomon Island	English	National	D	None	
Percentage of biodiversity protection activities comes from official development, NGOs, government & public funds	Solomon Island	English	National	E	None	
Number of participants in the annual Biodiversity Planning Forum	South Africa	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Number of people visited South Africa's NationalParks	South Africa	English	National	A	None	
Participation in the annual Biodiversity Information Management Forum	South Africa	English	National	A	Trends in public engagement with biodiversity	No specific indicators identified
Strategic water source areas are recognised in the NationalWater Resource Strategy as Nationalassets that are vital for water security	South Africa	English	National	A	None	
Analysis of threats facing plant species in South Africa, based on the Red List of South African Plants. (number of plants affected by each threat)	South Africa	English	Global	B	None	
Biodiversity priority areas sensitive to the impacts of mining, categorised into four categories to guide planning and decision-making in the mining sector	South Africa	English	National	B	None	
Ecosystem threat status by coastal and inshore vs. offshore habitat types	South Africa	English	National	B	None	
Ecosystem threat status for river ecosystem types, by river slope category	South Africa	English	National	B	None	
Number of alien marine species known to occur on South Africa's coast are invasive	South Africa	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Number of households practising in subsistence fishing	South Africa	English	National	B	None	
Number of rhino deaths due to poaching - trend 2007-2013	South Africa	English	National	B	None	
Percentage of estuaries not protected at all	South Africa	English	National	B	None	
Percentage of river length in good ecological condition (natural or near-natural), for main rivers and tributaries	South Africa	English	National	B	None	
Percentage of South Africa's coastline has some form of development within 100m of the shoreline	South Africa	English	National	B	None	
Percentage of South Africa's estuary ecosystem types threatened	South Africa	English	National	B	None	
Percentage of South African freshwater for irrigation and processing purposes by primary agriculture	South Africa	English	National	B	None	
Percentage of the flow from South Africa's 20 largest catchments no longer reaches the estuaries	South Africa	English	National	B	None	
Percentage of total annual runoff water consumed by invasive alien species	South Africa	English	National	B	Trends in impacts of invasive alien species on ecosystems	No specific indicators identified
Summary of ecosystem threat status across terrestrial and aquatic environments	South Africa	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Biodiversity priority areas in South Africa.	South Africa	English	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Ecologically and Biologically Significant Areas (EBSAs) in South Africa's marine environment	South Africa	English	National	C	None	
Ecosystem protection levels by coastal and inshore vs. offshore habitat types	South Africa	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Growth rate Percentage of southern white rhinoceros (Ceratotherium simum simum)	South Africa	English	National	C	None	
Number and area of provincial protected areas declared in 2013	South Africa	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Number of new Ramsar sites designated	South Africa	English	Global	C	None	
Number of World Heritage Sites	South Africa	English	Global	C	None	
Numbers of known species in South Africa for major groupings of living organisms.	South Africa	English	National	C	None	
Percentage extent of land-based protection (2011-2013)	South Africa	English	National	C	None	
Percentage of southern white rhinoceros (Ceratotherium simum simum) occurring in SA	South Africa	English	National	C	None	
Proportion of threatened species for those taxonomic groups that have been comprehensively assessed, based on the most recent available Red Lists	South Africa	English	Global	C	Trends in extinction risk and populations of species	None
Protected areas and conservation areas in South Africa, including Transfrontier Conservation Areas with neighbouring countries	South Africa	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Summary of ecosystem protection level across terrestrial and aquatic environments	South Africa	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Summary of species status in South Africa, for those groups that have been comprehensively assessed	South Africa	English	National	C	None	
UNESCO designated biosphere reserves	South Africa	English	Global	C	None	
commercial fisheries in marine habitats value and people employed	South Africa	English	National	D	None	
Ecosystem service worth to the Western Cape Province deciduous fruit industry	South Africa	English	National	D	Trends in benefits from ecosystem services	None
Game ranching including hunting - revenue and jobs created	South Africa	English	National	D	None	
Number of permanent and temporary jobs created by People and Parks Programme	South Africa	English	National	D	None	
Percentage of medicinal species threatened	South Africa	English	National	D	Trends in extinction risk and populations of species that provide essential services	None
The total value of estuary fisheries and the contribution of estuary fish to the inshore marine fisheries	South Africa	English	National	D	None	
Traditional medicine - number of employed, number of species of it, revenue generated per year, number of people using it as a form of health care	South Africa	English	National	D	None	
