

***Detroit URC & University of Michigan Poverty Solutions Community-Academic Grant Program:
Project Questionnaire***

The purpose of this brief survey of participants from [Round #] of our Poverty Solutions Community-Academic Grant Program funding is to understand to what extent seed funding impacts grantee partnerships beyond the conclusion of the funding period. Your participation is voluntary and completing the survey indicates your consent. Your answers will be kept confidential, and the results will be reported in summary form in such a way that no individual participant can be identified. The questionnaire takes approximately 10 minutes and can be saved and continued if you're unable to complete it in one sitting. We greatly appreciate your responses to this questionnaire.

Q1. Which of the following describe the status of the partnership that was supported by the Community-Academic Grant Program? Check all that apply:
