### Questionnaire

Dear Colleague,

As you may be aware, there has been some drive in recent years to try to improve the care delivered to mentally ill prisoners. However, it remains unclear exactly what is available.

It seemed to me that the first step was to identify the psychiatrists and other professionals working within prisons as a regular part of their clinical work, and what sort of team they operated within.

I would be grateful if you could answer these simple questions, which will give me a rough idea of the profile of your service. You won't need to spend more than 5–10 minutes doing this.

<b>Which prisons does your team visit?</b>	
1	
2	
3	
4	
5	
<b>Do you have a psychiatrist as part of your team? Please give grades of permanent doctors, their accredited specialty and training year (ST4, etc) of training grade doctors.</b>	
1	
2	
3	
4	
<b>For each prison above how many sessions of psychiatry time are there? A session is a 3-4 hour period of clinical work in the morning or afternoon.</b>	
1	
2	
3	
4	

What clinical professions make up your team?	
	Number of Whole Time Equivalents
Nurse? SW? OT? Psychologist? Psychiatrist? Counsellor/therapist? Support time recovery worker? Graduate worker?	
For each prison above, how many sessions a week <u>in total</u> do non-medical staff from your team visit the prison?	
1	
2	
3	
4	
Finally, does your service offer any training to prison staff? If so, what?	

Thank you very much.