Number of community members involved in harvesting and cultivation of indigenous biological resources, processing and packaging of products	South Africa	English	National	E	Trends in which traditional knowledge and practices are respected through their full integration, safeguards and the full and effective participation of indigenous and local communities in the national implementation of the Strategic Plan	Number of local community-based monitoring on traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity
Number of NBSAP activities implemented, by strategic objective	South Africa	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Summary of extent to which NBSAP activities have been implemented, by strategic objective Perc	South Africa	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Multidimensional Poverty in T&T by Administrative Area (2006)	Trinidad and Tobago	English	National	A	None	
Number of PA and education events to promote info on ABS	Trinidad and Tobago	English	National	A	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of species that are under threat from trade in T&T - CITIES	Trinidad and Tobago	English	Global	A	Trends in population and extinction risk of utilized species, including species in trade	None
Stakeholder Perceptions About the Challenges in Mainstreaming Biodiversity and Ecosystem Services in T&T	Trinidad and Tobago	English	National	A	None	
Trinidad and Tobago's Ecological Footprint	Trinidad and Tobago	English	National	A	Trends in use of natural resources and/or related concepts	Ecological footprint
Annual Dry Season Rainfall Totals in Piarco, Trinidad (1975 – 2015)	Trinidad and Tobago	English	National	B	None	
Annual Value of Fish Landings From the Artisanal Fleet	Trinidad and Tobago	English	National	B	None	
Annual Wet Season Rainfall Totals in Piarco, Trinidad (1975 – 2015)	Trinidad and Tobago	English	National	B	None	
Anticipated Sea Level Rise on Grande Riviere Beach in Northeastern Trinidad	Trinidad and Tobago	English	National	B	None	
Area Covered by Plantation Forests in T&T	Trinidad and Tobago	English	National	B	None	
Area of forests in T&T that were converted to other uses increased	Trinidad and Tobago	English	National	B	None	
Area under sustainably managed forests	Trinidad and Tobago	English	National	B	Trends in extent of forest	Progress towards sustainable forest management (indicator for SDG target 15.2)
Assessment of the Biological and Physico-chemical Parameters of Rivers in T&T	Trinidad and Tobago	English	National	B	Trends in nutrient levels	None
Biotic Impairment in Rivers of T&T Based on an Average Score Per Taxon (ASPT) Score	Trinidad and Tobago	English	National	B	None	
Carbon Dioxide Emissions Per Capita for Countries of LAC (2006 and 2011) - World Bank	Trinidad and Tobago	English	Global	B	None	
Caroni Swamp - build development, agricultural, marsh and mangrove area	Trinidad and Tobago	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Caroni Swamp - area covered by marsh decreased 1942 to 2007	Trinidad and Tobago	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Change in the Percentage of Hard Coral Cover in Tobago's Reefs (2010 – 2012)	Trinidad and Tobago	English	National	B	Trends in extent and condition of coral reefs	Trends in proportion of live coral cover
Change in Total Forested Area in Trinidad and Tobago (1970 – 2015)	Trinidad and Tobago	English	National	B	Trends in extent of forest	None
Changes in Hard Coral Cover in Sites Around Tobago (1985 and 2009)	Trinidad and Tobago	English	National	B	Trends in extent and condition of coral reefs	None
Changes in Land Use Between 1991 and 2010	Trinidad and Tobago	English	National	B	None	
Consumption of ozone depleting substance (change 1990-2011)	Trinidad and Tobago	English	National	B	None	
Cumulative Area Burnt in T&T (1998 – 2015)	Trinidad and Tobago	English	National	B	None	
Evolution of T&T's Urban Footprint (1991 – 2010)	Trinidad and Tobago	English	National	B	None	
Fire Affected Habitats/Ecosystems in T&T (1998 – 2010)	Trinidad and Tobago	English	National	B	None	
Forest Cover by Type in T&T as a Percentage of Total Forest Cover	Trinidad and Tobago	English	National	B	Trends in extent of forest	None
Forest Outturn From natural Forests area (2010 – 2014)	Trinidad and Tobago	English	National	B	Trends in extent of forest	None
Forested Area in Trinidad and Tobago by Forest Classes (1970 – 2015)	Trinidad and Tobago	English	National	B	Trends in extent of forest	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Freshwater Withdrawal as a Percentage of Total Renewable Freshwater Resources (1997 – 2011) FAO AQUASTAT	Trinidad and Tobago	English	Global	B	None	
Heavy Metal Index for Aqueous Metals in Rivers Across T&T	Trinidad and Tobago	English	National	B	None	
Historical Reconstruction of GHG Emissions in T&T (1990 – 2012)	Trinidad and Tobago	English	National	B	None	
Lionfish (IAS) densities of individuals have recorded in northeast Tobago	Trinidad and Tobago	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Mean Thalassia testudinum Shoot Density Measured at Monitoring Stations Around T&T between 2002 and 2009	Trinidad and Tobago	English	National	B	None	
nariva Swamp - area covered by marsh decreased 1942 to 2003	Trinidad and Tobago	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Number of aquaculture projects managed in accordance with Globalstandards and best practices	Trinidad and Tobago	English	National	B	Trends in proportion of production of aquaculture under sustainable practices	No specific indicators identified
Number of Fires and Area Burnt in Trinidad (2005 – 2015)	Trinidad and Tobago	English	National	B	None	
Number of IAS identified that are immediate threats -GlobalInvasive Species Database	Trinidad and Tobago	English	Global	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Number of Giant African Snail - IAS	Trinidad and Tobago	English	National	B	None	
Numbers of Invasive Alien Species in T&T	Trinidad and Tobago	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Percentage area accounted by primary forest	Trinidad and Tobago	English	National	B	Trends in extent of forest	None
Percentage Change in Cover of Siderastrea siderea in Tobago Reefs Between 1985 and 2009	Trinidad and Tobago	English	National	B	None	
Percentage Forest cover increase from 2005 to 2012 - GoRTT MDG report	Trinidad and Tobago	English	National	B	Trends in extent of forest	None
Percentage of the mangrove forest area on the west coast of Trinidad is found in the Caroni swamp	Trinidad and Tobago	English	National	B	Trends in extent of natural habitats other than forest	None
Percentage Reduction in Export of Sediment, Nitrates and Phosphates Against a Baseline (no Buffer) for the Caura/ Tacarigua Watershed in Trinidad's Northern Range	Trinidad and Tobago	English	National	B	None	
Percentage reduction in lionfish (IAS) biomass	Trinidad and Tobago	English	National	B	Trends in eradication of priority invasive alien species	None
Previous and Proposed Levels of Threat to Vascular Plants in T&T	Trinidad and Tobago	English	National	B	None	
Projected Climate Suitability for Growing Cocoa in Trinidad Under Different Scenarios	Trinidad and Tobago	English	National	B	None	
Sea Surface Temperatures in T&T (2000 – 2015)	Trinidad and Tobago	English	National	B	None	
Seagrass Communities Around Trinidad and Tabago its Offshore Islands (2001)	Trinidad and Tobago	English	National	B	None	
Sectoral GHG Emissions in T&T (2012)	Trinidad and Tobago	English	National	B	None	
Soil Erosion Values for Different Land use/ Cover Types Found in the Maracas and Caura Valleys, Northern Range, Trinidad	Trinidad and Tobago	English	National	B	None	
Status of Selected Commercial Fish Species in Trinidad and Tobago	Trinidad and Tobago	English	National	B	None	
Surface Water Quality in T&T (1999)	Trinidad and Tobago	English	National	B	None	
Total Carbon Dioxide Emissions for Countries of Latin America and the Caribbean (2006 and 2011) - World Bank	Trinidad and Tobago	English	Global	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Water Quality Parameters at Selected Seagrass Monitoring Stations (2006 – 2009)	Trinidad and Tobago	English	National	B	None	
Insect biodiversity in cocoa estates	Trinidad and Tobago	English	National	C	None	
Levels of Threat to Species in T&T Based on the IUCN Red List Categories	Trinidad and Tobago	English	Global	C	Trends in extinction risk and populations of species	None
Number of Species Considered Threatened in Each Taxonomic Group in Trinidad and Tobago (2015) IUCN Red List	Trinidad and Tobago	English	Global	C	Trends in extinction risk and populations of species	None
Number of Species in T&T (by plant and animal major categories including endemic)	Trinidad and Tobago	English	National	C	None	
Number of species of fish and families on Tobago's reefs	Trinidad and Tobago	English	National	C	None	
Percentage of land and marine spaces protected -GoRTT	Trinidad and Tobago	English	National	C	Trends in area of coastal and marine areas conserved	Percentage of marine and coastal areas covered by protected areas
Percentage of species from natural ecosystems around the country UNEP-WCMC	Trinidad and Tobago	English	Global	C	None	
Percentage of terrestrial area including inland waters protected UNEP-WCMC	Trinidad and Tobago	English	Global	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Protected Areas in T&T (2012) - UNEP-WCMC	Trinidad and Tobago	English	Global	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Seagrass beds in the Buccoo Reef/Bon Accord Lagoon Marine Protected Area extent	Trinidad and Tobago	English	National	C	None	
Carbon sequestration services provided by T&T's forests value [US\$/ha/year, ln]	Trinidad and Tobago	English	National	D	None	
Carbon Stocks in Forests in T&T (1990 – 2010)	Trinidad and Tobago	English	National	D	Trends in carbon stocks within ecosystems	Trends in forest carbon stocks
Coastal ecosystems revenue for recreation and tourism-based activities	Trinidad and Tobago	English	National	D	None	
Coastal protection services provided by coral reefs, mangroves and marshes in revenue - WRI	Trinidad and Tobago	English	Global	D	Trends in benefits from ecosystem services	None
Cost loss per crop cycle due to pollination	Trinidad and Tobago	English	National	D	None	
Direct and indirect economic benefits felt due to Sea Turtles	Trinidad and Tobago	English	National	D	Trends in benefits from ecosystem services	None
Economic Contribution of Pollination to Agricultural Production	Trinidad and Tobago	English	National	D	None	
Estimated Values of Ecosystem Services-Tropical Forests	Trinidad and Tobago	English	National	D	Trends in benefits from ecosystem services	None
Freshwater Abstraction from Different Sources as a Percentage of Total Abstraction	Trinidad and Tobago	English	National	D	None	
Hillsides flood prevention services value	Trinidad and Tobago	English	National	D	None	
Oysters Providing Subsistence Income	Trinidad and Tobago	English	National	D	None	
Percentage increase in tourism in Grand Riviere due to Sea Turtles	Trinidad and Tobago	English	National	D	None	
Percentage of freshwater derived from natural sources (ground and surface water)	Trinidad and Tobago	English	National	D	None	
Percentage of Tagged Cucumber Flowers Developed into Fruits Under Different Exclusion Conditions	Trinidad and Tobago	English	National	D	None	
Soil retention services provided by the forests of the Northern Range of Trinidad value in \$\$ and as Percentage of central govt annual revenue	Trinidad and Tobago	English	National	D	Trends in benefits from ecosystem services	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Tourism industry impacted (\$ value) by the excessive beaching of Sargassum	Trinidad and Tobago	English	National	D	None	
Value of Soil Erosion Prevention Provided by the Forests of Trinidad's Northern Range Watersheds - UNEP	Trinidad and Tobago	English	Global	D	None	
Water purification services value annually	Trinidad and Tobago	English	National	D	None	
A Cost-Benefit Analysis of Various Measures to Adapt to Climate Change in T&T	Trinidad and Tobago	English	National	E	None	
Number of biodiversity research projects undertaken.	Trinidad and Tobago	English	National	E	None	
Number of consultations held in preparing the updated NBSAP.	Trinidad and Tobago	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Amount of productive soil layer eroded	Turkey	English	National	B	None	
Common threats to agricultural biological diversity and steppe ecosystems determined	Turkey	English	National	B	None	
Grasslands and meadows percentage	Turkey	English	National	B	None	
Number of alien species that have settled in the area through migration	Turkey	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Number of wetlands designated as RAMSAR sites	Turkey	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Number of wetlands of interNational significance	Turkey	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Percentage of coastal sand-dunes on the Mediterranean and Aegean coasts are relatively in good condition	Turkey	English	National	B	None	
Percentage of Turkey's soils is affected by erosion to varying degrees	Turkey	English	National	B	None	
Total area of forest ecosystem	Turkey	English	National	B	Trends in extent of forest	None
Total area of grasslands and meadows	Turkey	English	National	B	None	
Angiospermae endemism rate and count	Turkey	English	National	C	None	
Black sea species count	Turkey	English	National	C	None	
Distribution of endemic plants of Turkey based on the phytogeographical regions	Turkey	English	National	C	None	
Endemic and endangered reptile and amphibian species listed	Turkey	English	National	C	Trends in extinction risk and populations of species	None
Faunistic list of certain insect groups by species count	Turkey	English	National	C	None	
Local steppe animal races listed	Turkey	English	National	C	None	
Number of Gymnospermae endemic species	Turkey	English	National	C	None	
Number of micro-gene centres	Turkey	English	National	C	None	
Number of endemic species for other plant families	Turkey	English	National	C	None	
Number of endemic species under IUCN threat criteria	Turkey	English	Global	C	Trends in extinction risk and populations of species	None
Number of ferns at species and subspecies level determined (including number of endemic species)	Turkey	English	National	C	None	
Number of fish species in each of the surrounding water bodies	Turkey	English	National	C	None	
Number of fish taxa belonging to inland waters ecosystems	Turkey	English	National	C	None	
Number of genera horticulture	Turkey	English	National	C	None	
Number of identified bird species, including endangered species number	Turkey	English	National	C	Trends in extinction risk and populations of species	None
Number of known lichen species	Turkey	English	National	C	None	
Number of species for Turkish fauna	Turkey	English	National	C	None	
Number of variety of grains in the country	Turkey	English	National	C	None	
Percentage and size of Protected Areas on land and marine	Turkey	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Protected Areas - Number and area (ha)	Turkey	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Taxon numbers of Species and Subspecies of various animal categories, endemism situation, number of rare and endangered species, extinct species	Turkey	English	National	C	Trends in extinction risk and populations of species	None
Taxon numbers of species and subspecies of various plant groups; endemism, rare and endangered species, extinct species	Turkey	English	National	C	Trends in extinction risk and populations of species	None
Total number of known bird species in the country	Turkey	English	National	C	None	
Ngorongoro Conservation Area Authority, Tanzania National Parks Authority and number of tourists visited	United Republic of Tanzania	English	National	A	None	
Number and Percentage of villages engaged in Participatory Forest Management	United Republic of Tanzania	English	National	A	None	
Number of culprits arrested every year for poaching	United Republic of Tanzania	English	National	A	None	
Number of dams and major dams in the country listed	United Republic of Tanzania	English	National	A	None	
Percentage of country's energy consumption and power supply from forests and hydropower, respectively	United Republic of Tanzania	English	National	A	None	
Amount of fish sustainable yield harvest obtained per km <sup>2</sup> of coralline areas in depth of less than 30m	United Republic of Tanzania	English	National	B	Trends in fishing practices	Coverage of fisheries with management measures to effectively manage bycatch and reduce discards
Causes (Perc) of elephant deaths inside the National Parks	United Republic of Tanzania	English	National	B	None	
Coastal and marine ecosystems cover	United Republic of Tanzania	English	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
Comparison of number of dead animals counted along Katuma River between dry and wet seasons	United Republic of Tanzania	English	National	B	None	
Drought resulting in decreased water levels in dams used for hydropower - estimated cost & Percentage of GDP	United Republic of Tanzania	English	National	B	None	
Forest cover loss Percentage and annual rate loss	United Republic of Tanzania	English	National	B	Trends in extent of forest	None
Inland water ecosystems Percentage ; wetlands, freshwater lakes, rivers and their catchment areas	United Republic of Tanzania	English	National	B	Trends in extent of natural habitats other than forest	Natural habitat extent (land area minus urban and agriculture)
km of the country's continental shelf containing coral reefs and area cover, including Percentage of the total area of territorial sea	United Republic of Tanzania	English	National	B	Trends in extent and condition of coral reefs	None
Land area and total Percentage of forest	United Republic of Tanzania	English	National	B	Trends in extent of forest	Forest area as a percentage of total land area (indicator for SDG target 15.1)
Mangroves loss over 1980-2010	United Republic of Tanzania	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Miombo woodlands cover, Percentage miombo woodlands lost since the 1990s	United Republic of Tanzania	English	National	B	None	
Montane forests - contributing forest cover Percentage and area	United Republic of Tanzania	English	National	B	Trends in extent of forest	None
Number of Beach Management Units (BMUs) established	United Republic of Tanzania	English	Global	B	None	
Number of cryptogenic and introduced species recorded	United Republic of Tanzania	English	National	B	None	
Number of different wetlands ecosystems	United Republic of Tanzania	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Number of ponds for tilapia established under aquaculture	United Republic of Tanzania	English	National	B	None	
Number of trees planted 2007 - 2012 and Percentage of trees survived	United Republic of Tanzania	English	National	B	None	
Percentage decrease in dry season flow in Mara River since 1972	United Republic of Tanzania	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Percentage of Tanzania's land area are also experiencing continued deforestation	United Republic of Tanzania	English	National	B	Trends in extent of forest	Trends in tree cover
Percentage of the total cultivated land is planted with certified seeds of improved cultivars	United Republic of Tanzania	English	National	B	None	
Percentage of the total land area designated as forest and wildlife protected areas	United Republic of Tanzania	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Percentage of the total land area harbouring associate species of molluscs, crustaceans, echinoderms and fish	United Republic of Tanzania	English	National	B	None	
Percentage of total surface area to forest, wildlife and marine protected areas	United Republic of Tanzania	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Reported human mortality and injuries caused by elephants, 2007-2009 as a result of human-elephant conflict	United Republic of Tanzania	English	National	B	None	
Reported Invasive Alien Species (IAS) of different categories including plant pathogens, pests, aquatic and terrestrial weeds, animals and trees	United Republic of Tanzania	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Sewerage systems cover Percentage and collection of solid waste trend in urban area	United Republic of Tanzania	English	National	B	None	
Status and trends of mangroves coverage area, 1980-2010	United Republic of Tanzania	English	National	B	Trends in extent of natural habitats other than forest	Change in the extent of water-related ecosystems over time (indicator for SDG target 6.6)
Trend of annually burned area in Tanzania from 2000-2011	United Republic of Tanzania	English	National	B	None	
Trends of various land cover in Tanzania, 1990-2010	United Republic of Tanzania	English	National	B	None	
Categories of protected areas under wildlife conservation	United Republic of Tanzania	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Chagga home gardens - Numbervascular plant species & varieties of bananas	United Republic of Tanzania	English	National	C	None	
elephant numbers 2006 & 2009	United Republic of Tanzania	English	National	C	None	
Elephants death in Tanzania Nationalparks 2008-2011	United Republic of Tanzania	English	National	C	None	
Flora and fauna - known species and plant species Perc	United Republic of Tanzania	English	National	C	None	
Gazetted Marine Protected Areas Percentage and cover	United Republic of Tanzania	English	National	C	Trends in area of coastal and marine areas conserved	Coverage of protected areas in relation to marine areas (indicator for SDG target 14.5)
Number of crop germplasm conserved Nationally, total germplasm collected in the country conserved in interNationalgene banks	United Republic of Tanzania	English	National	C	Trends in genetic diversity of cultivated plants	Number of plant genetic resource for food and agriculture surveyed/inventoried
Number of endemic species of amphibians, lizards, snakes and bird	United Republic of Tanzania	English	National	C	None	
Number of Important Bird Areas (IBAs) and cover	United Republic of Tanzania	English	Global	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
Number of some of the known and confirmed species for major taxonomic groups in Tanzania	United Republic of Tanzania	English	National	C	None	
Number of species of corals, invertebrates, fish, marine turtles, seaweeds and marine birds	United Republic of Tanzania	English	National	C	None	
Number of species of mammals, birds, amphibians and reptiles - IUCN Red list 2013	United Republic of Tanzania	English	Global	C	Trends in extinction risk and populations of species	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Number of total known and confirmed species in the country	United Republic of Tanzania	English	National	C	None	
Number of Wildlife Management Areas, cover and Percentage of wildlife protected area	United Republic of Tanzania	English	Global	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Out of the total IBAs, Percentage in protected areas, only Percentage with part of their areas protected, Percentage with no legal protection	United Republic of Tanzania	English	Global	C	Trends in areas of particular importance for biodiversity conserved	Protected area coverage of Key Biodiversity Areas (including Important Bird and Biodiversity Areas, Alliance for Zero Extinction sites)
Percentage of Africa's large mammals in Tanzania	United Republic of Tanzania	English	National	C	None	
Percentage of its surface area to protected areas where wildlife co-exist with humans	United Republic of Tanzania	English	National	C	None	
Percentage of land area devoted to wildlife conservation in protected areas where no human settlement is allowed	United Republic of Tanzania	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Percentage of the conserved germplasm Nationally, land races or traditional cultivars and Percentage collected from the wild	United Republic of Tanzania	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Percentage of the livestock population is of indigenous types, which are known for their low genetic potential in milk and meat production	United Republic of Tanzania	English	National	C	Trends in genetic diversity of socio-economically as well as culturally valuable species	No specific indicators identified
Percentage of the world's wild coffee varieties, and Percentage of the famous African violet flowers	United Republic of Tanzania	English	National	C	None	
Proportion of threatened species for major taxonomic groups based on the IUCN Red List	United Republic of Tanzania	English	Global	C	Trends in extinction risk and populations of species	None
Proportion of threatened species in Lake Victoria	United Republic of Tanzania	English	National	C	Trends in extinction risk and populations of species	None
Proportions of endemic species for some of the major taxonomic group	United Republic of Tanzania	English	National	C	None	
Protection level of different ecosystems in Tanzania	United Republic of Tanzania	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas and or marine and coastal areas covered by other effective area-based conservation measures
Ramsar sites Percentage of inland water system	United Republic of Tanzania	English	Global	C	None	
Status Percentage of wildlife corridors in the country	United Republic of Tanzania	English	National	C	None	
Trend of threatened species in Tanzania, 2000-2013 - IUCN Red list	United Republic of Tanzania	English	Global	C	Trends in extinction risk and populations of species	None
Agriculture, livestock, forestry, and fisheries combined contribution to Percentage of GDP, Percentage of total employment and Percentage of the total export earnings	United Republic of Tanzania	English	National	D	None	
Ecosystem services provided by the Eastern Arc Mountains - by sector	United Republic of Tanzania	English	National	D	Trends in benefits from ecosystem services	None
Ngorongoro Conservation Area Authority, Tanzania National Parks Authority earnings	United Republic of Tanzania	English	National	D	None	
Number of livestock and cattle evicted from Ihefu wetland (about 150 km <sup>2</sup> ) in 2006/2007 for regeneration and restoration purposes	United Republic of Tanzania	English	National	D	None	
Number of people earn their livings from mangrove resources	United Republic of Tanzania	English	National	D	None	
Number of people employed by fisheries and fisheries related activities, contribution to GDP	United Republic of Tanzania	English	National	D	None	
per capita fish consumption Percentage of animal protein consumption in Tanzania is from fish	United Republic of Tanzania	English	National	D	None	
Percentage of Nyumba ya Mungu households derive their income and food from the wetland resources	United Republic of Tanzania	English	National	D	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Total Economic Value (TEV) of catchment forest reserves	United Republic of Tanzania	English	National	D	Trends in benefits from ecosystem services	None
Trend of revenues accrued from Trophy hunting, live animal trade and photographic tourism (2009-2014)	United Republic of Tanzania	English	National	D	None	
Values of the land resources of Tabora region and the main ecosystems services they generate	United Republic of Tanzania	English	National	D	Trends in benefits from ecosystem services	None
Analysis of extent of implementation of the NBSAP - Percentage of priority actions	United Republic of Tanzania	English	National	E	Trends in development, adoption and implementation of national biodiversity strategies and action plans, as policy instruments	Number of countries with NBSAPs adopted as policy instruments
Percentage of the cultivated land consists of traditional subsistence farming systems	United Republic of Tanzania	English	National	E	Trends in the practice of traditional occupations (decision X/43)	No specific indicators identified
Tanzania Forest Services (TFS), Tanzania Forest Fund and government collection in billion shillings	United Republic of Tanzania	English	National	E	None	
Cases attended of illicit traffic of biodiversity	Venezuela	Spanish	National	A	Trends in population and extinction risk of utilized species, including species in trade	Proportion of traded wildlife that was poached or illicitly trafficked (indicator for SDG target 15.7)
Creation of Conservation Committees	Venezuela	Spanish	National	A	Trends in development and application of incentives that promote biodiversity conservation and sustainable use	None
Establishment of community plant nurseries for educational, civic-military purposes	Venezuela	Spanish	National	A	None	
Establishment of school vegetable gardens	Venezuela	Spanish	National	A	None	
Number of participants in capacity training events	Venezuela	Spanish	National	A	None	
Number of professionals hired in the Multidisciplinary Teams of Knowledge program	Venezuela	Spanish	National	A	None	
Number of professionals trained in agroecology and agroecological engineering	Venezuela	Spanish	National	A	None	
Number of species trafficked and illegally traded in the SVIDB	Venezuela	Spanish	National	A	Trends in population and extinction risk of utilized species, including species in trade	Proportion of traded wildlife that was poached or illicitly trafficked (indicator for SDG target 15.7)
Workshops and meetings carried out with themes of biodiversity and conservation	Venezuela	Spanish	National	A	None	
National deforestation rate	Venezuela	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Forest cover	Venezuela	Spanish	National	B	Trends in extent of forest	Trends in tree cover
Number of exotic species introduced into the SVIDB	Venezuela	Spanish	National	B	Trends in the numbers of invasive alien species introduction and establishment events	Trends in the numbers of invasive alien species introduction events
Number of sustainably harvested species in the SVIDB	Venezuela	Spanish	National	B	Trends in proportion of production of aquaculture under sustainable practices	No specific indicators identified
Caimans liberated by state (Orinoco Basin)	Venezuela	Spanish	National	C	None	
Changes in spatial distribution & conservation status of mammals in Venezuela	Venezuela	Spanish	National	C	None	
Number of Areas Under Special Administration in the SVIDB	Venezuela	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Number and extent of important sites for biodiversity that are covered by other effective area-based conservation measures
Number of endangered species in the SVIDB	Venezuela	Spanish	National	C	Trends in extinction risk and populations of species	None
Prioritized Coastal Marine Protected Areas	Venezuela	Spanish	National	C	Trends in area of coastal and marine areas conserved	Coverage of protected areas in relation to marine areas (indicator for SDG target 14.5)
Protected area	Venezuela	Spanish	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Released Coastal Caimans	Venezuela	Spanish	National	C	None	
Seed exhibition	Venezuela	Spanish	National	C	Trends in genetic diversity of cultivated plants	None
Specimens of sea turtles released by species	Venezuela	Spanish	National	C	None	
Specimens of terrestrial turtles released by species	Venezuela	Spanish	National	C	None	
Statistics of the Caiman crocodilus harvesting programme	Venezuela	Spanish	National	C	None	
Statistics of the hydrochaeris hydrochaeris exploitation program	Venezuela	Spanish	National	C	None	
Successful seed reproduction cases	Venezuela	Spanish	National	C	Trends in genetic diversity of cultivated plants	None

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Assessment of agricultural diversity per family	Venezuela	Spanish	National	C	Trends in genetic diversity of cultivated plants	None
Number of species impacting human health in the SVIDB	Venezuela	Spanish	National	D	None	
Number of species that impact agricultural and forestry production in the SVIDB	Venezuela	Spanish	National	D	None	
Biological Collections	Venezuela	Spanish	National	E	None	
Number of actors in biodiversity conservation by category in the SVIDB	Venezuela	Spanish	National	E	None	
Successful administrative management cases of access to genetic resources	Venezuela	Spanish	National	E	None	
The number of wildlife trafficked by year	Vietnam	English	National	A	Trends in population and extinction risk of utilized species, including species in trade	Proportion of traded wildlife that was poached or illicitly trafficked (indicator for SDG target 15.7)
Area of water surface (million ha) used for aquaculture over the country from 2000-2010	Vietnam	English	National	B	None	
Change in Vietnam's mangroves from 1943- 2012	Vietnam	English	National	B	None	
Changes in forest area and forest coverage in Vietnam (1990 - 2010)	Vietnam	English	National	B	Trends in extent of forest	None
Current status of forest area and forest coverage in 2010	Vietnam	English	National	B	Trends in extent of forest	None
Decrease in average coverage of coral in the monitored sites along some Vietnam's coastal areas	Vietnam	English	National	B	Trends in extinction risk and populations of coral and coral-reef dependent species	None
Forecast of demand for some major timber product	Vietnam	English	National	B	None	
Forest land (ha) converted into infrastructure development 2007- 2012	Vietnam	English	National	B	None	
Ha Tinh and Ninh Thuan area of coastal sandy ecosystem recorded pre-erosion	Vietnam	English	National	B	None	
Land conversion - percentage of agricultural land loss to urban and industrial sites	Vietnam	English	National	B	None	
Land conversion of 'poor' (natural) forest to rubber plantation by site.	Vietnam	English	National	B	None	
List of known invasive exotic species	Vietnam	English	National	B	Trends in identification and prioritization of invasive alien species	No specific indicators identified
Number of deforestation violations between 2008-2012	Vietnam	English	National	B	None	
Number of flash floods 1990-2010	Vietnam	English	National	B	None	
Percentage of seagrass habitat by site	Vietnam	English	National	B	None	
Progress in forest cover (2000-2012)	Vietnam	English	National	B	Trends in extent of forest	None
The volume of timber confiscated by year	Vietnam	English	National	B	None	
Thi Tinh River Pollutant count	Vietnam	English	National	B	Trends in nutrient levels	None
Total biomass of the pelagic fishery	Vietnam	English	National	B	None	
Centres of Ex-situ plants conservation over the country	Vietnam	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Institutes participating in agricultural genetic resource	Vietnam	English	National	C	None	
Number and Area of PAs	Vietnam	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Vietnam Red List (2007): Classification of threatened status and number of species	Vietnam	English	National	C	Trends in extinction risk and populations of species	None
Vietnam's National system of Marine Protected Areas	Vietnam	English	National	C	Trends in area of coastal and marine areas conserved	Coverage of protected areas in relation to marine areas (indicator for SDG target 14.5)
Wetland sites of National and international importance by geographical distribution - number and area, 2009	Vietnam	English	National	C	Trends in areas of particular importance for biodiversity conserved	None
Carbon storage estimate of natural forest by region	Vietnam	English	National	D	Trends in carbon stocks within ecosystems	Trends in forest carbon stocks
Income from tourism in NationalParks, 2011 (unit: million Vietnam Dong (VND))	Vietnam	English	National	D	None	
Total carbon stock estimated in mangroves in Kien Giang	Vietnam	English	National	D	None	
Important Bird Areas (IBAs) surface area and percentage	Zimbabwe	English	Global	A	None	
Park arrivals and tourism receipts 2009 to 2012	Zimbabwe	English	National	A	None	
Area affected by veld fires, including indigenous forest area burnt	Zimbabwe	English	National	B	None	
Areas under various land uses in Zimbabwe	Zimbabwe	English	National	B	None	

Use of Biodiversity Indicators in Fifth National Reports to the Convention on Biological Diversity - Table S1

Indicator	Country	Language	Spatial Scale	Goal	Generic AHTEG	Specific AHTEG
Crocodile skins exports, 2003-2012	Zimbabwe	English	National	B	None	
Distribution of forests and woodlands in different land tenure categories in Zimbabwe	Zimbabwe	English	National	B	Trends in extent of forest	None
Distribution of the alien invasive - Lantana camara and Opuntia spp. mapped	Zimbabwe	English	National	B	Trends in the distribution and populations of invasive alien species	No specific indicators identified
Forest biodiversity coverage percentage by woodlands, bushlands and wooded grasslands	Zimbabwe	English	National	B	None	
Land cover changes between 1992 and 2008	Zimbabwe	English	National	B	None	
Levels of animal poaching reported in ZPWMA annual reports	Zimbabwe	English	National	B	None	
List of wetlands designated as RAMSAR sites	Zimbabwe	English	Global	B	Trends in extent of natural habitats other than forest	Wetland extent
Percentage of deforestation attributed to tobacco farming	Zimbabwe	English	National	B	None	
Trend in catch per unit effort (CPUE) of kapenta obtained from Zimbabwean waters of Lake Kariba. CPUE in tonnes per boat night	Zimbabwe	English	National	B	None	
Veld fire incidents 2000-2013 (hectares)	Zimbabwe	English	National	B	None	
Veld fire occurrences and land use categories affected in 2013	Zimbabwe	English	National	B	None	
Wetland surface area and coverage	Zimbabwe	English	National	B	Trends in extent of natural habitats other than forest	Wetland extent
Zimbabwe's gazetted forests	Zimbabwe	English	National	B	Trends in extent of forest	Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected areas, by ecosystem type (indicator for SDG target 15.1)
Crop biodiversity in Zimbabwe listed with Number of released varieties on the market and Companies producing crop varieties	Zimbabwe	English	National	C	None	
Germplasm conserved at the National Gene Bank of Zimbabwe as of April 2014	Zimbabwe	English	National	C	Trends in development and implementation of strategies for minimizing genetic erosion and safeguarding genetic diversity	None
Number of species in landscape and aquatic ecosystem	Zimbabwe	English	National	C	None	
Population trends of major livestock species between 2000 and 2013	Zimbabwe	English	National	C	None	
Predicted potential distribution of Opuntia fulgida based on the maximum entropy model	Zimbabwe	English	National	C	None	
Protected area Percentage	Zimbabwe	English	National	C	Trends in area of terrestrial and inland water areas conserved	Percentage of terrestrial and inland water areas covered by protected areas
Status of threatened bird species of Zimbabwe in 2010 and 2014	Zimbabwe	English	National	C	Trends in extinction risk and populations of species	None
Trends in selected mammal species in some protected areas of Zimbabwe	Zimbabwe	English	National	C	None	
Amount of dollars contributed via export earning of game products	Zimbabwe	English	National	D	None	
Estimated income from safari hunting in gazetted forests	Zimbabwe	English	National	D	None	
Revenue from use of protected areas 2009 to 2012	Zimbabwe	English	National	D	None	
Trends in hunting revenue from CAMPFIRE districts	Zimbabwe	English	National	D	None
